**RULES FOR REGISTRATION**

Registrar Greer Issues a Detailed Statement of What is Necessary to Register

The Registrar's office sent out the following registration notice yesterday, which will govern the coming semester's registration:

1. Registration for the second semester of the current year holds from 9 a. m. Wednesday, January 26, to 5 p. m., Saturday, January 29, inclusive. Graduate students and city teachers may register during the week following the regular registration days.

2. In order to register all students are required, in advance of the regular registration days, to secure a numbered ticket to meet the committee on assignment to classes and to register.

3. These tickets are impartially distributed at the Registrar's office without reference to college or class, beginning Wednesday, January 19, and are so given out as not to conflict with examinations.

4. Before calling for assignment and registration ticket each student is asked to consult the examination schedule for two one-hour periods in succession, in which he may be free, without conflict, to meet the committee on assignment to classes and to register.

5. Each ticket entitles the holder to prompt attention during the hour and day of registration week named thereon. Thus the number to be accommodated during a given period is limited.

6. Our aim is to avoid congestion at the opening of the semester. Each student is therefore requested to secure his ticket early. In order to meet promptly the hours named for assignment to classes and for registration each student should consult his assigned advisor previously in his department office—if possible after Wednesday the week before registration. Registration blanks are sent directly to the respective advisers. "Adult Special" students in any college consult the Dean of the College.

7. The student's registration slip of the first semester showing courses and hours should be presented in turn to his adviser and to the committee on assignment to classes. This will aid in rapidly making assignments for the second semester.

8. Men students expecting to be reprieved or excused from military drill for the ensuing semester must consult the commandant before registering. Reprieves and excuses will not be granted after registration unless the reason for the same arises thereafter.

9. Any undergraduate student who does not secure a ticket in advance or fails to present himself in readiness at the hours named on the ticket may be compelled to register the week following the regular registration days, thereby paying the late registration fee of \$3.

10. A change may be made in the schedule without payment of the registration fee if such change is found necessary by reason of failure or condition in a subject carried in the first semester of the current year.

For the second semester Freshmen are required to secure a registration ticket as above stated. Each Freshman may find the name of his adviser on his registration card retained the first semester. All Freshmen should consult advisers in their department offices and have schedules prepared before the week of registration.

All students will observe the following order in registering after securing the assignment and registration ticket above:

1. Adviser in department office in advance of registration days.

2. Stenographers in Memorial hall during registration days to have application made out.

3. (If undergraduate woman) Dean of Women in Armory.

4. Dean of your college in Armory or (if in the College of Arts and Sciences) the registration board.

5. Assistant registrars in Memorial hall.

6. Assignment committee in Memorial hall.

Registrar's office.

Respectfully,

VANCIL K. GREER,

Registrar.

**Book on "Archives of Russia"**

A pamphlet, "Archives of Russia," on anatomy, histology and embryology, by A. S. Dogell, has been received by Prof. R. A. Lyman. It is interesting to know that in spite of the critical condition of Russia, modern science is developed and new discoveries are made.

**EXCHANGES**

Cadet officers of the Iowa State college, yesterday forwarded a petition for pay for officers to the state board of education through President R. A. Pearson.

The petition was written and adopted by the Cadet Officers' association which has been investigating the financial remuneration for officers ranging from \$50 to \$175 per officer per year. In these institutions the cadet corps is admitted to be better officered and better trained than at Iowa State.

No definite amount of compensation was suggested in the petition, but the officers have every reason to believe that the board of education and the faculty are willing to be liberal in order that this cadet corps may compare favorably with the cadet corps of other first class institutions.—Iowa Student.

Georgetown University, of Washington, D. C., has aspirations for its football team. It wants its eleven to make a journey to Havana, Cuba, next New Year's day with the express purpose of exhibiting some high class up to date football to the team representing the University of Havana and incidentally to the Cuban spectators.

The University of Havana has for several years made a practice of playing American football teams on New Year's day, usually at Havana. This last New Year's, however, the Cubans came north and played at Jacksonville, Fla.—Ex.

The University Missourian, the student sheet at the University of Missouri, is all upset over the report that Brewer has been offered the much discussed coaching job at Wisconsin.—Ex.

Tom Shevlin, the Yale football star who died recently, has left \$3,500,000 to his wife and child. Shevlin's life was insured to the extent of over a million and a half.—Ex.

The University of Washington will not contend in athletics with colleges which do not observe the one-year eligibility rule, according to a decision of the board of control. The problem of freshman athletics, now that the first-year men have been barred from varsity competition is still unsolved. There is a motion to have freshmen intercollegiate contests.—Ex.

The enrollment of Columbia is the largest of any university in the world, and exceeds 16,000. At a recent meeting of the trustees it has been decided to institute a new department in the curriculum, a college of business.—Ex.

The varsity debating of Columbia has received a challenge from the University of California to meet them in Los Angeles some time this winter, the expenses of the visitors to be paid both ways across the continent.—Ex.

John McCoy Campbell, aged 16, is

a member of the Oklahoma debating squad which will clash with Colorado in March. It is said that Campbell is one of the youngest university debaters in the country. He carried two decisions out of the state of Kansas when he was 13 years old.—Ex.

Forty students representing various undergraduate organizations at the University of Kansas have voted overwhelming dissatisfaction with the rule of the university senate, which closes dances at 12 o'clock. They also voted to present the resolution which put the closing hour at 1 o'clock on Friday night and 12 o'clock on Saturday night.

Typewritten slips, containing rules of social etiquette and the new dance rules, were distributed. Discussions from all the representatives were given and with one exception they spoke in favor of presenting the student viewpoint to the senate.

All dances have been permitted to last till 2 o'clock, but if the ruling of the senate goes into effect all will close at 12 o'clock, excepting the junior prom, sophomore hop, law scrim and formals, the limits of which will remain at the old hour.—Ex.
