VOL. XVI. NO. 22.

UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, OCTOBER 12, 1916.

PRICE FIVE CENTS

## FIRST FOOTBALL RALLY MEMORIAL HALL, 11 A. M.

DR. E. J. STEWART, NEW COACH,  
WILL SPEAK

Rutherford, Corey and Other Grid Men  
to Talk—Enthusiasm at a  
Premium

The first football rally of the present season will be held in Memorial hall at convocation hour, 11 o'clock, this morning.

The rally will be held for the big purpose of filling the students with a little more pep in anticipation of the coming of the Kansas Aggies, Saturday. Nebraska University students who sat through the game of last Saturday and saw the team pile up score after score, resumed the attitude of "you can't beat us," which is going to get a rude jolting some day, in the opinion of the coaches.

Let the jolting should come this coming Saturday, the athletic management and the rooters asked that this Thursday be given over to the football rally. The plans for the affair would seem to insure that it will be marked by a display of all of the pep in the world.

**Dr. Stewart to Talk**  
Dr. E. J. Stewart, the new coach, will make his first appearance on the public platform at Nebraska when he delivers a speech this morning. The coach will probably tell just how vital the support of the rooters is to the success of the team. He will no doubt dilate on the prowess of the Kansas Aggies, on the necessity of Nebraska working every minute of the game, and on the prime importance of the rooters doing their share.

**Coach Stewart will probably dwell on these points, because these are the very things that are going to be needed to be said to keep the team up to snuff.**

The doctor's first appearance at a rally will be unusually interesting.

Rooters feel that he is developing a team out there on Nebraska field that will again carry away the valley championship honors. Many have never had the chance to see Dr. Stewart to know who he is, and they, especially the co-eds, will be eager for a glimpse of him.

Then the new assistant coach of athletics, who used to be known around these parts as just plain Dick Rutherford, the greatest athlete that Nebraska ever produced, will speak. Since Dick has had the hardhood to join both the ranks of the faculty and of the marrier men, he has not been seen much on the rostrum.

**Listen to Dick**  
The students will listen to Dick with the greatest interest to learn whether he has improved any as a public speaker. At that Dick used to give the truth straight from the shoulder at rallies last year, and he will hand out the same line today.

No football rally would be complete without the captain of the team, blushing and stammering when he thinks of all the eyes focused upon him, and all the ears attuned to catch the words that fall from his lips. So when Tim Corey mounts the platform this morning there will be one of those prolonged and spontaneous and enthusiastic outbursts of applause that are often read of in connection with a political gathering, but only actually found at celebrations in anticipation of a football victory.

The other members of the team will be at the rally, and some of them have already agreed to get up and say a few words to the populace. Lum Doyle and Lorin Caley are the two who are assured, and other will be roped in.

**A Faculty Speaker**  
A member of the faculty will be another speaker, but the chairman of the rally had not received a definite yes or no from the first man on the

(Continued to Page Two)

## FENCERS ARE TO MEET WITH DR. CLAPP THIS MORNING

Dr. Clapp has issued a call for all men interested in fencing to meet with him at his office at 11 o'clock this morning.

Nebraska should have at least two good fencers to represent her in the Western Intercollegiate meet this season. During the last several years only one man has represented her, but Dr. Clapp is hoping that there will be enough try out for the three fencing events to select a pair of duellists.

## READY TO MAKE U HALL STRONGER

ARCHITECT SENDS PLANS FOR  
REINFORCING THE WALLS

Steel Rods and Channel Iron Stays  
Will Be Put in Place  
at Once

Chancellor Avery has received from Coolidge & Hodgdon of Chicago, the University architects, plans for the reinforcing of University hall with steel rods and channel iron stays, to make the building permanently safe.

The plans were at once turned over to Superintendent of Construction Chowins, who will begin the work of placing the rods at once. One and three-quarters inch iron rods will run north and south through the building, being fastened on the outer walls by the channel iron.

When the repairing is finished there will not be the slightest possibility that the walls, which had sagged somewhat in the past twenty-five years, will bulge any more. The rods will make the building safe so that it can be used in perfect security indefinitely.

Mr. Hodgdon came to Lincoln a week or so ago to go over the plans for the repairs with the chancellor, studying the condition of the building and estimating its needs.

In the meanwhile the University engineers, both faculty and students, have been making tests to determine whether there was any additional bulge in the walls. None has taken place.

## LAST NIGHT'S SCRIMMAGE WAS SHORT BUT FIERCE

RUTHERFORD'S SCRUBS LEARN-  
ING KANSAS AGGIE PLAYS

Reports from Coast Indicate West  
Looks for a Victory Over  
Cornhuskers

Scrimmage for the varsity last evening was short but fierce. They were again lined up against Rutherford's scrub team, which is becoming almost expert in the use of the Kansas Aggie plays.

The varsity last night, as a squad, looked the best that it has any time this season. There were eighteen first string men out, among them Cook, whose "Charley-horse," which developed in scrimmage last night, is not as serious as at first thought.

These eighteen men comprise the whole squad of first team men. All of these men are being given chances repeatedly at places on the eleven, and it probable that at least this number will be used all through the season.

**Getting Into Shape**

The team is rounding rapidly into shape and is learning the new plays in a way that is warming the hearts of the coaches. It is probable that as a machine of eleven men the team which will represent Nebraska next Saturday is the best that has ever ap-

## WOMAN'S VOCATIONAL SPEAKER COMING FOR A CONVOCATION

Miss Woolman of the Manhattan Trade school of New York City, will address the students at convocation early in November. Miss Woolman is a national authority on the vocational training of women. She has been scheduled for a number of important addresses in the middle west and comes to the University under the auspices of Prof. Alice M. Loomis of the home economics department.

## CADET OFFICERS BANQUET TONIGHT

CAPTAIN PARKER WILL PRESENT  
MILITARY COMMISSIONS

Professor Frankforter, Toastmaster—  
Toast List of Officers and Former  
Officers

The third annual banquet to new regimental officers will be given by the cadet officers' association at the Lincoln hotel this evening.

In the absence of Col. Archie L. Burnham, Ltut. Col. A. J. Covert, acting colonel, will deliver the address of welcome. Capt. H. B. Whitfield will respond. Prof. C. J. Frankforter, '08, will act as toastmaster.

At the conclusion of the banquet Commandant Parker will present the new officers with their cadet commissions.

Following is the toast list in full: "Welcome to New Officers," Cadet Lieut. Col. A. J. Covert.

Response, Cadet Capt. H. B. Whitfield.

"Military Training Under the National Defense Act," Capt. Sam M. Parker, U. S. A.

"Reminiscences," L. E. Hertz, '03.

"The Cadet Officers' Association," Dean O. V. P. Stout, '88.

Presentation of University cadet commissions.

Girls at Grinnell college are planning a military ball of their own. The women students will borrow army uniforms and will make themselves the partners of prominent students.—Exchange.

## FRATERNITIES PLAN FOR CO-OPERATIVE BUYING

PLAN FOR WHOLESALE BUYING  
RECOMMENDED FOR ACTION

Three Plans Suggested at Last Night's  
Meeting at Kappa Sigma House—  
Saving of 20 Per Cent Assured

Expressing itself in favor of the idea of co-operative buying of commodities, the interfraternity council passed favorably on one of three plans suggested at its meeting at the Kappa Sigma house last night, and moved to recommend it to the chairman and other members of the council for final action next week.

Although the general opinion of the council favored the establishment of a system which would handle all the items bought of the middleman, the plan suggested calls for wholesale buying of groceries, and a discount on meat, fruits and fuel. The members of the council deemed the formation of a co-operative company or corporation too big a proposition to handle in the beginning, but recommended that the proposed plan be used as a foundation upon which a more elaborate and detailed system could be built.

Ed O'Shea, '19, Sigma Chi, introduced the plan favored by the council. Through him, the fraternities would order groceries, in case lots, of a wholesale house, which will deliver them. Orders could be made once or twice a week. The prices to the fraternities would be wholesale, plus a margin of profit varying in different items from one to three per cent. The plan stipulates that all bills must be paid by the tenth day of every month, enabling O'Shea to get the advantage of a cash discount, which will practically amount to his salary. O'Shea said in regard to his plan that the fra-

ternities and sororities, estimated at thirty-five, could save from twenty to twenty-five per cent on all staple groceries.

**Wholesale Prices**  
To handle commodities outside his province, such as meat, eggs, and other perishable goods, O'Shea suggested that the council appoint a representative to work with him in making arrangements for co-operative buying at discount. He cited the practice of several fraternities at the present time in purchasing bread and milk, and pointed out that in this manner prices approximately wholesale could be obtained for all of the societies.

Members of the council favored this plan for a working foundation on which to build up the idea, providing that it proved valid. O'Shea vouched for its practicability.

D. F. Cole, '14, Alpha Sigma Phi, presented a more elaborate plan. The establishment of a store was advocated, in which would be handled all varieties of groceries and meat. A general manager would be appointed, whose salary would be paid in one of three ways: By an assessment of the societies pro rata; by an assessment of the societies in proportion to the amount of goods purchased, or to be collected himself from a profit and expense margin allowed him of 20 per cent spread difference added to the wholesale price. It was estimated that this salary would be in the neighborhood of \$70 a month.

**Plan Opposed**  
The plan met opposition on the grounds that there would be too much work for one man, that the salary was inadequate, and that such a store, handling and delivering too large a variety of goods, would entail too

(Continued to Page Three)

## FRESHMEN TO MIX; COMMITTEE SPENT

WON'T DIVULGE PLANS FOR THE  
FIRST YEAR PARTY

No Upperclassmen Will Be Admitted  
to Party on Saturday  
Night

Just because the freshman mixer next Saturday is going to be barred to members of all the other classes, the committee in charge has refused to go into the details of the stunts that are going to be pulled off for the better glory of the first year men and co-eds.

Rawson White of the Vikings, is the general chairman of the mixer committee. He and his cohorts have been on the job since the night of the big general mixer, and they have planned an all-freshman affair that cannot help but result in better friendship and good feeling among the underclassmen. But White has not gotten down to a definite outline of the program.

**Dance and Refreshments**  
He has admitted that the freshmen will have a dance and will have refreshments—an admission that was highly superfluous, since the underclassmen have been counting upon just those things. But the other details of the party he will not divulge, nor will the other members of the committee nor the freshman officers.

One thing that it is planned to do is to raise enough money at the mixer to bear the expense of the coming Olympics battle with the sophomores. The class scrap will be held at the state farm on the morning of November 18. The freshmen are planning on grabbing off the victory.

And so, it might be added, are the sophomores.

## NATIONAL EDUCATOR VISITING STATE TO STUDY JUNIOR SCHOOLS

Dr. T. H. Briggs, head of the department of secondary education at Columbia university, is in the state visiting the schools which have the Junior high school organization. He visited Aurora, Monday; Lincoln, Tuesday and Wednesday; and will go to Schuyler Thursday. He leaves Thursday night for Iowa City to visit the Iowa state university.

Dr. Briggs is making a special report on the organization of junior high schools for the General Education board. He will visit all parts of the United States within the year.

## DUNN IS JUNIOR LAW PRESIDENT

ENTHUSIASM AT FIRST MEETING  
OF THE YEAR

Yale, Vice-President; Graff, Secretary  
and Treasurer, are Other  
Results

Lester Dunn, Lincoln, was elected president of the junior law class at the first meeting of the year yesterday morning.

Enthusiasm bubbled over when Henry Pascale, president of last year, took the temporary chair and called for nominations. Three candidates were placed upon the ballot: Henry Fouts, A. C. Krebs, and Dunn. Bursts of applause broke from different cliques as each candidate was nominated. Dunn was chosen by a small majority. Calls for a speech and counter jeering from the several factions followed the ballot count.

No cessation of enthusiasm came with the election of the minor officers, which were finally decided as follows: Donald Yale, vice-president; Carl Graff, secretary and treasurer.

## SOPHOMORE CLASS MEETING WILL BE CUT VERY SHORT

The meeting of the sophomore class in Law 101 at 11 o'clock this morning will be cut very short in order to give the second year students an opportunity to attend the football rally in Memorial hall.

PRINCETON BENEFITS IN WILL

Under the will of William Watson Lawrence, who died August 29, more than \$750,000 will go to Princeton university, of which Mr. Lawrence was an alumnus. The whole estate of the deceased is valued at \$1,000,000, and will eventually all go to Princeton.—Exchange.

## TAG DAY FUND NOW SHOWS \$280

REPORT INCOMPLETE AS WORK-  
ERS HAVEN'T CHECKED IN

Frances Bartlett Made the Best Record  
for the Men with 64 Dance  
Tickets Sold

Two hundred and eighty-one dollars and seventeen cents is the result so far of Tag Day Tuesday, and the sale of tickets for the band dance Friday, in the campaign to raise money to send the band with the football team to Oregon, October 21.

One hundred and fifty-seven dollars was made by the men on the sale of tickets for the dance. Francis Bartlett sold the greatest number, having enthusiastically persuaded sixty-four to attend the dance.

The girls made \$69.17 by the sale of tickets and tags among the co-eds of the school, and \$55 had been turned in previous to Tuesday. The report is still incomplete.

## CAMPAIGN CLASH COMING TONIGHT

HUGHES AND WILSON ADHER-  
ENTS TO BERATE EACH OTHER

Chief Justice Morrissey to Preside—  
No Decision on the Debate  
—Starts at 7:45

The debate between the representatives of the Woodrow Wilson club and of the Hughes and Fairbanks club will be held at the Temple theater tonight, commencing promptly at 7:45 o'clock.

Chief Justice Andrew Morrissey will preside at the meeting. The republican end of the argument will be upheld by Leonard Trester and Earl Jeffrey, and the democratic side will be maintained by Robert Waring and Charles Schofield.

All of the men are keen at an argument, and at ease on the public platform. It is certain that the debate will bring forth a good presentation of the issues of the national campaign, and will be worth while for the independent voter, as well as interesting for the violent partisan.

**No Decision**

There will be no decision on the debate, so adherents of either side may return to their homes as they came, firmly convinced that truth and justice are on their side, and the folly on that of their opponents.

Prominent members of both the Wilson and the Hughes clubs have asked that a very special invitation be extended to the co-eds to come. The women have figured in this national campaign as in no other, and the University girls have already taken an active part in the organization of the two political clubs. Their presence in large numbers tonight will be a great incentive to the champions of the two causes to flay their opponents with redoubled vigor.
