

### Kansas Captain Must Have Been Doping The Meet For Huskers

It is a very marked human trait to crow after a victory. But the Kansas victory was so great and unexpected and the Cornhuskers so far outgamed the Jayhawks that a little chest and head expansion will be permissible. Below is the "dope" on the meet as Captain Rodkey of the Jayhawks had it before leaving Lawrence and as it actually turned out. The least that can be said is that the Kansan had a bad case of over-confidence. The only events he doped right were the mile, the low hurdles and the broad

jump. The pole vault gave more to the Jayhawks than he figured on but in the rest of the events there was a difference of anywhere from 6 to 16 points in his doping and the actual results. There can be no alibis coming from the south because all the records made by the Cornhuskers were good and the Jayhawks did not lack the performers the advance dope would lead to believe were missing. Following is the sad, sad story of the Jayhawk ruin:

Before		After

### CALENDAR FOR NEXT YEAR IS ANNOUNCED

REGISTRATION WILL BE HELD SEPTEMBER 12 TO 15

No Cornhusker Banquet Scheduled—No Holiday on Charter Day

The University calendar for the year 1917-18 has been completed, and is announced by the University authorities. Copies of the calendar have already been mailed to the different organizations of the school, to assist them in scheduling special events for the next year.

The calendar reveals the registration days for the forty-seventh year of the state University, as September 12 to 15. The closing date for next year is the commencement, coming June 12, 1918.

One affair not making its appearance on the calendar for the first time after several years, is the Cornhusker banquet. This was abandoned because of the failure of the men students to observe proper decorum at the football feast of last year. Hope has been expressed on the campus that with the inauguration of the student council, now confidently expected, the banquet will again be given a place on the calendar.

**Charter Day Plan**  
Charter Day is listed for February 15, but again it is not scheduled as a holiday. This anniversary of the University's organization was abandoned as a holiday. This anniversary of the University's organization was abandoned as a holiday this year, and it is the evident intention of the faculty not to allow the students a recess from classes next February 15. The annual mid-winter commencement will be held that night, as usual.

The sixth annual homecoming has been set for the day of the game with Missouri university—November 10. Mixers will be held on the nights of September 29 and November 11.

Thanksgiving recess begins November 27 and ends December 1. Christmas recess begins December 22 and ends January 5. Spring recess begins March 30 and ends April 6. Ivy Day has been set for May 9.

### ART DEPARTMENT GIVES EXHIBITION

Awards Made to Students for Excellent Work in Different Departments

The art gallery Saturday night was the scene of the first annual exhibition of the art students of the University, given under the direction of Prof. Blanche C. Grant. A reception was held by the students, and after the work had been examined, a dance was enjoyed.

Awards for excellent work in different classes were made. For excellence in life model work, awards were given Dwight Kirsch and Evelyn Caldwell, with honorable mention to Minnie Hansen.

For excellence in antique, awards were given Sterling Coe and Marguerite Polk, with honorable mention to Lucille Berghman.

This was the first complete showing of art work by the students. Poster designs, commercial posters, drawing, engineering work, and other classes of design were shown. The exhibition was also open Sunday afternoon.

### PERSHING TO LEAD TROOPS TO FRANCE

(Continued from Page One)  
 Pershing would lead the American forces to France, the hopes of Colonel Roosevelt to lead a volunteer division were disappointed. The best military advice the president has received has been that regular troops, under a trained army head, should be sent to battle.

Final Examinations Soon.—Announcement of final examinations in French and Spanish for a week from Saturday was made last week. These will be the first of the finals, the rest to be held during the first week of June.

### VENUS 10¢ PENCIL

No matter what course you're taking you need this famous pencil!

BECAUSE of the superlative quality of material and workmanship, VENUS is admittedly the finest pencil it is possible to make. If you like a thick soft lead that marks so that you can read the writing half way across the room, choose the soft degrees 6B—5B—4B. For short-hand notes or easy writing 3B—2B—B (medium soft) are popular. For sketching, general writing purposes, etc., HB—F—H—2H (medium) will prove desirable. For drafting, a medium hard pencil gives the best results and you'll like 3H—4H—5H—6H.

For very thin, narrow lines for extremely accurate graphical charts, maps, details, etc., 7H—8H—9H are available.

Look for the distinctive water mark finish on each of the 17 black degrees and hard and medium copying.

Your professors will confirm these statements as to the merits of VENUS pencils.

### THE UKULELE

THE languorous charm of the Hawaiian native instruments—so moving in appeal, so observably in vogue—is strikingly characteristic of the Ukulele. Its tone possesses that curiously beautiful timbre, that exotic charm of tonal quality which has made these instruments so sensationally popular.  
 The Ukulele has a pleasing grace of form. The finer models are made of genuine Hawaiian Koa wood. It is much in request today among the smarter college and other musical organizations.  
 It is easy to learn. Its price includes an Instruction Book.  
**Hawaiian Steel Guitar**  
 Every chord struck upon this typically representative Hawaiian instrument is marked by a weird, plaintive harmony and strangely beautiful qualities of tone. It brings, to any music, qualities full of vivid color and varied charm.  
 Price \$2.00 and upwards, including Steel and Set of Three Strings for playing, and Instruction Book.  
 Catalog on application.
