More Requirements

Many studies have been included among those required for students majoring in Military Science at the University of Pennsylvania. Students must be proficient in at least one language, take one year of chemistry, mathematics, and the rudiments of engineering. Many students have enrolled in the course.

Keep Carbon Copies

of lectures, theses, etc. This can only be done by buying or renting a typewriter. Special rates to students. Phone or call at

L. C. Smith & Bro. Typewriter Co. LINCOLN, NEBR.

The attractive figure of the well dressed woman is not the result of chance corsetting. It is the result of a careful selection of a corset that is scientifically correct in design, and made of selected fabrics and "stays."

Redfern Corsets

represent the best in corsetry. They are high class in every detail, and there is really no more economical purchase for the girl or woman who is interested in her appearance and wishes to preserve her good figure lines for the years to come.

Be fitted to a Redfern, and learn for yourself how admirable they are.

THE "MESSIAH" TO BE SUNG NEXT WEEK

Annual Christmas Oratorio by University Chorus a Feature of Convocation

Mrs. Carrie B. Raymond, University director of music, has announced that the presentation of "The Messiah," to be given by the University chorus next Thursday morning in the chapel at convocation is to be absolutely the best presentation of this wonderful musical masterpiece ever given at the University of Nebraska.

Mrs. Raymond said that she is not talking for press agenting purposes either, but that the talent in the chorus this year is worthy of all that may be said in its praise. And there are 180 registrations for the chorus.

More Famous Than Rich When Handel wrote "The Messiah," historians say, he wrote it for money, but it made him more famous than rich. When the hallelujah chorus was sung for the first time, the audience arose to its feet and stood until the chorus was ended; hence the custom of present day choruses in rising to sing the day piece.

Every member of the chorus is given three inexcused absences from chorus, those taking more than this number must make up the time or receive "incomplete" marks. Mrs. Raymond said that no effort is to be wasted in training every voice.

PROF. E. A. WILCOX WILL BE THIRD JUDGE FOR KANSAS DEBATE

Elmer A. Wilcox, professor of law at the University of Iowa, will be the third judge for the Nebraska-Kansas debate on the question of submarine warfare, it was announced last night. The other two, who had previously accepted, are Frank E. Horak, professor of law at the University of Iowa, and Paul T. Peck, professor of history at Grinnell college, Iowa.

Great difficulty has been experienced in getting three judges for the debate at Lawrence. A number of University of Missouri professors have declined, as well as some Kansas City attorneys.

"FIRE FESTIVAL" IN CHRISTMAS SPIRIT AT THE Y. W. C. A. ROOMS

The "Fire Festival" of the association girls at the Y. W. C. A. rooms last evening was carried out in true Christmas spirit with a driftwood fire and candles.

The girls were asked to authorize the appointment of two commissions to study the religious life of women on the campus and to study some of the ways possible to promote democracy on the campus. The commissions will begin work immediately after the Christmas recess. The probability of having a visit from one of the association national student secretaries late in February or early in March was discussed and a Christmas story read.

NO GAME TO COME WITH INDIANA

(Continued from Page One)

Nebraska authorities in which a game between Nebraska and Indiana would be played in Bloomington in 1917, and a return game in Lincoln in 1918. Although those who have charge of arranging the 1917 Cornhusker schedule have not committed themselves, it is known that Nebraska would not consider a 1917 game in Bloomington because both the Ames and Kansas games will be played on foreign fields, making a third journey into a foreign land unwise.

A Few Facts

Approximately one-third of the students at the University of California are members of fraternities, sororities, or house clubs. This is considered to be an unusually large percentage.

Of the total enrollment at the University of Washington over one-third are freshmen while 150 are graduate students.

Trophy Room

The Athletic department at Ohio State has set aside a room in the gym to be known as the Trophy room. Glass cases will be built around the sides of the room and will contain all the trophy cups and pennants won by the school. One section of the wall will be reserved for the pictures of the various teams and coaches.

Discontinue Circus

No more will the students at Purdue listen to the calliope nor hear of the marvels of Madame Lala, the snake charmer. All because the faculty at Purdue has decided to abolish the annual circus. Some other attraction will be substituted in its stead.

Much Competition

As a feature stunt in the publicity campaign for the play, "A Gentleman of Leisure," at the University of Washington something new was in line. As result they are having a contest to determine which man on the campus deserves that honor. Phi Betas will not be allowed to compete.

Unique Ceremony

The students at Oberlin college witnessed a strange ceremony yesterday at chapel. Members of that religious organization known as the Quakers or Friends conducted the entire service.

We rent new, absolutely correct Dress Suits for \$1.50. They're the finest to be had.

When the Bright Lights Wink---
