### FOR THE RED CROSS

The campaign of the American Red Cross to get members in Lincoln commences tomorrow morning. Every University student and every member of the faculty should become a member of this society before the week is ended.

The work of the Red Cross is the work of relieving the helpless in suffering, no matter of what country, or what the conditions. The American Red Cross has done wonderful service in such catastrophes as the San Francisco earthquake and the Dayton floods. Now it will devote its energies to the work of relief for the American soldiers on the battle fields of Europe, to which a division of troops has already been ordered.

If you have a relative or friend in the army, in Ft. Snelling, or expecting to get into the army, you will want to help the Red Cross, for that friend may be saved from death by that very help. If you are an American, whether or not any of your own acquaintance are likely to go into battle, you will want to join the Red Cross for you will want to be doing something concrete for the good of your nation and its defenders.

Members of the University Girls' club will be taking subscriptions of those wishing membership during the coming week. Nebraska University should have one membership for each one of the students enrolled at the present time. Any less than that will not be doing for this organization what the University is capable of doing.

### THE NEW NEBRASKAN STAFF

The election of Ivan G. Beede as editor-in-chief and Leonard W. Kline as managing editor of The Daily Nebraskan for next semester is deserved recognition on the part of the publication board of the splendid work these two have done on the paper in the past. Mr. Beede has the knowledge of student life needed for one who guides the editorial policy of the paper, and Mr. Kline has had a severe apprenticeship in the newsgathering end of the business.

Mr. Cook, the new associate editor, has had a wide experience in the newspaper field. The re-election of Miss Noble and the election of Miss Newbranch as associate editors completes a very able staff.

The war may affect the University in such a way that these people will have a more than usually difficult task in managing The Nebraskan. The students may be assured, however, that the paper will more than ever be "the best university newspaper in the world."

### THE TRACK TEAM'S VICTORY

Nebraska defeated Kansas in a track meet last week that showed that this branch of athletics has reached its proper place in the University. The Kansans came expecting an easy victory; they returned, having suffered an overwhelming defeat.

The display of courage of one of the members of the Husker track team, who ran yards on a bare foot, his flesh being cut at every step by cinders, has not been surpassed on the gridiron by any Nebraskan. Griffith Owen did a fine thing when he won that relay race for Nebraska.

The students will look forward to the coming conference meet at Ames, confident that their team will give a good account of itself. Nebraska will probably not win, but it will be a good team that beats her.

The most important event of the week is the student council election Friday in the Armory. Don't forget it.

A few of the bronze medals that are being sold for the benefit of the French War orphans can still be had at The Nebraskan office, if the students who are selling them do not reach you.

ahead and took the pole. O'Leary, who was in for that very purpose, kept up a hot pace, and Owen had to let him pass. Then Rodkey came up from behind on the outside and completely "boxed" the little Cornhusker speedster. Then in order to get ahead Owen had to run outside both these men. He demonstrated his superiority on the stretch, however, and left O'Leary in the dust and gradually drew up even and then ahead of Rodkey. It was one of the most thrilling races seen on Nebraska Field for some years.

in the war, are mostly of the poorer classes. Their mothers are in various occupations, varying from farm servants to the butcher's trade.

The basis on which the various people select the children for adoption is quite amusing. One young lady chose a certain child because it lived on the same street in Paris in which she had lived when there. Others have selected certain children whose ages or names are similar to those to their own children.

#### 55,000 Orphans

At the last report from the national committee, about 55,000 names had come into their possession and of this number, about 25,000 had been adopted. The names were being reported at the rate of approximately one thousand a week.

Student are encouraged to take the medals for this cause home with them this summer and interest their local community in the work. One student is particularly successful in selling silver medals at four dollars each. The money obtained in this way is sent in the name of the Lincoln committee for the adoption of orphans.

The report up to date is given below:

Like Camp Life.—Brief notes from Fort Snelling to the student activities office declare that the men there are enjoying camp life. Work is hard, but not too much so, the food is good, and the officers and men are fine fellows, Nebraska men declare.

## NEARLY THOUSAND HAVE LEFT UNI.

### 998 STUDENTS HAVE DEPARTED FOR WAR EMERGENCY

#### Three More Co-Eds Withdraw in Order to do Garden or Replace a Man

Withdrawals of students Friday and Saturday continued light with only eleven students handing in their applications Friday and two Saturday. Only those students are granted leave of absence at present for whom there is imperative need on the farm or in other food conservation work and those who are intending to enlist in actual service.

Daisy Parks, '20, Greenwood, who withdrew Friday intends to help with the farm work as all other available help has enlisted and Lillian T. Gnam, '18, of Carroll, Ia., will work in a store at her home.

Irene Doty, '20, of Hastings, the Saturday withdrawal of the co-eds, left the University to do cooking, gardening, and raising of chickens.

The total number of withdrawals from the University Saturday evening was 998. The number is expected to exceed the thousand mark, although not by very many, during the coming week.

The list of withdrawals follows:

**Friday**  
Wilford S. Nelson.  
J. Leland White.  
Daisy I. Park.

### JUNE 5 IS DATE FOR ARMY DRAFT

(Continued from Page 1)

A stamped self-addressed envelope should be enclosed with the registration in order that the certificate of registration may be returned to keep you out of trouble after that date. It will be the duty of every county and state official after June 5 to see that every man within the age limit has one of the certificates.

#### Twelve Questions Asked

The registration blanks contain twelve questions to be answered. The full name is required, age in years, home residence by street, city, county and state. The date of birth is next and whether a natural born citizen, an alien or a person who has declared his intention of becoming a citizen.

Place of birth, town, state, and county are next and if the person is not a citizen of this country he must state the country to which he does belong. Present trade and occupation are asked for and is very important according to the officials. Those who have dependents are questioned concerning these. The department wishes to know whether the man is married or single, what military service and the rank, branch, years and the place of such service. Last is the ground on which exemption may be claimed. Every possible claim is noted and it must be made specific or it will not be considered.

The People's Home Library has been adopted as the official report of the International Aid Association which has 250,000 members. The object of this association is to lower the death rate and teach economy. The association believed the distribution of P. H. L. will aid in accomplishing these objects.

Daily average of agents in the field this season is over \$13. A banner year for selling to farmers.

### HUSKERS VANQUISH SOUTHERN JAYHAWK

(Continued from Page 1)

26:4. "Billy" Bryans, who won second in this event without having trained for it, served to show just how helpless Kansas was throughout the meet.

**The Two Mile Run**  
Graw did the expected in the two mile finishing half a lap ahead of the nearest Jayhawk. Graw sprang a surprise by taking the half-mile in easy fashion. Captain Overman was against an exceptional runner in the mile and after setting the pace, and incidentally breaking the wind for four laps was beat in the stretch. The time of this race, 4:31:4 was excellent time considering the strong wind blowing into the faces of the runners on the back stretch.

One remarkable feature of the meet was that Nebraska had ten men entered against eighteen used by the Jayhawks. That a team with the largest number of men entered has an advantage was clearly demonstrated in the 440. In this race Kansas had O'Leary and Rodkey, entered against Owen. At the start Owen sprinted
