COMPLETE SEEDLING MILE.

Buffalo County Has a New Paved Roadway.

Kearney.—The Lincoln highway seedling mile, constructed of concrete, was completed last week on schedule time. The roadway is sixteen feet in width and of excellent construction, running past the state tuberculosis hospital and adjoining the state industrial school. It is laid in the most attractive part of the country on a beautiful thoroughfare. It is planned to erect electroliers at the ends of the mile and also to build a concrete bridge across the waste weir from the electric power house, which will be lighted at night by electricity.

Democrats to Gather at Lincoln.

Lincoln, Neb.—A monster democratic banquet, where candidates for senator, for representative and for state offices may present their views of democratic party policy to the public, is the plan of the Nebraska Democratic Editorial association, whose officers met in Lincoln Wednesday to make arrangements for the coming meeting. The date of the banquet was definitely set for January 11. On that date, the business meeting of the democratic editorial association will be held at 2 o'clock in the afternoon.

Big Increase in Land Value.

Hastings.—E. U. Ward, who came all the way from Chicago to attend a "warming" of his new dairy barn on his 640-acre farm near Juniata, one of the largest and most complete in Nebraska, says he has received \$75,000 cash from one-third of the crops raised on this place which cost him \$4,000 forty years ago. The farm is now valued at \$80,000. Matt Heuertz, present tenant, has cultivated the section continuously for twenty-eight years.

First Auto Evangelistic Trip

Hastings.—The first automobile booster evangelistic excursion ever conducted in Adams county was made when a sixty-eight-mile whirlwind tour of Adams and Webster counties was made by fifteen auto loads of Hastings church workers. Street meetings were held in Juniata, Kenesaw, Holstein, Roseland, Bluehill, Rosemont and Pauline.

Killed by an Explosion.

Humphrey.—Michael Parocki, was instantly killed while repairing a gasoline can in front of his shop. He was soldering the can and fumes were ignited. He was killed when an explosion followed.

Ainsworth.—Potato shipments to date from this point are nearing the 200 car mark. The quality is good. The yield has been from 50 to 150 bushels per acre.

D. Charles Bristol of Homer, Nebr., has agreed to leave his collection of Indian relics in the care of the State Historical society until after the meeting of the next legislature. An effort will be made at that time to secure an appropriation with which to purchase them. The collection is of considerable value. Mr. Bristol has left the relics in the care of the society for some years. Then he proposed

No, Philburt, I am not a-arguing with you. I'm just a-telling you

—when you want a *real* smoke, get behind a pipeful of Tuxedo and watch all the big and little Worries that have been a-besieging you, evacuate their trenches and make a rushin' advance to the rear. Those fragrant whiffs of "Tux" make them feel too joyful—no self-respecting Worry can stand for that.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

The combination of the best smoking-tobacco leaf in the world and the best method ever discovered for refining and mellowing tobacco puts Tuxedo in a class by itself.

Kentucky's ripest, mildest Burley leaf, when treated by the *original* "Tuxedo Process" loses every trace of bite—develops a wonderfully pleasing fragrance and flavor that are not found in any other tobacco.

No other manufacturer knows the "Tuxedo Process"; that's why no imitator ever equals Tuxedo!

to take them on an exhibition tour through the east. He has now agreed to give the society an opportunity to buy the collection.

State Superintendent Thomas returned early Saturday morning from Hebron and Lawrence. At the latter place he attended the dedication of the new high school building, which has

just been completed at a cost of \$20,000. The structure is modern in every particular and has an assembly room which is provided with a fine stage, so that entertainments of all kinds can be put on. The Thayer county institute at Hebron was one of the most successful that Dr. Thomas has ever attended, and every teacher in the county was present.
