MOVIE ACTORS PLAY SCENES ON CAMPUS

BLONDE AND BRUNETTE BEAUTIES ENACT LOVE PLOTS

Chandler Trimble, '14, Wrote the Scenario Which Won World-Herald Prize

"All right, Toots, hurry!" "Now register hate! Hurry! Hurry! Now shove him! Aw, with both hands! That's it." Students hurrying from their noon classes yesterday wondered what these commands meant that were heard around the campus.

Real moving picture actors had come to the University of Nebraska grounds where some forty odd scenes were to be taken in "filming" the World-Herald prize scenario, "The Young Man's Country," written by Chandler Trimble, '14, and featuring the two Omaha girls, Oline Elasser and Helen McMahon, who won the blonde and brunette beauty contest recently conducted by the newspaper.

The photo-play is to be three reels long and will be shown in the local theatres in about two weeks. The Krug theatre players of Omaha completed the cast. The play is being "filmed" under the direction of William Bittner of Omaha.

Yesterday several scenes were taken in Omaha. While taking a scene at Sixteenth and Farnam streets the strikers, who were making a demonstration there interfered so with the work that the whole scene was spoiled. As a climax several of the actors and directors were mistaken for strikers or union leaders and taken handcuffed to the police station before the mistake was discovered, when the police dispersed the strikers, according to the actors.

No Life of Roses

"It's not a life of roses by any (Continued from page 3)

TENNIS TEAM TO VALLEY TOURNEY

Chatt, Ellis and Gardiner Represent Varsity at Des Moines

The varsity tennis team, Captain Orville Chatt, Harry Ellis and James Gardiner, will leave for Des Moines, Ia., today to compete in the annual Missouri valley intercollegiate tennis tournament. With a record of no defeats this year, and the victories over Ames, Wesleyan, Kansas Aggies and Kansas to their credit, the team is expected to make a very good showing at Des Moines.

Harry Ellis is the only man on the team with previous experience in Missouri valley tournaments. Ellis and Charles Gardiner last year were runners-up in the doubles tournament, which was held at the Country club in this city. The two also made a good showing in the singles.

Chatt and Jimmie Gardiner have been stacking up a mighty good game of tennis this season, and Ellis has been playing in his usual good form. The strength of the teams that will be met is an unknown quantity. "Probably the stiffest opposition to Nebraska will come from Washington university of St. Louis.

Just Why You Should Vote For The Student Council

It has been suggested that we have not sufficiently established the need for the Student Council. We will therefore review the reasons that we believe we have established in former issues of the paper. These matters have been treated at greater length before, but we will review them at the present time that they may be fresh in the minds of those voting at today's election.

1. The adoption of the Student Council will mean that the students have a body to act in their behalf on all occasions. At present, we have many organizations to represent their members as they see fit. Under the proposed system, we will have an organization whose business it is to see that the interests of the student body as a whole are properly cared for,—something that is entirely lacking at the present time.

2. By unifying student life it will create a better Nebraska spirit. While Nebraska spirit has always been a source of pride to all Cornhuskers, the proper institutionalization of student life will add to this. Such is the testimony of other schools. (See issue of May 16.)

3. By being representative of the various departments of the university, it will create a better and more wholesome departmental spirit. The fact that each department will be called upon to select its representatives in the governing body will mean a more perfect and wholesome object for the organization of each department.

4. It will mean the adoption of the Single Tax, which will produce better student activities. The merits of the Single Tax are familiar to every student. But the system cannot properly be carried into effect without a body to do the administrative work. Fur-

thermore, if the system is not adopted at present, the student body will have an organization to represent them in securing its adoption later, as shown in the first reason above.

5. It will mean the adoption of the Student Union, which will produce more democracy among the students. The merits of the Student Union are believed in by all. But we cannot have the Union without an organization to put it into effect.

6. It will mean the creation of a University State, having functions similar to the state at large, thus producing a laboratory in self-government. Our present system teaches the student that the state which educates him is wrong in theory. The Student Council will teach him practical duties in that state of which he must be a citizen after leaving school.

7. The results in other schools justify its adoption here. In the issue of May 16, we published a table showing the operation of Councils in other schools. All schools but one report that the Council has been a decided success. Let's place Nebraska life on a basis of equality with other institutions.

8. It will bring order and unity where now we have disorder and chaos. At present we have matters of importance left to many organizations, existing with different objects and working in different directions. If anything is accomplished for the student body as a whole, it is because by chance some one of these organizations puts aside for the time being its reason for existence and works for the welfare of the school. The adoption of the Student Council will unify this system, providing an organization to represent the student body, without interfering with the purposes of the other organizations.

VOTE TODAY AT

REGISTRAR'S OFFICE

Ballots for the vote of the students on the Student Council, the Single Tax, and a committee of five who shall draw up a Student Council constitution, will be cast at the registrar's office today. Students shall obtain their ballots at the office and leave their votes there. There will university authorities preferring that not be a voting booth at the state farm, university authorities preferring that the vote be cast at one place.

TAKE MOVIES OF M. E. STUDENTS

Mechanical engineering students appeared in a "movie" Tuesday afternoon, when Dr. G. E. Condra "shot" them while making a frame for a cast iron shear for cutting iron. The picture shows the making of the mould, melting the iron, pouring the molten metal into the mould, breaking up the mould and the casting as it comes from the mould. A special feature of the film shows the sparks from the furnace when the iron is melting. To get this part of the picture, the camera was placed directly in front of the furnace door.

The shear, which weighs 1,400 pounds, will be used in the forge shop of the M. E. building for cutting material used in the laboratories.

ANNUAL COMPETITIVE DRILL TODAY 1:00

BUELL, KRAMER AND FOWLER WILL BE JUDGES

Company D Draws First Place in Lots—1 Company Will Conclude the Drill

Lieutenant Frank A. Buell, U. S. A., Captain Kramer and former Cadet Colonel Fowler will be the judges of the twenty-third annual competitive drill, to be held today commencing at 1 o'clock on Nebraska field. Lots were drawn to determine the order in which the companies should drill with the following results: D, Farm, G, H, F, K, M, B, A, E, C and I.

Following the company drill, four selected men from each company will give a crack exhibition. Then comes presentation of the sabres by the sponsors to the captains, presentation of prizes by the chancellor, parade of the regiment and announcement of promotions for next year.

After the parade of the regiment, the retiring officers and Colonel Hewitt will fall in line with the sponsors and the new officers will lead the regiment in review.

Miss Ida Wilson, '16, has been very ill for the past week.

STUDENT COUNCIL RALLY NOT TO BE HELD

The proposed Student Council rally after the convocation hour will not be held this morning, in spite of previous announcement to that effect. The enforced absence of some of the speakers is the reason for not holding the rally.

PRE-MEDICS ELECT FLOTHOW PRESIDENT

Department Professors Speak at Last Meeting of the Year Last Night

The Pre-Medic society of the University of Nebraska met Wednesday evening at the Alpha Tau Omega house for its final business meeting of the year. The election of officers for next year was the principal business of the evening. The following were elected: P. C. Flothow, president, Omaha; E. Burns, vice president, Rife, Colo.; Harold Sturheit, secretary, Council Bluffs, Ia.; A. E. Herman, treasurer Lincoln.

Plans for next year were then discussed and the loyalty of the Pre-Medicists this year was commented upon. After lunch, r. Waiocott, Dr. Parker and Dean Lyman gave talks upon work of the society and the co-operation of the freshmen. There were about forty men present.

RECOMMEND NEW PLEDGING RULES

INTERFRAT COUNCIL PROPOSES MODIFIED SOPH PLEDGING

Would Make Scholarship the Test—Acacia Admitted to Council—Prof. Buck Again Chairman

A recommendation to the university regents, that would suspend the sophomore pledging rule adopted April 23, 1914, and make sophomore pledging after February 1, 1917, dependent upon the scholarship of fraternities, was unanimously adopted by the interfraternity council, meeting last night. If concurred in by the regents, the effect of the new rules would be to suspend sophomore pledging next fall, and to enforce it each semester after that only against those fraternities whose average scholarship is below the general average for all fraternities for this present semester.

The recommendation is in four parts as follows:

I

After the first of February, 1917, fraternities whose averages in the present semester have been equal to or above the average for all the fraternities in the interfraternity council during the second semester of 1915-16 may pledge and initiate freshmen without regard to the rules of sophomore pledging adopted April 23, 1914.

II

All fraternities whose averages fall below the general average mentioned above must adhere to the sophomore pledging rules adopted April 23, 1914.

III

After the first of February, 1917, all rules for governing rushing and pledging shall be suspended by those fraternities coming within Section I.

IV

All pledges and initiations must immediately be announced to the chairman of the interfraternity council

(Continued on page 3)

TRACK TEAM TO MO.-VALLEY MEET

ELEVEN MEN AND COACH REED LEAVE FOR COLUMBIA, MO.

Dope Gives Cornhuskers an Even Chance to Win, but Competition Will Be Strong

The Nebraska track team will leave for the Missouri valley track meet at Columbia, Mo., over the Burlington at 10:30 o'clock today. Eleven men and Coach Reed will comprise the party. Although Nebraska has been defeated by both Kansas and Ames and in spite of the wonderful performances of Missouri, Nebraska has an even chance to win, the varsity rooters believe.

The men making the trip are: Captain Scott, Irwin, Wiley, Owen, Overman, Grau, Bates, Liebenoerfer, Shaw, Corey and O'Brian.

Scott, Irwin, Bates and Owen will run the sprints; Overman and Grau the distance runs; Wiley the low hurdles and jump; Liebenoerfer, pole vault; Shaw, Corey and O'Brian, weight and field events.
