RECORDS FALL IN MINNESOTA MEET

THREE NEW NEBRASKA AND TWO MINNESOTA MARKS SET

Finney Lowers Time in Both the Hurdles—Riddell and Graf Show Up

Three Nebraska records and two Minnesota records were broken Saturday when the Cornhuskers sprung one of the biggest surprises in years and defeated the Gopher track men 66 to 59.

As in the meet three years ago when Nebraska beat the Gophers a few points when Zumwinkle won the mile relay, so the meet Saturday depended upon the mile relay and the Cornhuskers produced the goods. The victory is the more remarkable when it is considered that the Cornhuskers were represented by only eleven men and that in two events none were entered, and in four others only one man was entered. Lack of men to put in these places gave the Gophers a lead of 28 points without really competition. There was no event in which Minnesota did not have two men entered.

Three Cornhuskers Shine

The individual performances of Riddell, Finney and Graf were the most notable as these were the three who established the new records. Ted Riddell, who had been seriously working on the javelin throw for about a week before the meet, competed

Finney Still Improving

Mike Finney ran the high hurdles in 15 3-5 seconds, which is 15 of a second better than the record established in 1909 by McDonald. Not being content with this remarkable performance, Mike went in a little later and ran the low hurdles in 25 4-5 seconds, 15 of a second slower than the standing record for that distance. In the two mile Graf cut seven seconds off the record he made a week ago Saturday, running the distance in 9 minutes 52 seconds. This is the record that will stand in place of the former 10 minutes and 6 seconds made by Louis Anderson also in 1909.

Some Other Performances

There were a number of other remarkable records made by the Cornhuskers. Reese in winning the shot made a put of 39 feet 3 1/2 inches. Later he threw the discus over 121 feet and forced Hauser to make a new Minnesota record to beat him. Captain Overman won the mile easily and in the half mile he drew second. Owen tied his record of 51 seconds for the 440, which he made last year in the Minnesota meet. Werner in making 12 points was the individual star of the Nebraska team.

Nebraska took ten firsts and tied for the eleventh while the Gophers, in the events in which there was a Nebraska man entered, took three firsts and tied for one.

The Summary:

100-yard dash—Johnson, Minnesota, first; Owen, Nebraska, second. Time—10 1-4.

150-yard dash—Johnson, Minnesota, first; Owen, Nebraska, second. Time—14 1-4.

200-yard dash—Johnson, Minnesota, first; Owen, Nebraska, second. Time—22 seconds flat. New Minnesota record.

800-yard dash—Johnson, Minnesota, first; Owen, Nebraska, second. Time—1:24 1-4.

FINAL SELECTION OF RECRUITS MADE YESTERDAY

Camp Opens for Business Today—Captain Parker Has Received no Orders

Ten University men were ordered Saturday and Sunday to report to Fort Snelling by the time of the opening of the camp today. The final selection of men for the few remaining places was made yesterday afternoon.

He wired the central department at Chicago last night for information concerning his station for the summer.

NEW YORK UNI. STARTS CAMPAIGN FOR A MERCHANT MARINE

College students all over the country are being urged to take part in the forming of an intercollegiate Marine league for the purpose of helping create public opinion in favor of the re-establishment of a merchant marine. The work is being carried on by the National Marine league of the United States which believes that the re-establishment of such a marine is absolutely necessary to the success of our country because our navy depends upon it for auxiliaries and our foreign trade for transportation.

The student council of New York university has taken part in the work of organizing the league and has passed resolutions endorsing the public educational campaign and urging all students to co-operate in enlisting the active assistance of college men. "Obsolete restrictive legislation must be repealed and friendly laws substituted; and the accomplishment of this will come only from an enlightened public opinion," they urge. They believe that it is in the formation of this opinion that the college man can perform a valuable and truly patriotic service.

FORM EIGHT WEEK CLUBS FOR SERVICE

The social service committee of the Y. W. C. A. is organizing Eight Week clubs, through which University girls who go out into small towns or rural communities will have an opportunity to do some form of national community service. These clubs must have eight meetings during the summer, one of which must be open to other than club members.

Each club must do at least one piece of community service. It may be a canning club, a bandage circle or any other form of service of which the community is especially in need.

Originally these clubs were organized only for community improvement but in the present crisis, they include any form of national service. After the eight meetings have been held and some service rendered, they are eligible for a certificate from the national board of the Y. W. C. A. Miss Fanny Drake, University Y. W. C. A. secretary, will be glad to furnish any necessary information to girls who are interested in this work.

GOODMAN, FORT SNELLING RECRUIT, IS A NEPHEW OF "BUFFALO BILL"

Walter F. Goodman, '17, of Cody, Wyo., one of the two hundred Nebraska men who went to Fort Snelling to train for the officers' reserve corps, is a nephew of the late William F. Cody, "Buffalo Bill."

Goodman was raised in the vicinity which his uncle has made famous in American history. He received no military training outside of the University, but served as a cadet for two years. He entered the cavalry division of the Fort Snelling recruits.

Joins Regular Army

Roy Bedford, '19, of Lincoln, a member of the reportorial staff of The Daily Nebraskan, left yesterday afternoon for Fort Logan to begin his training with the infantry of the regular army. He enlisted as a private Saturday.

FESTIVAL CLOSES WITH "HIAWATHA"

MUSICAL VERSION SUNG BY CHORUS AND GLEE CLUB

Closing the annual May music festival last evening, the University chorus, aided by Thomas McGranahan, tenor, and Charles E. Gallagher, bass, of Chicago, and Anette Abbott, soprano, of Lincoln, presented the musical version of "Hiawatha" by Coleridge Taylor. The Temple was filled by a varied audience of students and Lincoln people.

The glee club was represented in small numbers because so many of the men have left for the training camp and for farms at home, and the chorus was also somewhat depleted, but the work of both organizations, under the direction of Mrs. Raymond, was a fitting close to their successful season. It was their only formal appearance since their return from University week.

The Story of "Hiawatha"

The special singers in solo parts were well received by the audience. Thomas McGranahan won particular recognition for his tenor.

The story of the composition of "Hiawatha," with its masterly interpretation of Indian music, is almost as fascinating as the legend itself, for it is in part the story of Coleridge Taylor, a strange figure among composers. Of negro parentage, Taylor spent most of his life in England, where he was honored and liked by the British. "Hiawatha" is one of his best compositions, and the reproduction of Indian music found in it is said to be some of the best that has ever been scaled.

PAY TRIBUTE TO MARSHAL JOFFRE

LINCOLN RAISES \$1,000 SUNDAY FOR ORPHAN FUND

Mayor Miller Sends Telegram to French Hero—Now Supporting Eighty-One Orphans

Tribute to Marshal Joffre, the hero of France, in the form of a subscription of over \$1,000 for the children who have lost their fathers in the war, was paid by the people of Lincoln at a mass meeting Sunday afternoon in St. Paul's church. The meeting was promoted largely by University faculty men.

A telegram to Marshal Joffre, conveying to him the message of this tribute of Lincoln, was sent by Mayor Miller yesterday.

The \$1,000 raised Sunday is but a part of the total amount Lincoln and the University of Nebraska has given to the war orphan fund, which totalled \$5,073.50 yesterday, according to Max Westermann, of the finance office, who is handling the subscriptions. The list of children now being maintained is \$1; it is planned to support 250.

I hope that the subscription list will be considerably increased in the near future, when I will send it to you. I beg of you, M. le Marechal, to accept our offering as a tribute to yourself and an expression of sincere regard for your great country and your noble army.
