CO-ED INJURED IN CHEM. EXPLOSION

ALICE SEDGWICK, '20, RECEIVES MINOR INJURIES ABOUT HEAD

Alice Sedgwick, '20, of Newcastle, Wyo., received minor injuries about the head yesterday afternoon when a bottle containing an "unknown" exploded in the chemistry laboratory. It is thought that the injuries will not prove serious.
 The cause of the explosion is not known for sure, but it is thought that due to heating, oxidation took place, very rapidly and with great force. The bottle contained some magnesium and probably manganese dioxide, two readily oxidizable substances.
 The explosion was heard as far away as the gymnasium steps.

Illinois H. S. Inspector a Visitor
 Prof. J. J. Dudcoct, state high school inspector of the University of Illinois, visited the city and farm campuses and the Temple high school with Prof. A. A. Reed yesterday.

DRILL WILL NOT BE DISCONTINUED

REMAINING CADETS MUST DO WORK TO GET CREDIT

Drill for those cadets who do not go to Fort Snelling or to the farms will not be discontinued, Captain S. M. Parker, commandant, announced yesterday, to contradict a false report that all drill would be abandoned.
 Although most of the cadet regiment will either be drilling at Fort Snelling or laboring on Nebraska farms within a week, the department of military-science will not give up its work any more than other departments.
 In order to receive their drill credits, all cadets still registered in the University will be required to continue their training as usual.

CO-ED TENNIS TO FOLLOW TRACK MEET

A girls' singles tennis tournament will be held soon after the track meet, the W. A. A. decided at a meeting yesterday morning at 11:30 o'clock in the lecture room of the gymnasium. It was also decided that the girls who enter any of the events

OUTOPALIK LEAVES FOR A. A. U. MEET

WESTERN CHAMP WILL COMPETE FOR NATIONAL HONORS

Hugo Otoupalik, captain of the varsity wrestling team for the past two years and western intercollegiate light heavyweight champion during that time, left yesterday afternoon for Atlantic City, N. J., to compete in the national amateur athletic union championship. San Francisco was the original meeting place, but it was changed to Atlantic City to be nearer the largest number of schools that would be represented.
 Otoupalik is expected to make a good showing at Atlantic City as there is no one in the west that has even threatened his crown, and if the west can't produce good competition it is probable that the east can do little better. "Otie" has had quite a bit of experience with all grades of amateurs since entering the University. He has taken part in three western intercollegiate championship meets besides many dual meets.

CO-EDS TO HIKE TO PEN WOODS THURSDAY

Members of the University Girls' club have the Edward Weston germ—and are making big plans to work off the "feelin'" Thursday afternoon "after school." A real-for-sure hike is planned to the Pen woods, the hikers to leave the Y. W. C. A. about 5 o'clock.
 Arrangements have been made for a very filling and efficient lunch to be served at the woods at 7 o'clock. Every University girl is invited to go. Tickets may be procured today and Thursday from members of the Girls' club board on the campus.

Sara Heitter Guild Head

Sara M. Heitter, '19, was elected president of the women's section of the University students' guild at a meeting held at the First Presbyterian church recently. Marian Henninger, '19, was elected secretary for the coming year.

THURSDAY, FRIDAY AND SATURDAY

in the track meet will be charged the ten cents admission.
 The color of the final trophy, the "N" sweater, was discussed but not decided upon. Many of the W. A. A. members want a white sweater and a red letter, others want the

LILLIA SNELLING, Contralto Soloist with St. Louis Symphony Orchestra.

sweater to be red and the letter white. It was voted that the winners in the tennis tournament be given twenty-five and the runner-up fifteen points credit.

BANDAGE CIRCLE WILL NOT MEET TOMORROW

The bandage circle will miss the first meeting since its organization this week because the basement of the First Congregational church will not be available tomorrow. The circle will continue their regular Thursday meeting next week at the usual place.
 All girls who intend to start the bandage circle work in their homes this summer are asked to report to the committee at the meeting next Thursday for instructions as to carrying on this work.

Harvard Closes May 7

Harvard university will close on May 7 for all its students who have entered the reserve officers' corps. The training of this course is of an intensive nature, and will include all the work of the regular army. At least two thousand men, not including alumni, have enrolled for the course, which will continue during the entire summer.—Ex.

DR. SCHNEIDER SPEAKS TOMORROW

WILL ADDRESS SPECIAL PHARMACY CONVOCATION IN ARMORY

Dr. Albert Schneider, head of the department of bacteriology and pharmacognosy of the University of California, will speak at the special pharmacy Convocation in the Armory Thursday morning on the subject, "The War and Vegetable Drugs." The lecture will be of a popular nature and not technical. Dr. Schneider has in mind a popular audience and his lecture will be of interest to all those who will be able to hear it.
 For many years Dr. Schneider has been inspector of drug importation at the San Francisco port and is one of the pioneers of drug plant culture in the United States. He is a research man of high standing in the lines which he represents.
Wisconsin—Recently 175 square feet of plaster fell from the ceiling of the main hall of the university. One student was injured in the arm.—Ex.

D. W. GRIFFITH'S COLOSSAL \$2,000,000 Spectacle "INTOLERANCE," Now Playing at the Oliver, Twice Daily

THE UKULELE

THE languorous charm of the Hawaiian native instruments—so moving in appeal, so observably in vogue—is strikingly characteristic of the Ukulele. Its tone possesses that curiously beautiful timbre, that exotic charm of tonal quality which has made these instruments so sensationally popular.

The Ukulele has a pleasing grace of form. The finer models are made of genuine Hawaiian Koa wood. It is much in request today among the smarter college and other musical organizations.

It is easy to learn. Its price includes an Instruction Book.

Hawaiian Steel Guitar

Every chord struck upon this typically representative Hawaiian instrument is marked by a weird, plaintive harmony and strangely beautiful qualities of tone. It brings, to any music, qualities full of vivid color and varied charm.

Price \$8.00 and upwards, including steel and set of Three Thumbes for playing, and Instruction Book.

Catalogs on application.

LYON & HEALY
