

# The Daily Nebraskan

VOL. XVI. NO. 12.

UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, SEPTEMBER 28, 1916.

PRICE FIVE CENTS

## STUNT COMMITTEE PLOTS FOR SATURDAY'S MIXER

FOOTBALL TEAM TO BE INTRODUCED TO AWE-STROCK GIRLS

Other Plans May Be Uncovered Tomorrow—Faculty to Be in the Fun

The stunt committee of the mixer committee met in Dean Mary Graham's office last evening, and made plans for a lot of things that are going to take place at the big party in the Armory Saturday evening.

In making its plans the committee was guided by the one thought to give everyone—every man and woman student—the best possible time. Some side-splitting performances will be staged during the course of the evening, and the Nebraskan, especially the student, who doesn't get there, will be sorry.

The football team, coaches and captain and regulars, will be there, and every man Jack of them will be introduced, so that at the games the girls who are thrilled can say, "I know him, that's 'Tim' Corey,"—sort of off-hand like, just as one speaks of an old acquaintance among the royalty, or on the police force.

Band Will Play.

The band will be there too, the band that is practicing now on the pieces that it will play at the big concert October 13, when all of the University will dance for its benefit, and the

pieces that will be played at Portland, Ore., to urge the team on to victory.

The faculty will be there, and it has been noised abroad that some of them will give a very special stunt just to show how lovably human they are, when their skins are scratched.

And the co-eds will be there. They know what is what, and they are not going to miss that "heavenly" music, or those stunts that are going to precede, follow and generally mix up among the dances.

The refreshments, last and most important to many, will be there, and the refreshments will be of a kind calculated to make the boarding-house palate dance the tango for pure self-congratulation.

Committee Meeting

The general mixer committee appointed by the chancellor the other day will meet again this morning in Faculty hall, and talk over the general plans for the affair. Their decision, with the final notice on the party, will be announced in tomorrow's Nebraskan.

The one thing that the committee wishes to emphasize first, last and all the time, is that while this is a general mixer, and everybody and his brother and sister and best girl are expected to come, the first year men and women are the ones to whom the glad hand of welcome is extended, for they should get acquainted at the start with the University's big, democratic, social good times together.

## RED SIDE LEADS AS GIRLS' CLUB CAMPAIGN GROWS

The girls' club half-day membership contest will end today, and at present 261 new names have been added to the membership roll.

The red side, headed by Bertha Driftmeier, won the first half day, Wednesday afternoon, with seventy-four, while the whites, under the leadership of Kate Helzer, had twenty-seven. On the second half day, the whites totaled forty and the reds thirty-four, and on the third half day, the red side was the more successful, having sixty-five members to their credit, while the white side totaled twenty-one. The losing side is to treat the winning side and as a result there is much rivalry between the two factions.

C. B. Cornell has been appointed business manager of the University May festival for the coming year.

## CLINT ROSS OUT FOR GRID WORK

OLD GRAD HELPS VARSITY WEDNESDAY NIGHT

Short Scrimmage Practice—Rhoades and Doyle Make Good Showing

Another old grad reported for practice last evening, in the person of Clint Ross, the giant guard of three former Nebraska teams. He wasted no time, but got immediately into the scrimmage and proceeded to stop varsity rushes just as he used to stop the rushes of the opponents of Nebraska. Ross will be back at his old position of guard tomorrow, when the alumni and varsity clash, and will give no end of trouble to the varsity guards.

In the short scrimmage that followed the signal practice the work of Rhoades and Doyle showed up best. Rhoades is a husky sophomore weighing about 175, all of which is good bone and muscle. In the opinion of the coaches he is of an ideal build for a fullback, and with a little more experience will make a line plunger of no mean ability. Dobson got into the scrimmage for the first time last night but had to favor his lame shoulder and could do very little. Cameron is rounding into form again and will get into the scrimmage soon.

## NEW CADETS ARE WORKING ON SCHOOL OF THE SOLDIER

The new cadets are drilling hard this week mastering the school of the soldier. The officers are working hard with the men, getting the squads into shape so they can be drilled as a company next week.

The men are being measured for new uniforms this week.

The second year men are covering old grounds. Rifles were issued the first of the week and considerable time will be spent getting the raggedness out of the line.

## HALLIGAN HEADS WILSON CLUB

Organization Perfected to Boost for Re-election of the President

Victor Halligan was elected president of the Woodrow Wilson club at the meeting held in the Temple theater at 8 o'clock last evening, by about 150 Woodrow Wilson boosters. H. T. Praisly was elected vice-president and Joe Flaherty, secretary-treasurer.

Resolutions were adopted approving President Wilson's administration, especially endorsing his foreign and Mexican policies. Plans were discussed relative to the campaign and a debate with the members of the proposed Hughes club was suggested.

The Wilson club appointed a committee to ask the president to address the students of the University of Nebraska, when he comes to this state next week.

## 25 STUDENTS HAVE REGISTERED FOR DRAMATIC CLUB

About twenty-five students have registered for dramatic club tryouts next Tuesday evening. There is one more chance to register this morning, which will probably double the number according to comparative figures for the past few years. All students are eligible to try out and membership is offered for talent alone.

Selections for the trials may be obtained from copies of standard plays in the University library. The selections for single tryouts must not take more than three minutes, and for two or more must not be longer than five minutes. Many of the trials will be made in groups and the list already registered shows all classes represented from freshmen to seniors. Registration for the tryouts will close this noon and after that special permission must be secured from Miss Alice Howell to try out.

## UNIVERSITY HALL SANK HALF INCH

Architect Hodgdon Instructed to Draw Up Plans to Make Building Secure

Because University hall, the oldest building of Nebraska University, built in 1870, and in constant use since, has sunk one-eighth of an inch in the past two years, the University authorities have instructed Architect Hodgdon to draw up plans to make the building more secure.

Mr. Hodgdon has been in Lincoln for the past two days, inspecting the work on the new University buildings, and conferring over the buildings contemplated. While there is not thought to be any danger whatever in the use of University hall, it was decided, to guard against any possible accident, to strengthen the lower walls with stone and iron, and the architect was told to proceed with the plans.

## CONVOCATION

Mrs. Carrie B. Raymond will give an organ recital at convocation today. The program will be as follows: Prelude, B flat minor.....Bach La Fille aux cheveux de Lin...Debussy Crescendo.....Lasson Waldweben (Siegfried).....Wagner Concert Overture.....Rogers

## ASK CHANCELLOR TO INVITE BOTH CANDIDATES TO UNI

Chancellor Avery was asked to extend an invitation to Charles E. Hughes, republican candidate, and Woodrow Wilson, democratic candidate for president, to address the University students during the present campaign, in a resolution adopted at a mass meeting at the Temple last night. The meeting was called by a committee of Prof. George E. Howard's class in present political questions.

## 75 TEACHERS WORK IN HIGH SCHOOL

Varsity Students Given Opportunity to Put Their Theories to the Test

About seventy-five seniors have entered upon their duties of actual teaching in the teachers' college high school where each is required to put into practice the theories of psychology and education. Each of these students is required to teach a class for a period of one semester that he may learn how to organize subject matter and present it in the best possible way to a high school class.

These young teachers are under careful supervision, first of the men on the campus who represent the subject being taught, and secondly, of an expert supervisor who carefully directs the novice until he is able to manage the class independently. The

## ANNOUNCE SCHEDULE FOR SPECIAL TRAIN TO OREGON

TIME WILL BE GIVEN VOYAGERS FOR SIGHT-SEEING

Stops on Coast of Pacific Ocean and at Glacier National Park—Notes on Trip

The trip to Portland, by special train, is now absolutely assured, and all those who see any possibility of going are again reminded to see Manager Reed at once as he can save each one nearly \$50 on the round trip.

The trip is, of course, not to be made for the purpose of sightseeing, but nevertheless those who go will be well repaid even in what they see.

Stops, on the way out, will be made at Julesburg, Laramie, Pocatello and Nampa, at each of which the team will get off and practice for a half-hour. These stops will be very handy for those who go as spectators, also, as they come at times which allow such persons as wish to get off and get meals.

Announce Route

The route will be from Lincoln to Fremont on the Northwestern, and from there to Portland on the Union Pacific.

On the road back a stop of one-half day will be made at Seaside, on the Pacific ocean; from there the route

will lead through Spokane to Glacier National park, where another stop of a half day will be made. From the park the route leads through Billings to Lincoln, where the train will arrive on Wednesday.

The schedule for the outgoing trip follows:

The Schedule

Leave Lincoln 10:30 p. m., Tuesday, October 17.  
 Arrive Julesburg 10:30 a. m., Wednesday, October 18.  
 Leave Julesburg 11:00 a. m., Wednesday, October 18.  
 Arrive Laramie 4:30 p. m., Wednesday, October 18.  
 Leave Laramie 5:00 p. m., Wednesday, October 18.  
 Arrive Pocatello 9:00 a. m., Thursday, October 19.  
 Leave Pocatello 9:30 a. m., Thursday, October 19.  
 Arrive Nampa 5:00 p. m., Thursday, October 19.  
 Leave Nampa 5:30 p. m., Thursday, October 19.  
 Arrive Portland 9:00 a. m., Friday, October 20.

The special train will be made up of the following: One baggage car, one tourist sleeper, one 12-section drawing room standard sleeper, one dining car, one 16-section standard sleeper, one observation car.

## Jack Best Trains Cornhuskers

Jack Best, trainer of the University's athletes.

## Herb. Reese a Coach Now

Herbert Reese, last year a Cornhusker, coaching Lincoln high school this year.

## SELL TICKETS FOR BAND BENEFIT HOP

Big Party at City Auditorium Will Take Place Just Two Weeks from Tomorrow

The benefit dance to raise funds to help pay the expenses of the University band to Portland, Ore., with the football team will be given just two weeks from tomorrow night at the city auditorium.

The date cannot be forgotten—it is Friday, the Thirteenth, the one day in the year said to be most favorable to the band. The men look upon the combination as most lucky, and anticipate playing their new music on that evening to a crowd of hundreds and hundreds of dancers.

Tickets are on sale on the campus, the College Book Store and Harry Porter's today. They will continue to be sold until the night of the dance, but it is especially desirable that they be bought early in order that the athletic management may know what part of the band's expenses it will have to pay for the trip west. The cost of the party will be just one dollar.

## PET ZOO RATTLER HAS 82 RATTLES ON TAIL NOW

"Zip," the pet rattlesnake of the zoology department, bids fair to outdo the world in the matter of fast living. Only this summer he added two years to his life; that is, if we believe the old superstition that each rattle means a year in age. And "Zip" has eighty-two now! It isn't generally known that the old belief is a fallacy and that really a new rattle is added every time the snake sheds its skin.

Zip's favorite fruit is mice, live ones. When the mouse is put in his pen, he coils and strikes it and in a few minutes the mouse is dead. "Zip" then points the mouse's nose toward his own, stretches his jaws wide open, and—good night mouse!

## TO ADD COURSE IN MERCHANDISING IN COMMERCE SCHOOL

The school of commerce is arranging to add a short course in merchandising to its list of subjects for next year's work.

The plan will be similar to that now in use at the universities of Illinois and Minnesota; the aid of local merchants and specialists from other states will be enlisted and the plan worked out in consultation with the officers of the retailers' association.

## UNI AND CITY Y.M.C.A. MEMBER CAMPAIGN

Students to Be Given Opportunity to Join Both Associations

On Friday morning the University and city departments of the Young Men's Christian association will commence their big membership campaign among the students, which will carry through to Saturday evening, when the final reports will be handed in. The co-operative plan adopted is new and has as its motive the uniting of every man with the association and thus creating a broader type of Christian consciousness in our great University.

The campaign will be conducted by a large membership committee, the organization of which force centers around a group of some forty men who met for lunch on Tuesday evening. To these men the importance of co-operation and teamwork in conducting a successful year's program in the association was presented by O. J. Fee. He further brought out by relating a story of his own experience how essential it is to a man during his alumni days that he should participate in the activities of the association during his university course.

## FOUR JOBS OPEN TO MEN STUDENTS

Employment Bureau of the Y. M. C. A. Has Calls Which it Must Fill Soon

The employment bureau of the University Y. M. C. A. has four good positions open for University men, John Riddell, the secretary in charge, said yesterday.

The first is for a man who can play the piano. Board will be furnished him for two hours work a day.

The second open position is in a photograph gallery, which can employ a University student who is experienced in finishing work, as much time as he cares to put in each day.

The third place, employing two men, would give all meals to men who do not have classes in the morning, and can work early in the day.

Students who can qualify for any of these positions should apply at the employment department of the Y. M. C. A. in the Temple.

## ENTRIES FOR TENNIS TOURNAMENT CLOSE FRIDAY

Attention of all lovers of tennis is called to the tournament which is soon to be held. All entries must be in Guy Reed's hands before 6:00 p. m. tomorrow. The fee is 50 cents per entry in either singles or doubles. This fee is to cover expense of buying balls. All interested are urged to enter and match racquets with fellow students.
