UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, NOVEMBER 9, 1916.

PRICE FIVE CENTS

TRADE SCHOOL FOUNDER SPEAKS

MRS. WOOLMAN TO ADDRESS
CONVOCATION THIS MORNING

Started Manhattan Trade School for
Girls—Authority on Vocational
Training

Mrs. Mary Schenke Woolman, founder of the Manhattan trade school for girls, and one of the foremost authorities on vocational training for women, will address the student body at convocation this morning in Memorial hall at 11 o'clock. The double convocation, which provided for a musical program at 11 and Mrs. Woolman's talk at 11:30, was abandoned yesterday and the usual Thursday morning musical program will not be presented.

The subject of Mrs. Woolman's talk will be "Woman's Work in the Educational and Industrial Union." She will touch upon the value of vocational training in her description of the organization with which she is actively connected.

Founded Trade School

Mrs. Woolman has had an interesting career in her work along the lines of vocational development. She is founder of the Manhattan trade school for girls, where poor girls are taught useful trades and fitted to make a living in some line of work, and has been one of the directors of the school since that time.

Before establishing the trade school Mrs. Woolman was professor of domestic art in the teachers' college of Columbia university from 1897 to 1912; and head of the household economics department at Simmons college from 1912 to 1914. While connected with Columbia university she spent two years in England and the continent studying sociological conditions there. Several textbooks have been written by Mrs. Woolman, which have found general use all over the country.

TWENTY TRYOUT IN FIRST MEET

THREE EVENTS COMPRISE FIRST
TEST OF TRACK MATERIAL

Slow Track Slows Time; Graf Runs
Pretty Race—Showing
Good

The first track events of the year were run off on Nebraska field yesterday afternoon.

About twenty men were entered in the three events, the 100 yard dash, the half mile and the two mile.

Captain Overman won the half mile with Graf a good second and Bridenbaugh third.

Two Mile Race a Feature

In the hundred yards, Werner ran true to form and copped in 10.3. Bryans took second about one inch in front of Finney who was third.

Graf, running in his first varsity tryout, beat Garrison in the two miles race by a splendid finish. The race was made in fairly fast time, and should indicate a good showing by Nebraska in the long distance events.

Summary:

100 yard dash—Werner, first; Bryans, second; Finney, third. Time, 10.3.

Half mile—Overman, first; Graf, second; Bridenbaugh, third. Time, 2:07.2-5.

Two mile—Graf, first; Garrison, second.

Success doesn't come by waiving a magic wand. It comes by centering your whole force on the particular job in hand today.—Ex.

ARTICLE PRAISES NEBRASKA'S DRUG PLANT GARDEN

A general view of the medicinal plant garden of the University of Nebraska is given in the October issue of the Journal of the American Pharmaceutical association in connection with an article on "Drug Plant Culture" by W. W. Stockberger, presented before the association at the recent meeting in Atlantic City.

In the article Nebraska is mentioned as one of the schools that leads in drug plant gardening and maintains the garden in connection with the college of pharmacy. In this discussion of the drug plant garden work in the same issue, Dean Lyman urges the necessity for work that will promote interest in research and in the professional phases of pharmacy. The necessity of supplying the crude drugs that cannot be imported from Europe is responsible in some degree for the impetus given to the drug plant gardens.

Fraternity War

What threatens to be a regular fraternity was started by pledge lifting at Chicago. The Chi Psi's had just acquired a very fine bulldog to which they attached their official insignia. Said dog happened to get near the Sig Chi's who promptly put on their insignia. To date there has been active fighting along all fronts but the Chi Psi's say they intended to make a flanking move and attack the rear immediately.—Ex.

VARSITY PRIMED BY TWO-DAY REST

MEN ARE SENT THROUGH LONG
SCRIMMAGE WITH SCRUBS

Scrubs Use Kansas Play—Skirt Ends
But Fail to Pierce Varsity
Stone Wall

The varsity came back from its two-day rest last night and was put against the freshmen in a long, hard scrimmage.

"Speed" and "drive" were the favorite expressions of the coaches of both squads.

Varsity Shows Fight

With most of the injured men back in their regular places the machine like work of the varsity will soon become noticeable again.

The men entered into the work with more spirit last night than they have shown for some time. The freshmen were unable to gain consistently through the line, but the superior speed of the first-year men told when it came to skirting the ends and they got away for several long gains.

"READY MONEY" ON NOVEMBER 17

"Ready Money," a three-act comedy will be presented by the University Players at the Temple theater, November 17. Maurice Clark, who starred in "Believe Me Xantippe" last year, will take the lead in this play, and Lucille Becker, '18, will have the leading woman's role. There is an all-star cast of seventeen.

Eight-Foot Cow Shark Is Given to University

University of Washington, Nov. 8.—An eight-foot cow shark, weighing 600 pounds, has been added to the equipment of the department of zoology of the University of Washington. It will be used in the study of comparative zoology. The parasites on its skin will also be studied by the zoologists. The shark was given to the university by R. R. Jones of West Seattle, who caught it near Alki Point in Puget sound. Two hours were consumed in landing the fish.—Ex.

DEMAND MORE THAN SUPPLY

FIRST BATCH OF DIRECTORIES
SOLD WITHIN THREE HOURS

Nine Hundred More to Be Placed on
Sale This Morning—Today
Last Chance

The first bunch of 900 copies of the Student Directory for 1916, placed on sale on the campus yesterday, sold out within three hours. Beginning at 9 o'clock this morning, the last of the supply—slightly over 700, will be put on the counters in University hall and the Library. Today will be the last day of sale.

The Directory, which is the largest and most complete ever issued, met general favor yesterday. Copies were gobbled up as fast as they could be handed out, and many students found the supply exhausted when they arrived on the scene.

There are twenty more pages in this year's booklet than there were in the directory of 1915-16, and it is slightly larger in size. The name, address and affiliation of every student is listed in the book. The plan of tabulating the students in an index of towns in which they live has been used again this year. The home and office addresses and telephone numbers of all faculty members are indexed in the front of the book.

Leather bound directories, which can only be had by special order this year, may still be purchased if Carl Hansberger, business manager, is immediately notified. The regular paper covered edition sells at twenty cents.

Dean Charles Fordyce, Prof. Herbert B. Brownell, Prof. Charles W. Taylor, Dean George W. Luckey and other members of the faculty, leave today for the state teachers' convention in Omaha. Many of the seniors in the teachers' college will attend to take advantage of this opportunity to meet the teachers of the state with whom they will be prospective candidates for teaching next year. In these conventions a good deal of attention is given to the study of teaching material in the various courses and to the best methods of procedure in teaching technique. The convention is therefore of great value to the teachers' college.

Charles W. Gilke, who speaks at convocation Tuesday morning, is a graduate of Harvard and is a member of the Delta Upsilon fraternity. His subject promises to be most interesting for he is a very popular speaker at all the large colleges of the country.

Prof. C. E. Persinger has received an invitation to speak before the American Historical association, which meets at Cincinnati during the holidays. The subject is "The Freshman Course in History."

Kansas Hopes For Victory As Nebraska Game Approaches

Kansas is "hoping" again.

As the day of the annual clash between Nebraska and Kansas on the football field approaches, what was a month ago a tiny spark of hope almost smothered out by the decisive victories of Illinois and Ames, has grown steadily into a good-sized flame which as a consequence of the first Kansas victory over Oklahoma in six years, last Saturday, threatens to break out into a regular combustion.

Down among the historic hills of which Mt. Oread is king, Kansas students who have been hoping for the last six years that their team would thrash the hated Cornhuskers, are going wild again. "Oh, you have a good team," said Jayhawk Coach Chauncey Okott, of the Cornhuskers

FRESHMEN RALLY SET FOR TUESDAY

INITIAL TRYOUTS AND RALLY
FOR OLYMPICS NOVEMBER 14

Sophomore Committee Meets Tonight
to Arrange for Second Year
Tryouts

A mass meeting of all freshman men will be held in the Armory at 7 o'clock next Tuesday, to lay plans for the annual class Olympics, November 18. Initial tryouts for boxing and wrestling will be held, and committees appointed to take charge of the boxing, wrestling, pushball and tug-o-war entries. All men interested in boxing and wrestling who would like to use their talent to help the class in their annual class fight against the sophomores, have been asked to report to Irving Augustine, '20, chairman of the freshman Olympics committee as soon as possible.

The sophomore committee will meet tonight and decide on the date for their tryouts and arrange for a rally. Committees to take charge of the sophomore entries in the different events will be chosen in the near future.

MRS. M. P. KNOTTS ELECTED COUNTY SUPERINTENDENT

Mrs. Minnie P. Knotts of the Nebraska State Historical society has been elected county superintendent of Lancaster county, according to the early returns. From a vote of fifty-four precincts, Mrs. Knotts has 5,727 votes to 4,971 for her opponent, W. H. Gardner.

The state board of pharmacy is giving examinations to applicants for practicing pharmacy in the state today in the basement of Nebraska hall. About twenty-five applicants are taking the examinations.

Superintendent W. H. Morton of Fairbury, was on the campus yesterday trying to find a teacher for a vacancy in his high school.

Whenever a person tells you that he never makes a mistake, ask him to show you the eraser on his pencil.—Lawrentian.

The most extensive trip undertaken by a Far West college ball team is planned for the Leland Stanford nine next spring. The coast varsity will compete in several eastern cities and will play Yale, Harvard, Princeton, Pennsylvania and Cornell. The tour will start May 10. Stanford has in other years sent its eight-oar crew and its tennis and track squads on similar eastern invasions. The only trips of college nines which eclipse that of the one planned for the Pacific coast boys are the jaunts of middle western college teams to Hawaii, Japan and the Philippines.—Ex.

NOTICE

All University students interested in the organization of a Chadron club meet in Music hall at the Temple, Tuesday, November 14, at 7 o'clock p. m. All persons who have at some time attended Chadron normal are invited and urged to be present.

ANOTHER RACE

There were races and races Tuesday, and Wilson and Hughes weren't in it in comparison to a little foot race staged on the athletic field as the clouds were gathering (literally and figuratively) late in the afternoon.

The members of Delta Upsilon were feeling rather reckless about Sunday when things looked pretty good for Brother Charles E., and before they could break themselves of the betting habit, they "did it again." Inspired by the spectacular sight of Rudy Fuchs and Ed Shoemaker running races up and down the street on the Sabbath day, Clarence Speier

(Continued to Page Three)

NEBRASKANS AT STATE MEETING OF VOLUNTEER BAND

The state student volunteer convention will be held November 10, 11 and 12 at Cotner university. Representatives are expected from Hastings, Doane, Wesleyan, Peru, Kearney, Fremont, Omaha, Bellevue and Grand Island.

The following University people will appear on the program: E. A. Worthy, Homer Hewitt and H. C. Biggleston.

The University Student Volunteer band will have a large representation at the conference. The officers of the band are Eunice Munson, president; Henry Harper, vice-president; Mildred Wesen, secretary, and Allan Reith, treasurer.

CONVOCATION

Mrs. Mary Schenke Woolman, authority on vocational training for women, will address University students in Memorial hall at 11 o'clock. The musical convocation originally scheduled, has been dropped.

Down on "Jumpers"

A special campaign has been started at the University of Minnesota to put an end to all "jumpers." A "jumper" is one that steps in about a hundred places before his turn at the cafeteria at Shevlin hall. Only professors are allowed this privilege and the students in line threaten dire things to the next man who tries "jumping."—Ex.

MRS. W. J. BRYAN ON SUFFRAGE

WIFE OF COMMONER WILL AD-
DRESS GIRLS SATURDAY

First of Series of Suffrage Tea—
Meeting of University Suffrage
Association Today

Mrs. W. J. Bryan will speak on woman suffrage at 3 o'clock at the University suffrage tea to be held in Faculty hall Saturday afternoon from 3 to 6 o'clock. This is the first suffrage tea to be held at Nebraska for some time.

Every girl in the University is expected to attend whether interested or not, as the opportunity to hear Mrs. Bryan, one of Nebraska's leading women, is not an everyday occurrence. This is not a local movement alone, but is the beginning of a movement which is backed by women all over the country. Nebraska alumnae are behind it and are working hard to get results.

The University suffrage organization will meet in Dean Mary Graham's office at 11 o'clock today. One representative from each sorority will be present. Committee assignments will be given out Friday.

NOTICE

All University students interested in the organization of a Chadron club meet in Music hall at the Temple, Tuesday, November 14, at 7 o'clock p. m. All persons who have at some time attended Chadron normal are invited and urged to be present.

ANOTHER RACE

There were races and races Tuesday, and Wilson and Hughes weren't in it in comparison to a little foot race staged on the athletic field as the clouds were gathering (literally and figuratively) late in the afternoon.

SHOULD GIRLS MAKE OWN WAY

MRS. WOOLMAN SPOKE FOR
PRACTICAL TRAINING

Every Girl Should Know the Value of
a Dollar—Describes Trade
School

"I wish every single girl in the United States had to make her own living," Mrs. Mary Schenke Woolman, chairman of the women's committee of the National Society for the Promotion of Industrial Education, told an astonished audience yesterday afternoon at the tea given in Faculty hall in her honor.

"I may be wicked," Mrs. Woolman continued, "but I would have all girls know the worth of a dollar. Then they would get the best results at the least expense."

Mrs. Woolman spoke briefly of the work of the Manhattan trade school of New York, which she organized in 1902. The school was conducted until 1910 by philanthropic donations. Then the board of education took charge, and Mrs. Woolman having successfully started the work, resigned.

Practical Trades

Girls from 14 to 16 years of age are taught dressmaking, millinery and other practical trades. They attend the school for one year and at the end of the time they are able to hold positions paying on the average six dollars per week.

Mrs. Woolman spoke of the types of girls the school had to deal with, girls whose food consisted of coffee, cheap bananas and cakes; girls, many of whom slept in rooms with no windows, and who took no care of their physical condition. "Many are sewed up in their clothes in the fall," she stated. "They are supposed to blossom out in their spring clothes, butterflies—they are likely to come out angels."

Parents objected strongly to medical examinations, Mrs. Woolman said. "One of our greatest problems was to get the girls in proper physical condition." Cooking of inexpensive food in an inexpensive way was taught. She commented on the fact that the girls did not have to be urged to be neat and clean, but that the very attitude of the school demanded it.

Miss Conklin Hostess

Mrs. Woolman will speak at convocation at 11 today, after which she leaves to attend the teachers' association in Omaha, where she is to speak.

Miss Clara Conklin, head of the department of romance languages, was hostess at the tea. Miss Julia Vance poured tea.

bet a dollar that Ed could beat Rudy. Squirt Owen bet two dollars that he couldn't, and Ed, after waiting in vain for some good gambler, bet another dollar on himself. A "neighbor girl" held the stakes.

Tuesday, the chosen day, was as dreary and cold as could be, and along toward night it grew drearier and colder. Ed Shoemaker, accompanied by a delegation of admiring brothers, and Theta's, walked bravely toward his fate. Fuchs could not be found—so while the brave one and his little band waited, Squirt Owen dashed hither and yon in search of his prize possession, and finally discovered him in a class room. Squirt was Rudy's official trainer, hence his excitement.

At 5:30, the sprinters appeared, clad in track suits, ready for the fray. Blip Dorin, official starter, did his duty and the two Mercuries were off. Official reports say that all of Cheyenne county rooted for Ed, while the wise ones rooted for Fuchs—however it may be, Fuchs won and it is rumored that Squirt bought him the best pair of track shoes in town. The girls were treated to a bag of popcorn and everyone went home.

There is a "race prejudice" among some of the men at the D. U. house.
