Professor Getz was delayed in arriving in Lincoln, not reaching here until midnight last night. He will leave late this evening for the university of Kansas.

### THE LEAGUE OF THE SECOND GENERATION

We are quite pleased with the progress of this League is making. It has received the favorable comment of various faculty and alumni members. But we had hoped for a greater response from the students. This organization must necessarily begin with the students. Without their support it will be impossible. Let us know what you think about it, whether you are eligible to membership or not. If you are so eligible, give us your name.
