

Miss Hrbkova of the department of Slavonic languages, has just received a letter from Charles E. Sevryn, who is at Camp Baker, Texas. He says that conditions at the camp are very favorable, and while they worked hard, he was prepared for it. He said that he could not understand how any Nebraska man could be a slacker. Mr. Sevryn is enlisted in the artillery.

Anton H. Jensen, ex-'18, of Blair, as a member of the ambulance company at Omaha, left for Camp Taylor, Louisville, Ky. He wishes to go into the aviation section of the signal corps.

SERBIAN CONDITIONS TOLD AT CONVOCATION
(Continued from page one)

"I know what it is to go cold, hungry and dirty," Mrs. Yeftish concluded. "Bohemia is a country with great resources. It manufactures quantities of fine china. When I pick up a cup or plate or saucer, know it was made in Bohemia and find it stamped 'Made In Germany.' I want to smash it, for I know the Germans are stealing the credit from the people who deserve it."

Mrs. Yeftish gave an illustrated talk last evening in the Auditorium. She is a very interesting speaker, a well-educated, refined woman, who has a charming personality. Among Mrs.

Yeftish's pictures is one showing five Serbian prisoners strapped to rule wooden posts. Their women relatives are near. The Germans forced these women to watch the men riddled by bullets.

Professor Sarka Hrbkova, who introduced Mrs. Yeftish, explained at the conclusion of the address that University men and women would be given an opportunity to express concretely what they felt when they heard Mrs. Yeftish. They are asked to help in the attempt to raise money on the Lincoln streets Saturday. It is planned to have a University tag day Monday for the Serbians.

ILLINOIS LAWS NOW REQUIRED TO DRILL

Specials and Those With Only One Year Academic Work Will Not Be Excused

The council of administration of University of Illinois took a step toward the extension of military training yesterday when it ruled that students in the college of law who have

heretofore been excused from drill in the University brigade, will hereafter be required to take military as do those registered in other colleges in the university.

The new regulation will affect only two classes of students: those registered as specials, and those who have had a preparatory course of only one year. Those students who have had three years of university work preparing to enter the college of law will not be affected by the change.
