

The Daily Nebraskan

VOL. XVI. NO. 68.

UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, JANUARY 4, 1917.

PRICE FIVE CENTS

WILL HAVE BROADER JOURNALISM COURSE

BUT UNIVERSITY SENATE IS OPPOSED TO COLLEGE

Adopts Report of Committee Presented During Vacation—More Thorough Training Is Faculty Wish

Provision for broadening the training in journalism now offered in the University was made by the senate in a meeting during the Christmas recess, although petitions for a college of journalism and a college of commerce were voted down by the senate after a committee headed by Dean O. V. P. Stout had handed in an unfavorable report.

Dr. H. K. Wolfe, of the department of psychology, introduced the motion in favor of strengthening the courses in journalism, after the committee on the proposed colleges had reported. The motion was passed and the chancellor empowered to appoint a committee to recommend plans for this expansion.

Committee Report

The report of the senate committee follows:

Your committee appointed to consider the establishment of additional colleges in the University begs leave to report as follows:

It is our judgment that colleges in the University should be established to cover only well defined types of education which have a large body of subject matter available in teachable form. Rather than many colleges covering technical fields, we favor a few strong colleges covering distinct fields. The basis of this distinction, it seems to us, should rest in a difference in the fundamental principles underlying the respective branches of study, as the biological and physical sciences underlie the studies in the college of agriculture; mathematics and the physical sciences, the studies in the college of engineering; the laws and precedents studies in the college of law.

We believe that the standing of the University among educational institutions and before the public would be weakened by the establishment of the multiplicity of colleges which would result if the principle above set forth were lost sight of. The value of a degree from the University will be materially lessened if this principle is ignored. We believe, moreover, that funds available to develop the University should be expended in other ways than in increased administrative cost, which necessarily follows the subdivision of administrative machinery.

Where, within a college, there appears justification for a separate group of courses fundamentally related to the typical group of courses in that college, but distinct from it in aim and not conformable to it in specific requirements, we favor the maintenance of a school rather than the establishment of an additional college.

Where, however, the technical or professional aim of a proposed group of courses may be met without departure from the specified requirements of the typical group of the college, we believe the establishment of a school to be unnecessary.

Inasmuch as the desire for administrative freedom seems to be, in general, the motive behind requests for the establishment of new colleges, we recommend that schools be given the greatest degree of autonomy consistent with the integrity of the colleges in which they exist.

In our opinion the faculty of each college should have the final authority

(Continued to Page Three)

CAN'T FIND PLACE FOR DR. O'GARA TO GIVE ADDRESS

Difficulty is being experienced in securing a suitable lecture room for Dr. P. J. O'Gara's talk before Sigma Xi next Monday night. The night classes in the engineering college will be in session and a large room is not at present available.

Doctor O'Gara's appearance is being awaited with a good deal of interest because he is an old Nebraska man and also because he is the highest paid botanist in the world. In his investigations for the American Smelting & Refining company he employed a staff of twenty-five assistants and carried on a very extensive investigation, the results of which he will give here.

PRESIDENT MAY SPEAK AT COMMENCEMENT

Legislature Will Endeavor to Secure Him for Nebraska's Semi-Centennial Celebration

Both houses of the state legislature will co-operate with the University authorities in endeavoring to secure President Wilson as the commencement speaker for the June graduating exercises.

The semi-centennial celebration of Nebraska's admission to the union as a state will be held next spring, at the time of the commencement exercises. It is hoped that the president will be able to come to the state to deliver an address at that time, and the University will invite him to address its graduates then. Members of both houses of the legislature have said that they would introduce resolutions inviting the president to come to the state.

GOACH STEWART AT ATHLETIC MEETING

Athletic Authorities of the Nation Confer on College Problems

Coach Stewart spent his vacation in attending the annual meeting of the national intercollegiate athletic association, which was held in New York, from December 27 to 29.

The work done at this meeting consists for the most part in appointing rules committees and listening to reports from the representatives of each of the eight districts into which the country is divided, athletically.

Coach Brewer of Missouri is the representative of the district that Nebraska is in. He gave a fine report of the conditions of athletics in this section, especially emphasizing the fact that there are only two schools of any size at all that are not bound by the rules of some conference.

The association appointed committees to go over the rules governing intercollegiate competition in every line of sport. These committees meet independently and have full power in the drafting of the rules for the coming year.

The officers for the coming year will be as follows: President, Major Pierce, Army; vice-president, Professor Beyers, Ames; secretary-treasurer, Frank Nicholson, Massachusetts Wesleyan university.

UNIVERSITY WEEK TO WESTERN TOWNS

MANAGER R. J. SAUNDERS SIGNED CONTRACTS WITH SIX CITIES

Hastings, Holdrege, Oxford, Cambridge, McCook and Red Cloud to Be Visited in Vacation

The University Week exhibition for 1917 will visit these six towns: Hastings, Holdrege, McCook, Cambridge, Oxford, Red Cloud.

Manager R. J. Saunders made the announcement of the 1917 bookings yesterday. He spent most of the Christmas recess going to the different towns that were being considered for the University Week tour, and he expresses complete satisfaction over the towns that have signed contracts for the week.

The six towns on the new circuit are in the southwestern part of the state—a region not heretofore visited by the University Week program in its two years of existence. Securing them will help realize the purposes of the Week—to take the University to the people of the state, get them acquainted with its activities, and best of all, with its students.

Started Work Early

A number of the towns that secured the contracts began active work looking toward that end early in the summer of 1916. They formed an association for the express purpose of convincing the University Week association that the trip should be made west, and the signing of the contracts showed how successful they were.

Just what activities will make the trip has not been definitely decided upon. The band will go almost of a certainty. The glee club may. The University Players will take a play, but it will most likely be one other than "Ready Money," which was produced so successfully before Christmas. The large cast in "Ready Money" would be a burden almost too great to bear.

A faculty lecturer will be one of the numbers. What the other two will be remains an uncertainty now. Fremont, Schuyler, David City, North Bend and Seward made up the towns that saw the shows last year.

DAILY NEBRASKAN SUBSCRIPTION CAMPAIGN

The campaign for subscriptions to The Daily Nebraskan for the second semester will begin next Monday, January 8, and will continue until January 19. It is expected that the number of student subscriptions will be boosted during the campaign to a point beyond one thousand. Announcement has been made that The Nebraskan will continue to appear in its six-column form and may be obtained for the same price—one dollar for "the best university newspaper in the world."

ST. LOUIS SYMPHONY ORCHESTRA SECURED FOR MAY FESTIVAL

The St. Louis symphony orchestra will give two performances here during the May Festival. Prof. C. B. Cornell signed the contract with Max Zach, the director of the orchestra, after listening to a concert by them Saturday evening in St. Louis. Mr. Zach will bring the full orchestra of fifty pieces and also four vocal soloists.

GRID SQUAD HAS HEAVY SCHEDULE

BIG TEAMS OF NATION TO BE MET BY '17 HUSKERS

Syracuse, Notre Dame, Michigan Aggies, and Strongest Valley Teams on List

The Nebraska 1917 football schedule took on definite shape during vacation and is now almost completed. With only the games that have been definitely decided upon, it will be the greatest schedule ever attempted by a valley school and will be one of the best schedules in the west next year. Kansas, Missouri, Syracuse and Iowa are absolute certainties, and Notre Dame and the Michigan Aggies are almost the same.

So far in the history of Nebraska, one game the size of Notre Dame, Syracuse or the Michigan Aggies was considered enough when Kansas, Ames and Iowa were on the schedule. However, Coach Stewart saw fit to sign up all three of these teams for next year. It will mean real work for the coach and the men if such a schedule is to be played out without one or more defeats, but with the material available and Coach Stewart to do the directing, a most successful season is expected.

Small School to Start

Wesleyan, or some other small school of the state, will probably start the season. The probable schedule with dates is as follows: October 6.....Wesleyan October 13.....Iowa October 20.....Notre Dame October 27.....Michigan Aggies November 3.....Open November 10.....Missouri November 17.....Kansas November 24.....Syracuse All the games will be at home except those with Kansas and the Michigan Aggies.

BIG SPEAKERS FOR COMMERCE FEAST

Omaha Men, Faculty and Publishers to Talk at Commercial Club Banquet Tomorrow

The annual University Commercial club banquet is to be held at the Lincoln hotel Friday evening, January 5.

The following is the toastlist: C. C. Quiggle, president Nebraska Manufacturers' association, toastmaster. Prof. J. E. LeRossignol, head of the school of commerce, "The University Commercial Club and the School of Commerce."

(Continued to Page Two)

chestra of fifty pieces and also four vocal soloists.

These performances will be given about the last of May. The same week, the chorus, directed by Mrs. Raymond, will give a complete program. They probably will give the canasta "Hiawatha." If plans now considered are carried out, two of the soloists with the St. Louis orchestra will have the solo parts in the cantata.

Professor Cornell says that this orchestra is fully as fine as the Minneapolis orchestra, and compares very favorably with the Damrosch orchestra of New York.

TRACK MEN MEET IN REED'S OFFICE THIS MORNING

All track men of the University, and all interested in track, are asked to meet in the office of Guy E. Reed, manager of athletics, this morning at 11 o'clock. Reed's office is in the east end of the Armory, basement. Coach Stewart, Manager Reed and Captain Overman of the track team will talk. They will outline the plan for the year, tell of the track schedule, and of the plans for winter training.

FIRST CALL FOR HUSKER PHOTOS

BUSINESS MANAGER EMPHASIZES PROMPTNESS

Juniors to Have Individual Pictures Again—A Big Book on Time Aim of Staff

The first call for individual and organization pictures for the 1917 Cornhusker has been issued by Business Manager Dewitt Foster. He emphasizes the fact that these pictures must be taken right away in order to put out the book on time.

Now that the holiday rush is over, Townsend's studio has practically been turned over to the student body for their Cornhusker photographs. At the present time there will be no difficulty in arranging dates for sittings.

Business Manager Foster pointed out that this individual section is one part of the book over which the staff has no control, so it is up to the student body to take the responsibility upon themselves and see that the progress of the book is not hampered on their account.

This year's pictures will follow the plan of last year—individual photographs for all the juniors, seniors and sororities, and group pictures for the fraternities and other organizations. The engraving charge will be one dollar the same as before.

While it is not compulsory to have the pictures taken at Townsend's the staff greatly desires it in order to obtain uniformity and insure a first class book. Pictures of different size or tone will be placed in their proper places with the class, but will be put on a separate plate at the end of the section.

CONVOCATION

STRING QUARTET—HAYDN

First violin—Carl Steckelberg. Second violin—Ernest Harrison. Viola—William Quirk. Cello—Miriam Pittle.

ALUMNI CONTROL LAW ENFORCEMENT IN LANCASTER

Nebraska University alumni will control the administration of justice in Lancaster county to a very large extent, commencing with today. Two justices of the peace, the county attorney and his deputy, and the county judge who commence their terms of office today are all graduates of Nebraska.

The county attorney, who makes all complaints and who prosecutes the criminals before the bar of justice is Frank A. Peterson, '09. His

KOSMET CLUB ANNOUNCES CAST

SELECTIONS MADE FOR ANNUAL MUSICAL COMEDY

Committee Condone Dissatisfied Ones—Cast Meets Tonight

After two weeks of almost daily meetings the committee in charge of selecting the cast for the Kosmet Klub play have made the selections given below. The committee wishes to thank those who "tried out" and to announce to them that a failure to be selected is not a reflection either upon one's singing or acting ability.

The parts were assigned after all applicants had been considered from the standpoint of type, that is, natural fitness in temperament and appearance to the part or parts, and the applicant's dramatic and musical possibilities. With over 150 applicants for twenty parts competition was spirited.

The members of the cast are asked to meet in Music hall tonight at 7:30.

Kosmet Klub Cast

Harold Aldrich, Gladys Appleman, Perry Branch, Frances Bollard, Myra Buntz, Louise Bailey, Carl Brown, Elting Bennett, Max Baehr, Ward Cousins, Norman Curtice, Elizabeth Crawford, Sarah Cox, Emily Cox, Ray Doyle, Elizabeth Doyle, Helen Dill, Le Rue Gillern, Anna Gish, Margaret Gish, Martha Garrett, Helen Houston, Walter Johnson, True Jack, Amy Koupal, Chick Keyes, R. O. Leech, Margaret Loman, Helen Loftman, Florence Lyford, Ellsworth Moser, M. Munson, Helen Minor, Valentine Minford, Bob Miller, Katherine Newbranch, W. E. Nelson, Emma Neilsen, Ora Oneal, Jean Preece, Daisy Parks, Dan Proudfit, Laird Potter, Roscoe B. Rhodes, Loy Ream, Otilia Schurman, Susie Scott, Natalie Spencer, Alma Seim, Verlin Taylor, Alice Temple, Ruth Temple, Frances Whitmore, Ruth Whitmore, Winifred D. Williams, Vernice Wolfe, Helen Young, Donald Yale, Ed Young Harlan Young, Cecylle White.

REGENT'S REPORT TO LEGISLATURE NEAR COMPLETION

The biennial report of the regents to the state legislature, delayed because of trouble at the printing office, is almost ready for presentation, final proofs having been received.

The report will be more complete and more detailed than ever before. It will contain an account of the work done by A. O. Johnson, the efficiency agent, appointed on recommendation of the legislature, who is just completing his first year with the University.

BASKET FLIPPERS TAKE TRIP TO OPEN SEASON

The official opening of the basketball season will probably be away from home if present plans work out. Manager Reed is working on a possible trip through Iowa and Minnesota which will take place next week, beginning Tuesday night and ending Saturday night.

The schools to be played are, Simpson, Grinnell, Iowa, St. Joseph's college, all in Iowa, and Hamline college of St. Paul, Minn. This schedule is not certain yet, but it will probably be carried out as planned.
