### War Ends Tomorrow

Berlin, Nov. 10. The European war will end tomorrow, says a postcard from a German soldier in the Vosges. Germany's last great war was in 1870-71. Peace was concluded May 10, 1871. Add 1870 to 1871 and you get 3741. Add the first two figures, 3 and 7, and you get 10. Add the last two and you get 5, meaning—10-5-71.

This war began in 1914-1915. Add 1914 and 1915 and you get 3829. Add the first two figures and you get 11. Add the last two and you get 11, meaning that peace will come on 11-11-15.—Ex.

## HIGH SCHOOL DEBATERS MET

Make a Selection of the Question for the Ninth Annual League Debate

The Nebraska High School Debating League, at the annual meeting held in Omaha last week, voted to submit to the members of the league the proposition of changing the question for ninth annual league debates from "Resolved, That the Interests of Civilization Demand Disarmament Rather than Armament," to the question, of whether or not the recommendations of the secretary of war and the secretary of the navy as to increase in armament should be adopted.

### Professor Popes' Announcement

That woe-begone look that now decorates the countenances of the erstwhile happy laws is not due to the fear that Kansas will beat the Cornhuskers as might be supposed, but is the natural consequence of Professor Pope's announcement that the property mid-semester will be held tomorrow.

The Kosmet Klub announces the pledging of Harvey F. Nelson, '16, of Omaha.

## BRYAN PRIZE UNCONTESTED

Therefore the Funds Have Accumulated—Conditions of the Prize Stated Below

The Bryan prize essay contest has not been participated in for the last two years, so that now there is enough accumulated interest on the fund to give the winner a worthy prize. There is no final decision yet made in regard to the subject to be used. Students who wish to try for the prize may consult Professors Howard, Le-Rossignol or Caldwell, in regard to their preferences. The following topics are suggested: "Military Preparation," "Immigration," "Ship Subsidies," "Commission System of City Governments." If the students make no decision within a few days the faculty committee will decide on the topic.

The conditions in general may be summarized as follows: The prize is open to Juniors and Seniors only; the essay shall not be less than 3,000 or more than 6,000 words. Three typewritten copies are to be presented to the chancellor not later than May 1. The essays are to be presented without a name; the name to be given to the chancellor in a separate envelope with a number corresponding to the one on the essay.

## HUSKERS HAVE A HARD SCRIMMAGE

VARSITY AND FRESHMEN CLASH ON A MUDDY FIELD

## JAYHAWKER HOPES RUN HIGH

Cornhuskers Will Have the Hardest Battle of the Season Next Saturday, is Predicted—No Chance to Sluff

Coach Stiehm is giving the Huskers the hardest workout of the season in preparing to meet the ambitious Jayhawkers at Lawrence next Saturday.

Yesterday afternoon the Varsity and Freshmen were put through a tough scrimmage practice, which lasted for an hour and a half, after which the Varsity and scrubs clashed till dark. With a mammoth crowd expected to witness the annual contest between the Jayhawkers and the Huskers next Saturday, the former are leaving no stone unturned which will help them to make this great homecoming game a victorious one.

Although the field was wet, the Huskers were not allowed to let up in their scrimmage practice, but were driven all the harder by Stiehm and his assistants. The Freshmen showed up well against the Varsity men, although they were unable to make any touchdown.

The Jayhawk is out for blood this time and he will be no easy prey to the Huskers, like he was last year. Any Cornhusker who expects to enter the game and run away with the score has something yet to learn about the aggregation Kansas has in store for them. Kansas is very enthusiastic over her prospects and expects to show the Huskers one of the hardest fights of her life.

## NOTICE

### Inconsistent Leanings

To lean on a hot radiator and then swear when you get burned in the middle of the back.

To lean carelessly against the doors in a street car and then swear when the con thoughtlessly opens your support and drops you neatly into the street.

To lean on a rubber cane.

To get lean worrying.—Daily Illini.
