DISCONCERTING NEWS ENTERS HUSKER CAMP

Workouts Continued Yesterday With Forward Passes, Punts and Place-kicks

ELEVEN FRESHMEN ARE OUT

The first bit of disconcerting news sneaked into the Cornhusker football camp yesterday afternoon when it became known that Schellenberg, a promising backfield prospect from last year's freshman team, has been troubled for some time by a wrenched back, and might not be able to play at top form this year. The injury was acquired during the basketball season last winter, and has been causing trouble for some time.

A trip to the hospital with Coach Stewart failed to give assurance that it can be easily cured. The only remedy prescribed by the doctor was careful work on the football field until the back was stronger.

The practice yesterday consisted of work in handling punts and forward passes, and kicking. Munn, the 215-pound husky from the 1916 freshman squad, has practically regained his last year's place-kicking form and was dropping them over regularly from the vicinity of the fifty-yard line, with an occasional boot for sixty yards.

Teeters, a sophomore who showed the stuff that good varsity men are made of last year, reported for work yesterday and was given a uniform. He weighs about 190 and is fast for a man of that weight. Teeters is (Continued on page two)

MISS HEPPNER IS NEW DEAN OF WOMEN

Appointed to Succeed Mrs. Mary Graham Hiltner

Prof. Amanda Heppner of the department of Germanic languages and literatures has been appointed by Chancellor Avery as dean of women to succeed Mrs. Mary Graham Hiltner, who resigned following her marriage this summer. The office of the chancellor announced last evening that the appointment had been ratified by the board of regents.

Arrangements have been made so that Professor Heppner will gradually be relieved of her duties in the German department so that she may in the end give all of her time to her new work. She will assume her duties soon after college opens next week.

Mrs. Mary Graham Hiltner was dean of women for five years, being appointed to that position not long after her graduation from the University. She was married to Arthur Hiltner, formerly assistant registrar, and now a member of the firm of Hiltner Bros., florists, last July.

FOUR PECKS SEED WHEAT PER ACRE FOR EAST NEBRASKA

If the wheat seed bed is well prepared and seed is sown reasonably early, less seed can be used than when soil is cloddy and dry or when the seed is sown late. Four pecks sown early in a well-prepared seed bed is a fair rate for eastern Nebraska. In western Nebraska less may be used if conditions are favorable.

According to results of a five-year test at North Platte, a two-peck seeding yields only 1.3 bushels an acre less than a five-peck seeding. This was on summer-tilled land where conditions are most favorable. The reason for this slight difference is that under such conditions stooling makes up for a thin stand. For average farm conditions this thin seeding would not be practical.

Marjorie Green, '17, is head of the department of physical education at Washington state agricultural college, Pullman, Wash.

Ethel V. Graham, '17, has accepted the principalship at Ruskin, Neb.

Edith Brown, '17, has charge of the physical education work at Fremont.

Ora Neff, '17, is teaching at Carson City, Nevada.

Loy Goss, '14, and Ethel Stone, '17, are teaching in the Nelson high school.

Dorothy Anderson, ex-'19, who attended school at National Park seminary last year, has returned to school at the University this fall.

AWGWAN MADE FIRST BOW TO UNIVERSITY STUDENTS YESTERDAY

The first number of the Awgwan, the University humorous publication, made its appearance on the campus yesterday.

The Awgwan tries to lighten the dull cares of the students, to show that there is cheer as well as gloom on the campus, comedy as well as tragedy and smiles as well as tears. It is a picture portrayal of the life and activities of the campus.

The editorial staff of the Awgwan consists of Wayne L. Townsend, editor-in-chief; Carlisle Jones, managing editor, and Dwight Kirsch, art editor. George Driver, Eleanore Fogg, M. Noble, Harold J. Weeth, Wendall K. Moore, Lyman Thomas, George Bushnell and W. S. Nelson make up the reportorial staff.

TRYOUTS FOR BAND MEN HELD TONIGHT

Prospects Bright—To Have One of Best Bands in History of School

MANY OLD MEN ARE BACK

Band tryouts will be held in the Temple theatre tonight at 5 o'clock. This announcement was made by Dr. Cornell yesterday evening when he found that, because of business engagements, he could not meet the new men. The tryouts will be staged whether Dr. Cornell can take care of them or not tonight.

Ten ambitious first year men appeared with their instruments at five last night and were registered. These men will be given the first chance tonight, if they appear at the appointed time.

Prospects for one of the best bands in the history of the school are bright. Members of last year's band are appearing upon the campus in large numbers and only a few of those who would naturally be here have been kept away by the war. Clarinets are the instruments most needed in the band this year. New men playing this instrument will have a fine chance of making the band.

It has not been definitely determined as yet how many trips will be made by the band this year. In former years the custom has been to take the band on football trips, and the same program will probably be followed this year.

PROF. MARION YOUNG NEW WOMEN'S DIRECTOR

Athletics for Co-eds To Begin Next Week

Professor Marion Young, formerly professor of physical education at Holyoke college, Massachusetts, has been elected director of the women's gymnasium at Nebraska University, succeeding Professor Ina Gittings, whose resignation was accepted last spring.

Professor Young is a graduate of the New Haven Normal school. As soon as the examinations of the freshmen are finished and classes organized, practice of soccer ball and other sports for women will be begun.

Since the organization of the Nebraska Women's Athletic association more interest in athletics has been shown by the co-eds, and the instructors expect large numbers out for class teams.

Six Years Ago Today

The 1911 schedule of the Nebraska team was announced. It included games with Kearney, Kansas Aggies, Minnesota, Missouri, Ames, Doane, Kansas and Michigan.

Two Years Ago Today

The football schedule for 1915 included games with Drake university, Kansas Aggies, Washburn college, Notre Dame, Iowa college, Wesleyan university and Kansas university.

Dorothy Davies, ex-'17, is at the Delta Gamma house during rush week.

Mrs. Rolfe Halligan, '12, will be in Lincoln visiting her parents, Mr. and Mrs. T. J. Doyle, for a few days. Later Mrs. Halligan will go to Deming, N. M., where her husband, Captain Halligan, '12, is stationed.

GREEKS TO FINISH PLEDGING TOMORROW

Sororities Will Pledge New Mem- bers From 5 O'clock to 6 O'clock Tomorrow

RUSHING SHOWS ECONOMY

Fraternity pledging closes Saturday, September 15, at midnight. All pledges must be reported to J. T. Lees, chairman of the interfraternity council, by Monday, September 17, at 6 p. m. Most of the fraternities have put forth their strongest efforts on Wednesday and Thursday. The fraternity rushing has been thoroughly in earnest this year, since a larger number of freshmen than usual will be needed by many of the fraternities to fill the places of the upperclassmen who have been unable to return. With an increase in the number of freshmen taken, a large percentage of the "Greeks" will be able to hold their own and make a success of a year that looked gloomy last spring.

The sororities will have their pledging from five to six on Saturday of this week, which will terminate the four days of "closed rushing." All invitations for freshmen girls to join organizations must be handed in to Miss Pound, chairman of intersorority council by 9 o'clock Saturday morning. At a pan-hellenic meeting on Tuesday, Miss Pound urged all sororities to exercise care in keeping rushing rules, and asked that the various organizations show a friendly spirit toward each other in this regard. All freshmen girls who are prospective candidates for sororities must have completed their registration by 5 o'clock today.

Rushing for the girls has taken on a different aspect since the limitation of all rushing expenses to fifty dollars. The co-eds say that it takes a lot of figuring to have several rushing parties on that amount, for twenty or thirty girls, but nearly all are in favor of cutting expenses in this way. Extras such as cut flowers, orchestras, and expensive favors, have been entirely eliminated by many of the groups. Instead the girls are making their own favors, providing entertainment from their own material and in other ways making the parties more originally attractive.

"TIM" COREY DISCARDS MOLESKINS FOR KHAKI

"Tim" Corey, the husky captain of last year's Cornhusker football team, is now at Fort Snelling in charge of a company of men who are learning the war game in the second officers' training camp.

When the training camp was opened last fall, Corey was one of the first to have his application

sent in. He was called to report, and left some time before school was out. "Tim" liked the work in the camp and went at it with the same determined spirit for which he was noted on the football field, and as a result he received a commission as captain in the infantry service.

Corey was always a welcome leader on the gridiron, and the men enjoyed doing their best for him. A number of the men who fought with him on the football field are now training with him in the camp, or are engaged in active service at the front. Every one of them has a warm place in their heart for Captain "Tim" and would be ready to go with him wherever he led.

Five Years Ago Today

The 1912 Cornhusker football schedule was announced. The games for that year were to be with Bellevue college, Kansas Aggies, Minnesota, Missouri, Doane college, Kansas university and Oklahoma university.

SIXTY MEN ATTEND SECOND Y. M. C. A. OPEN HOUSE LAST NIGHT

More than sixty men were present at the second night of the Y. M. C. A. open house, held in Palladian hall at the Temple last evening. A program of games and contests filled most of the evening.

Dr. E. J. Stewart, coach of the Cornhusker football team, spoke to the men, emphasizing their duty to the University and the responsibility that rests upon them. Several members of the upper classes explained the organizations and societies of the school.

Sunday afternoon at 3:30 o'clock a third meeting especially for freshmen will be held in Faculty hall on the second floor of the Temple. Dr. E. M. Tompkins, pastor of Trinity Methodist church, who has recently returned from a trip to Canadian hospitals, will speak. Several musical numbers will be given.

CHANCELLOR TO GIVE RECEPTION SATURDAY

Excellent Opportunity For New Students to Meet Faculty and Upperclassmen

ANNUAL ADDRESS TUESDAY

Chancellor and Mrs. Avery will give their annual reception to all students tomorrow evening in Art hall, on the second floor of the library.

The chancellor and his wife, the deans of the colleges, and a large number of professors will be in the receiving line to meet all students as they arrive. A cordial invitation is made to all students, freshmen and upperclassmen, to attend the reception and become acquainted with the faculty.

A large number of new students every year find the chancellor's reception to be a gathering in which they become acquainted with more of the faculty and other students than in any other place. It is expected that because of the large number of freshmen this year the reception will be better attended than ever before.

The chancellor will give his annual address to new students Tuesday morning at 11 o'clock, in Memorial hall. This annual address brings out one of the largest gatherings of the year. The subject of this year's counsel has not yet been announced, but will probably be known Monday.

COURSE IN MOTOGRAPHY FITS FOR WAR WORK

Demand For Motion Picture Ex- perts in Government Service

A course in photography and motography will be given this year by the department of geography and conservation, designed for those who wish to enter the photographic division of the war department. This course will thoroughly train students in the developing, assembling and projecting of motion pictures.

The course is to be given at the request of the state conservation and welfare committee, of which Chancellor Avery is a member. Credit of one or two hours will be given for work in this course and a registration fee of \$5.00 will be charged.

The University and state equipment will be used for the field and laboratory work. This equipment is owned and controlled by the state conservation and welfare committee and is housed in the University under the direction of Dr. G. E. Condra, executive secretary of the committee. It includes instruments for all of the work equal to or better than that of any like department in this part of the country.

A number of men who have taken this work are now in the east in government service in charge of the assembling of war pictures. These are used especially in the aero service in the instruction of student flyers.

Persons wishing this course should consult with Dr. Condra, room 195, Nebraska hall. The instructors having charge of the work are Dr. Condra, Professor Bengston and Mr. Lindsey.

Three Years Ago Today

The football schedule for 1914 was announced. The Cornhuskers under Coach E. O. Stiehm were booked to meet Washburn college, Kansas Aggies, South Dakota university, Michigan Aggies, Ames Aggies and Iowa university.

REGISTRATION FIGURES TAKE JUMP YESTERDAY

Five Hundred Ten Register on Second Day—Five Hundred Twenty-three a Year Ago

SUPERVISION OF FRESHMEN

Registration figures took a big jump yesterday and reached within 13 of the number who registered on the second day last year. Five hundred ten students passed through all the registration machinery yesterday and paid their fees before the doors closed at 5 o'clock last evening. The corresponding number last year was 523. The total number registered for the first two days this year is 799.

The registration in the freshman class yesterday was heavier than that of last year, the sophomores were about the same as a year ago, while the junior and senior classes apparently will not be much more than half as large.

A new feature in this year's registration is the freshmen supervision in charge of the senior classes under the direction of the Innocents, the men's honorary senior organization. The plan is to see that every freshman will have some senior to help him with his course and other problems which always confront new students. A record of the name, age, home town, address and course of the students are kept by the supervisors. The one difficulty in the plan is the large number of freshmen and the unusually small number of seniors.

BIG BOOST IN NEBRASKAN SUBSCRIPTION LIST DAILY

Eight-page Paper Will Be Issued Monday

The subscription list for The Daily Nebraskan received a big boost yesterday. The co-eds who are handling the subscription books reported that a larger percentage of the students were giving their support yesterday than any other day since the campaign began. A number of students left their subscriptions at the student activities' office and at the news office in the basement of University hall.

The increased cost of materials as well as of labor this year makes it necessary that the subscription list be large. The Nebraskan will merit student support by supplying all University news regularly, five days in the week, notices and reports of all important meetings, the latest information on all branches of sports and many special features.

An eight-page edition of The Nebraskan will be issued Monday and a number of special editions will be out during the year.

COUNCIL OF DEFENSE CALLS ATTENTION TO WHEAT SHORTAGE

A very serious condition exists with regard to the winter wheat seed supply, and the nearness of the time for planting wheat makes the situation doubly acute. A great many farmers are reporting to the Nebraska State Council of Defense that they are unable to obtain seed except at a figure far above that set by the government for this year's crop. Owing to this fact, the State Council of Defense has had to arrange for shipments of seed wheat into counties where there is an abundance of good seed in the hands of farmers, who, if they were willing to sell at a reasonable price, would relieve the local situation in their own county and nearby territory.

The state council makes a very earnest appeal to holders of seed wheat that they sell at a figure based as nearly as possible on the government price. To make clear just what the fixed price on wheat means to those who are holders of

(Continued on page three)

NEBRASKAN FREE TO UNIVERSITY SOLDIERS

Believing that Nebraska men actively engaged in the war are just as anxious for news from the campus as their former classmates are for word from them, the management of The Nebraskan will send the paper free of charge to every Cornhusker soldier whose address is known. You can help by sending lists of addresses to The Nebraskan, either mailing them to Station A or telephoning them to the business office, B-2597.
