GIRLS REPORT ON HEALTH SUPERVISION
 (Continued from Page One)

been corrected by the co-operation of such a health supervision department and the physical training department, and the result has been a stronger and healthier student body. It has emphasized the value of prevention over that of cure. Many diseases have been discovered in their incipency, and thus it was possible to make cures more easily. It has led to a greater saving of time and money to the students of the institution.

We, therefore, respectfully petition your honorable body to establish such a department at the University of Nebraska with a resident physician and nurse, who are to look after the health of the students and treat all cases that may come to their notice. We further petition that to facilitate such work an infirmary be established where proper treatment and care can be given.

Respectfully submitted,
EDNA COLLINS,
EVA MILLER,
ADA JOHNSON,
MILDRED WESEEN,
EASTER ORD,
ETHEL STONE,
SARAH COLE,
ANNA LUCKEY,
 Chairman.

The questionnaire:
 To the Members of the Girls' Club Council:

In order to carry out the resolution to petition the board of regents to establish medical supervision at the University of Nebraska, which was unanimously adopted at a mass meeting of University women, the committee drawing up this petition ask you to co-operate with it by answering the questions submitted herein.

Each council member will please interview every girl whom she represents, keeping a careful record of the answers and averaging the results. These answers must be in the hands of the chairman, Anna Luckey, by November 27, 1916. Please place them in the box provided for the purpose in Miss Drake's office.

1. How many girls do you represent?
2. How many days were you absent during the last school year on account of illness?
3. How many times did you consult a physician?
4. What was paid out for this medical consultation?
5. How many times did you feel that you should consult a physician but did not do so?
6. Was your illness chronic or acute? (Give percent).
7. Did you remain in your room? Did you go home, or Did you go to a hospital? (Give percentage in each case).
8. If you remained at your rooming place, did you have sufficient good care? If not, why not?
9. Are you in favor of having medical supervision at Nebraska?

Ohio—Gold footballs were presented to the members of the 1916 team at the annual football banquet in December. These were given in addition to the sweaters and numerals which are always presented to athletic teams there. Chic Harley will probably be honored with a silver loving cup for being the first Ohio State man to be chosen All-American for the past decade.—Ex.

Simmons—In contrast is offered a freshman resolution from Simmons. Resolved, "Never to study unless it is absolutely necessary; never to eat onions before going to a dance; never to go to see the same girl twice; never to criticize the faculty; never to keep my light on after 10:30, and never to frisk the street car company for more than five cents. Furthermore, I shall give all respect to upperclassmen."—Ex.

PROPOSE RURAL SCHOOL LAWS

RURAL SCHOOL PATRONS SUGGEST BILLS TO LEGISLATURE

Hope School Near Humboldt Subject of Special Attention at Agriculture Meeting

Two bills looking toward the betterment of the rural schools of Nebraska will be presented to the legislature as a result of the meeting of the Rural School Patrons' association at the state farm yesterday morning.

One of the proposed measures will provide for state co-operation with the extension department to establish a short course or winter term for boys and girls not in regular schools. The other request to be made of the legislature by the association is that the state printer let contracts for textbooks and sell them to rural school districts at 5 per cent above cost. The present rural school problem in
