GIRLS BREAK LOCAL UNIVERSITY RECORDS

HELEN HEWITT SETS NEW MARKS IN THROWING

She is Also Individual Point Winner, with Grace Nichols Second, and Julia Quinby Third

University girls' records in the basketball and baseball throw were broken by Helen Hewitt, '19, of Alliance, Neb., at the fifth annual girls' track meet held on Nebraska field yesterday afternoon. The sophomores won over the freshmen in a baseball game by a score of 22 to 9.

Helen Hewitt, '19, all-round winner, won the gold medal, making 16 points; Grace Nichols, '18, won the silver medal with 10 points; Julia Quinby, '18, with 9 points, won the bronze medal, and Rose McCarthy, '18, and Blanche Higgins, '18, tied for fourth place with 8 points each.

A strong Nebraska breeze handicapped the girls somewhat in the baseball throw, otherwise the weather was ideal for a track meet. The girls in their "middies" and bloomers wearing ties and headbands of their class colors made a gala picture on the field. The university cadet band played and the grandstand was filled with about 400 enthusiastic onlookers.

Baseball Game

The sophomores walked away with the freshmen in the baseball game, although the freshmen played a good game. A five-inning game was played, according to indoor baseball rules. Richard Rutherford acted as umpire. Home runs were knocked by Blanche Higgins and May Means for the sophomores, and Ruth Morgan and Helen Hewitt for the freshmen. The final score was 22 to 9 in favor of the sophomores, who will receive trophies.

Robert Young, Convict, Cartoons Junlor Class Play

Robert Young, No. 6712 in the Nebraska state penitentiary, who drew the cartoon of the junior play, "The Man of the Hour," that was given at the penitentiary before its public presentation in Lincoln, is serving a sentence of one to seven years for grand larceny, the alleged crime hav-

ing been committed in Norris county. Young has served but two months of his sentence. With good behavior, and favorable action by the state pardon board, he can secure his release in ten months.

The cartoon contains a note of pathos in the drawing of the hoop-

skirt, seen for the first time by the convicts. Young caricatured himself down in the corner of the drawing. He sent the cartoon, by devious channels, to Ralph Lahr, who had a part in the play, and who gave it to Miss Howell, professor of dramatics, who coached the play.

SELF-GOVERNMENT AND STUDENT LIFE

STUDENT ASSOCIATION CREATES AND CONSERVES OPINION

Charlotte Boden Discusses Influence on Life of University Women

"The Student Self-Government associations wield public opinion which may under proper guidance influence every other group in the university," said Miss Charlotte Boden, at the Girl's club convention meeting Thursday afternoon. "They are a change from the traditional manner in which colleges were handling problems of student life."

The self-government association is the creator and conservator of student public opinion. It creates a general attitude toward a thing, which says, "That sort of thing is not done here." It helps very materially in bringing freshmen into a realization of what is expected of them as university women. As soon as a student gets to a college where there is an effective self-government association his false attitude, which he held in high school, that the teacher is a natural enemy will not even have a chance to get a start, because each student is, as it were, put on his honor to act in accordance with the ideals of the community.

The association teaches young women the best ways which are available to deal with young women and children, in social service.

Develops Social Life

Another important reason for the justification of the self-government association is the aid it affords in developing the independent social life and expanding the means of intercourse, among the young women stu-
