Viola Florence Barnes, A. B. 1909, A. M. 1910, has been awarded the Currier Fellowship in American History at Yale for next year. She has been given leave of absence from the department of American History, in which she is instructor. Her brother, Donald Barnes, 1915, who was awarded a scholarship at Harvard for this year has been granted the Thayer fellowship in history at Harvard for 1916-1917. Both Miss Barnes and Donald Barnes are members of the Nebraska chapter of Phi Beta Kappa.

**THE REGIMENTAL SUPPER**

Those who have observed military drill this year report a better spirit toward this line of work on the part of freshmen than ever before. There are many reasons why this may be true, but we are inclined to believe that the progress of events has shown that war is not entirely impossible. Years ago freshmen regarded drill as a great task. They considered it useless, as they believed that the world had seen its last great war. But the situation in Europe has shown that drill is not useless.

However that may be, one thing is certain: anything which makes drill a more pleasant occupation, without destroying its usefulness, is to be encouraged. Drill will become less of a

bore if the officers and men were better acquainted. It would be more pleasant if the men were to meet oftener as a regiment at play.

For these reasons we believe that the regimental supper now being planned by the officers is deserving of the support of everyone in the department. It will create a better fellowship; it will make the officers and privates better acquainted with each other as men. We trust that the event will become an annual tradition.

Every officer and every private should buy a ticket to the regimental supper, even if it means some sacrifice.

**Tuxedo**  
The Perfect Pipe Tobacco

**ROBERT T. HOUGH**  
Former Solicitor U. S. Internal Revenue Service.

"When a man finds the right tobacco, a pipe becomes his trusted companion and friend. I have found the right tobacco in Tuxedo. Its mellowness, fragrance and mildness afford perfect enjoyment."

Robert T. Hough

A whole lot of men at one time or another have tried to smoke a pipe—and used the *wrong* tobacco. Result—a hot tongue and "cold feet." Try again with the *right* tobacco—Tuxedo!

Tuxedo has made thousands of happy, contented pipe-smokers because it's so wonderfully mild and cannot burn, bite or blister the tongue or irritate the throat.

The rich, sun-ripened leaf for Tuxedo is aged 3 to 5 years. Then it's treated by the original "Tuxedo Process"—a doctor's discovery—which removes every particle of bite. There are many so-called processes—all are imitations of the "Tuxedo Process"—none has ever even approached the "Tuxedo Process" in making tobacco leaf mild and wholesome.

Try Tuxedo for a week and learn what it means to love your pipe.
