SOPHS MAKE MILRAE JUDKINS VICE-PRES.

Girls Turn Out in Force to Elect Their Candidate

Milrae Judkins, of Upland, was elected vice president of the sophomore class, at a stormy meeting yesterday noon in Law 201. She succeeds William Schoonamacher, who has left school.

When President Beachey Musselman called the meeting to order, it was evident at once that more girls were present than at any previous meeting of the class this year. That they came to elect their candidate was evident when an attempt was made to close the nominations after Carl Graff and Homer Rush had been nominated. Rush and Graff gallantly advised their supporters to vote for the woman. There had been but one other girl officer—Louise Stoll, sergeant-at-arms, until Miss Judkins was elected.

The president announced that the sophomore hop would be given May 9, at one of the local summer resorts.

Loa Howard will spend the weekend in Omaha.

A son was born to Mr. and Mrs. Yale B. Huffman Monday. Mrs. Huffman was formerly Martha Cline, of Kappa Alpha Theta. Mr. Huffman is a member of Delta Upsilon.

AGRICULTURE SCHOOL COMMENCEMENT

Junior Reception Monday—Exercises Thursday, with Carl Vrooman the Speaker

Commencement week for the school of agriculture at the university farm begins Monday, when the juniors will hold a reception for the seniors in Agricultural hall. The fourteenth annual commencement exercises will be held Thursday evening at 8 o'clock in the Temple theatre, when Carl Schurz Vrooman, assistant secretary of the United States department of agriculture, will deliver the address.

Tuesday afternoon at 3 o'clock the senior class day program will be given on the farm campus. On the next day the annual competitive drill of the school of agriculture cadets will be held, commencing at 2:30 p. m.

The graduating class this year is the largest in the history of the school. Many counties of Nebraska, and the neighboring states of Iowa and Kansas, are represented.

PHI DELTS SEND GIFTS TO WAR BROTHERS

CARTON OF TOBACCO GOES TO GERMAN PRISON CAMPS

Members of the Fraternity from Canadian Chapter Fall Into Enemy's Hands

The Nebraska university chapter of Phi Delta Theta will send a carton of smoking tobacco to the Englishmen in the German war prisons who are members of the fraternity. This action is taken in conjunction with the other chapters of Phi Delta, the local society being allowed to decide what shall be sent.

Phi Delta Theta has a number of chapters in Canada. When the call for volunteers came, many of their members responded, and were sent to the battlefields of Europe. There, by the fortunes of war, some of them fell into the hands of their enemies, and were sent to the prison camps.

While the prisoners of modern warfare are treated with much greater consideration than in our own civil war times, yet prison life at best is devoid of the comforts dear to a man's heart. So the national organization of the Phi Deltas sent a call to the chapters throughout the country to come to the aid of their brethren. The response has been generous.

The Nebraska men thought that they could send nothing that would better appeal to the lonesome brothers than some pounds of good old tobacco. So the carton will soon be on its way, going first to the American consul at a German port of entry, and thence to the prison camps.

CALEY CONFIDENT WILL MAKE MONEY

Ready for Curtain on Junior Play—Marguerite Kauffman Collects Clothes

J. Lorin Caley, business manager of the junior play, "The Man of the Hour," can view the rising of the curtain with calm confidence. The advance sale of tickets has been so good that Caley is assured the play will be successful from the business point of view. Caley's novel advertising has succeeded in arousing keen interest in the performance.

Marguerite Kauffman, chairman of the play committee, has at last succeeded in getting hold of a cutaway coat. She has been on a loud hunt for costumes for the men in the play. One of them wears a complete change in each act, and there are four acts.

Dress rehearsal at the Oliver last night was satisfactory both to coach and committee. The curtain rises at 8:15 o'clock.

DR. HARRISON SPEAKS BEFORE PRE-MEDICS

Dr. Paul W. Harrison, the famous medical missionary from Arabia, addressed about sixty medical students last night at the Alpha Sigma Phi house.

He chose as his subject, "The Three Great Medical Opportunities." These three fields are China, India and Arabia. China has absolutely no medical profession at the present time. The founding of such a profession will be a wonderful accomplishment.

WORKIZER-PERSHING COMPET TODAY

The competitive drill between the Pershing and Workizer rifles, which was to have been held yesterday at 4 o'clock, was postponed on account of the weather until 4 o'clock this afternoon. Both companies are working hard to secure the decision. The Pershing rifles have been drilling after supper several times during the past two weeks in addition to their regular drill. Neither have their opponents allowed the grass to grow under their feet.

TRI-DELTA AND ACACIA LEAD IN STUDIES

THETA AND BUSHNELL GUILD FOLLOW CLOSELY

Sororities Improve in Scholarship, While Fraternities Go Down—Pledges Hurt Men

Delta Delta Delta holds first place in scholarship among the sororities, and Acacia among the fraternities for the first semester of 1915-16, according to the standings announced this morning by Executive Dean Carl Eng- berg. The Tri-Deltas are followed closely by Kappa Alpha Theta and Delta Gamma; Acacia by Bushnell Guild and Farm House. The index number for the leading sorority is 277.8, for the lowest, 185.2. The lead- ing fraternity has an index of 257.2; the lowest, 77.2.

Sororities Improve
The index number is found by aver- aging the total number of hours with a figure obtained by giving certain points for grades of above passing, and deducting for grades below pass- ing. The average for the sororities is 249.9, as compared with 238.1 for the first semester last year. This very substantial increase in scholar- ship among the girls, which indicates an average in excess of the average for the non-sorority university women, is not unexpected, as the sororities have displayed an earnestness in study the past year that has never been excelled.

The fraternities, on the other hand, have shown a decrease in scholastic work. The average of 147.7 is ap- parently higher than the average of 143.8 for the same semester last year, but this increase is due to the fact that Farm House and Bushnell Guild, two of the leading organiza- tions in scholarship, are averaged with the fraternities this semester, but were not in 1914-15. Had they been included, the fraternities would be three points lower this year.

The most notable gain in scholar- ship has been made by the Sigma Chi fraternity. From last place in 1914-15, with an average far below the others, the Sigma Chis have climbed to eleventh place, sixth among the national fraternities in the interfrat- ernity council.

The Greek Letter Frats
Pi Kappa Phi, organized last fall, and with a comparatively small mem- bership, is first among the national organizations. Phi Kappa Psi, pres- ent holder of the Hainer scholarship cup for national Greek letter organi- zations, is again at the head of those societies which are eligible for the cup this year, although its average has fallen.

The comparatively poor showing made by the men's societies can be traced directly to their freshmen pledges. This year, 54.8 per cent of the pledges were delinquent, as com- pared to 46.2 per cent last year.

The complete report will be found in another column of this issue of The Daily Nebraskan.
