

THE DAILY NEBRASKAN

VOL. XVII, NO. 18.

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, OCTOBER 5, 1917.

PRICE FIVE CENTS

PLANS ARE NOW COMPLETE FOR UNIVERSITY PARTY

Full Evening's Entertainment for Those Who Do Not Dance Begins at 7:30 O'Clock

IS ONLY PARTY SCHEDULED

All is in readiness for the first all-University party tomorrow night. The reception committee has announced that it stands prepared to get every one acquainted; the program committee has put its final stamp of approval upon the entertainment and the refreshment committee believes that it can make a name for itself to be proud of. The party will begin at 7:30 o'clock.

The final message of the committees to the student body is that there will be a full evening's entertainment for those who do not care to dance. No effort has been spared in getting every kind of game and amusements possible and they are promising an entertainment program that no other committee has ever attempted to back. Added to this there will be singing, University yells, short talks by prominent people concerning campus life and activities and music by the band.

After the program the field meet and games, and the refreshments there will still be time left for dancing. It is believed that such an evening's entertainment will attract practically every student of the University, and one of the largest crowds of the year is expected to gather at the Armory. It will be in fact a real party for everybody in the University, students and faculty.

No other parties are scheduled for tomorrow night as Dean Amanda Heppner has requested that all other events give way to the big party at the Armory. Several of the organizations which had parties scheduled for tomorrow night have changed their dates.

DEAN LUCKEY TO ADDRESS GRADUATE TEACHERS' CLUB

Purpose of Organization is Educational and Social—Meets Every Month

The Graduate Teacher's club will meet October 12, at 7 o'clock in the faculty room at the Temple. Dean G. W. A. Luckey will talk on the subject, "The Fundamentals of Graduate Study."

The club is an educational research society of the Graduate School of Education. Its purposes are both scientific and social. A meeting is held once every month, at which an address is given by a speaker chosen from among the leading members of the faculty. Reports are also made on various interesting chapters in the theses which are being written by the members of the club.

Membership in the club is defined as follows: Students who are enrolled in the Graduate School of Education may become associate members; students or graduates who hold a graduate teacher's diploma including a master's or doctor's degree, may become active members; members of the faculty of the Graduate School of Education who so desire, may become honorary members.

All members and graduate students who are eligible to membership, are invited to be present.

Pre-Medic Smoker.—The Pre-Medic society held their first smoker yesterday evening at the Alpha Sigma Phi house. A large majority of the freshmen pre-medics attended and became acquainted with the upperclassmen.

Dean Lyman at Omaha.—Dean R. A. Lyman, head of the college of pharmacy, visited the college of medicine in Omaha, Thursday.

UNIVERSITY WOMEN TO HAVE SEWING CLASS

Will Do Their Bit by Making Comfort Kits and Surgical Dressings

A sewing class is being organized on the campus for girls who are anxious to "do their bit." Comfort kits and surgical dressings will be the first articles handled. All of the work will be cut out by the bandage circle of which Mrs. Clark is the head.

The classes will probably be held on the second floor of Nebraska hall and all girls who are interested are asked to register at once. The committee in charge is composed of Fern Noble,

Jean Burroughs and Caroline Reed. The Valkyries are co-operating with them. It is hoped that the first meeting can be held next Wednesday with Mrs. Waugh in charge, as fifty-two girls have already registered.

Mary O. Goodrich, '17, has been appointed supervisor of Latin and English in the State Normal school at Canyon, Texas. Miss Goodrich was formerly principal of the high schools at Humboldt and Wilber.

Vivian Purinton, who received her Home Economics degree in 1916, has accepted a government position in Washington, D. C.

Carey Butler, '16, is supervisor of physical education in the schools of Fort Worth, Texas.

Herbert J. Devries, '20, is stationed at Deming as field clerk in the statistical department under Professor Buck. Professor Buck is first lieutenant in the statistical department.

LAWS ELECT CLASS OFFICERS FOR SEMESTER

Much Excitement Accompanies Hurried Proceedings—Krebs Heads Senior Class

In another of their rousing sessions the Laws went to the polls Thursday and elected their respective class officers. The results were: Senior, president, A. C. Krebs; vice president, Frank Boehmar; secretary and treasurer, Henry Fox; sergeant-at-arms, Chas. J. Angells. For the juniors, Walter Spier was made president; Roland Rodman, vice president; H. R. Anderson, secretary and treasurer; and Edward L. Vogelanz, sergeant-at-arms. Freshmen: President, J. F. Thomas; vice president, J. C. Pickett; secretary, E. Potast; treasurer, Bert Button, and sergeant-at-arms, Farley Young.

The elections in each class were accompanied by the usual amount of pep that characterizes law proceedings, and any one acquainted with the habits of this particular group of gentlemen will not be at all surprised to know that the above results were obtained in the interval of time which the rest of the student body requires to get to their various classes. So far no election frauds have been reported.

Y. M. C. A. TO HOLD MEETING SUNDAY AFTERNOON

Will Consider Value of Weekly Men's Meeting and Work in University

The University Y. M. C. A. will hold a discussion meeting Sunday afternoon at 3:30 o'clock in the association room of the Temple. A number of speakers representing the association, and faculty, and a number of Lincoln business men will be present. An open discussion will be held as to the value at this particular time of stress of a weekly men's meeting.

Means will be considered by which the Y. M. C. A. may be able to bear upon the men in the University as in the way that it works upon the men at the front, especially at this time when so many serious problems are facing every man in school. The discussion is open to every one and all men are invited to be present and take part.

MAKE FILMS OF UNIVERSITY DRUG PLANT GARDEN

Several hundred feet of film were taken of the University drug plant garden by Dr. G. E. Condra, head of the department of geography and conservation, and Dean R. A. Lyman, head of the college of pharmacy, yesterday.

The scenes taken were good ones of drug harvesting. Various drugs, digitalis, belladonna, official rhubarb, stramonium, capsicum (pepper), sage and spearmint are among the drugs that are being harvested.

The value of the drugs in the garden has been estimated at about \$200, valued at \$2.40 per pound.

The Deutscher Geselliger Verein—The Deutscher Geselliger Verein met last evening at the home of Miss Hedwig Bonekemper, 2049 South Nineteenth street. New members were elected and other general business was transacted.

Eugenia Bremen, '17, has accepted the position of home economics teacher at Riverton, Iowa.

WESLEYAN HAS THOUSAND SEATS FOR OPENING GAME

Nebraskans Have Only Two Hundred Fifty—No Season Tickets After Noon Tomorrow

One thousand seats have been reserved for Wesleyan students, for Saturday's game, at the request of the Methodist school authorities. This is taken by Coach Stewart and T. A. Williams to mean that all of Wesleyan and a good part of University Place will be at the game Saturday. If past performances are to be taken as indicating what will happen this time, each and every one of the rooters for the Coyote eleven will have a pair of leather lungs which he will not be afraid to use.

To date about 250 student season tickets have been sold to the Nebraska University students, which means that unless a big rush is made on the student activities office today, there will be only a handful of Cornhusker supporters at Saturday's game.

No season tickets will be sold at the gate at any time during the season and they will not be sold at all on Saturday afternoon. Officials cannot understand why students are so slow in obtaining their tickets when all it takes is the trouble to walk to the student activities office and hand over the money.

Arrangements have been made this year to have the men's and women's cheering sections adjoining each other on the south side of the field. "Dating" for football games will be seriously frowned on and it is probable that any man sitting in the girls' section will be made slightly uncomfortable if found by his friends in the men's section.

MANY WOMEN REGISTER IN COMMERCE COURSES

The total registration of women in the department of economics and commerce is double that of the first semester last year. There has been an increase of from 77 to 146. The increase is due mainly to gains in the

Shaw Will Open Husker's Big Schedule Tomorrow

Captain Edson Shaw will officially open the hardest schedule that a Cornhusker team has ever faced when he calls the coin for goal choice on Nebraska field tomorrow.

Shaw is another one of the long string of tackles that have led Ne-

braska football teams. There have been many great players and popular men on Cornhusker teams playing the tackle position, but going back over all of them there is not one that was better liked or more respected by his team mates than is Shaw.

In the early practices of the season Shaw has been working as hard as if the big games were in progress. Freshmen complain of the fierce way in which he tackles and blocks, but the first one of them has yet to say that he has seen Shaw do the least bit unnecessary rough work in the scrimmage. It is certain, from the early pace the captain has set that when the curtain has rung down on the season, the records will show the Captain Shaw of Nebraska has but few superiors, if any at his position, in the country.

classes of commercial geography, accounting, principles of economics, and in the business courses for women. The heads of the department attribute this extraordinary increase to the great interest women are taking at the present time in business occupations which have been left vacant by the men joining the army.

Anna Merritt East, '12, formerly of Fremont, now of Philadelphia, Pa., is visiting alumni headquarters.

Ruth Irvine, '18, and Katrina Helzer, '18, will spend Saturday and Sunday in Omaha attending the Ak-sar-ben.

Kathryne Howey, '19, Beatrice Johnson, '20, Dorothy Sollman, '21, Agnes Johnson, '21, Orville Ellerbrock, '20, Fred Seacrest, '21, Robert Moodie, '19, and Merrill Williams, '19, drove to Omaha Wednesday to attend the Ak-sar-ben.

Izetta Burnard, '19, will spend Saturday and Sunday at her home in York.

FIVE HUNDRED GIRLS AT FOOTBALL RALLY THURSDAY

Most Successful Meeting Held—Husker Warriors Know They Have Support

"We want to say to the athletic board and to the football team that we're with them," Prof. Sarka Hrbkova, head of the department of Slavonic languages, expressed the sentiment of the girls' football rally at Convocation yesterday morning.

The rally was a most successful one. Practically every seat in Memorial hall was filled. Yells were given and songs were sung. The speakers included Dean Amanda Heppner, T. A. Williams, Coach E. J. Stewart, Mrs. J. B. Lees and Prof. Sarka Hrbkova. Capt. E. A. Shaw was unable to be there to tell of the team.

The Valkyries, senior women's organization, had charge of the arrangements. Blanche Higgins, '18, presided.

"When one has a chance to tackle football, one should guard all quarters and halves until one has the necessary \$4," Professor Hrbkova coached the girls. "Retrenchment should be as familiar to us here as the trenches are at the front," she continued. "Last year's dresses should be made fashionable. And the money saved in these various ways should go to war relief of some sort."

Professor Hrbkova told of meeting a Nebraska man at Fort Snelling who said: "Some of us fellows get together sometimes and wonder at the frivolity of life down there." His criticism applied, she said to only a small part of the University life, but it was a true criticism.

"I saw some University women standing downtown waiting for a car one day," Professor Hrbkova said, "with cosmetics on their faces worth enough money to feed a Belgium family at least one meal. It is time for us to face the situation squarely," she emphasized. "We must realize that the United States is fighting for us, and that we must show the right sort of patriotism."

"I truly think," she concluded, "that the girls should deny themselves bright colored sweaters. The wool should not be used when it is needed for the army and navy."

Dean Heppner advised social moderation. "True college spirit means assiduous devotion to academic work, intensive interest and activity in the support of college activities, and loyalty and support of war relief work," she said.

T. A. Williams explained the reserved section for girls. "The students will get the best there is," he said. "We want women over there with the rooters. We have got to get back of that team of Dr. Stewart's."

"The war is going to be a real benefactor to athletics," Coach Stewart emphasized. "In the future there will be no question in the minds of some people whether athletics is a desirable course or a necessary evil. Everyone is going to realize its importance. Good football players make the best kind of soldiers."

Coach Stewart asked the girls to go to the games together and not have "dates" for them. He also urged them to get out to daily practice.

"The Nebraska W. A. A. will make its initial bow to society Saturday," Mrs. Lee said. The association will serve hamburgers. "We are following out conservation, too," she said. "You all know there is nothing more meatless than a hamburger."

HUSKERS START 1917 SCHEDULE TOMMOROW

Streak of Hard Luck Comes to Team Upon Eve of Opening Battle of Season

BACKFIELD IS HIT HARDEST

By Dwight P. Thomas
With a hard battle to look forward to with the Wesleyan warriors Saturday, the Cornhuskers staged the poorest practice of the year on Nebraska field yesterday afternoon. They muffed forward passes they fumbled the ball and they failed to stop the freshmen backs. The light but speedy first year men slipped from the grasps of the varsity tacklers and made gain after gain that have been denied them in the earlier practices of the season.

Whether it was a bad attack of stage fright on the eve of the game that will in part tell whether or not Nebraska is to have a strong team this year, or whether it was some other dread malady is not certain. It is certain that there was something seriously the matter. And it was not apparent to the coach and fans but to the players as well, who were all more or less discouraged.

Jinx Still Present

There have been many discouraging things happening in the Nebraska camp in the past few days. First Stanley Henry was called in the draft, then several important backfield men received injuries and Wednesday Ted Riddell was put out of the game for some time with a wrenched knee and yesterday the announcement came that Owen Frank, assistant coach, was to leave last evening for his home to report for army service in the draft.

For a few days it looked as if Day would have to be shifted from center to the backfield to make four men behind the line as all but three of the men who have been playing back there regularly were injured. Otoupalik and McMahon have not been in a scrimmage this week and Kellogg has been out for several days with a sore shoulder. This left Cook, Dobson and Schellenberg for the backfield in the game Saturday. Kellogg and Otoupalik were in the scrimmage for awhile last night, however, and will probably get into a part of the game Saturday. Coach Stewart has announced definitely, however, that McMahon will not play.

Line Prospects Brighter

In the line the prospects are much brighter as all but Riddell are in good shape. Hubka, a husky sophomore will fill Ted's place for this game. He has been showing up in fine style at the practice bouts since the season opened and may be counted on to give a good account of himself.

Wesleyan is coming to the game Saturday with the sole intent of scoring on the Cornhuskers. It doesn't matter to the Methodists how high the score mounts in favor of the Cornhuskers, they will count in it a successful season if they can but cross the Nebraska goal. Although the possibility of the Coyote's scoring may seem remote, it is not so. Coach Kline has developed a speedy, fighting team out of the best bunch of raw material the University Place school has ever had and the Nebraskans are in for a real battle.

The Line-Up

The Cornhusker line-up for the first game of the season will look something like this:

Rhodes, left end; Munn or DuTeau, left tackle; Kositzky, left guard; Day, center; Wilder, right guard; Shaw, right tackle; Hubka, right end; Schellenberg or Cook, quarter; Kellogg, left half; Otoupalik, right half; Dobson, fullback.

By shifting L. Shaw to center, Day can be made available for the backfield. The other members of the varsity squad, Young, Teter, Triplett, Kriemelmeyer and Heller will probably get into the game in line positions.

NEBRASKAN FREE TO UNIVERSITY SOLDIERS

Believing that Nebraska men actively engaged in the war are just as anxious for news from the campus as their former classmates are for word from them, the management of The Nebraskan will send the paper free of charge to every Cornhusker soldier whose address is known. You can help by sending lists of addresses to The Nebraskan, either mailing them to Station A or telephoning them to the business office, B-2597.
