**BRIEF BITS OF NEWS**

Professor Colburn Makes Visit.—N. F. Colburn, a former professor at Nebraska, visited the campus Thursday of last week, as a guest of Prof. F. R. Hanley.

Professor Martin Speaks.—Prof. O. R. Martin of the school of commerce has gone to Detroit to give a talk before the National Association of Bottlers. He will return the end of this week.

War Garden Productive.—Miss Minnie T. England has superintended the planting, cultivating and harvesting of a very successful war garden during the past summer. The miniature farm is located outside the city limits, and is very convenient of access for one living in the city. Miss England's entire crop has been potatoes, which with an expenditure of \$125 will probably net as much again. The work has been done by hired help, and the plot of ground has covered a city block. This is a really remarkable yield from such a small plot of ground.

Buys Liberty Bond.—A liberty bond of \$100 denomination has been purchased by Phi Gamma Delta fraternity to be the property of the local chapter. Chancellor Avery and Dean O. V. P. Stout have been urging the support of the bond sale and it is expected that a number of organizations in school will find it possible to buy a bond even if it is of small denomination.

**TOOTS PAKA AT THE ORPHEUM**

As Toots is a renowned personage in the hula hula world, we need say no more, and it is not by way of diminishing her fame that we pay tribute to the surpassing skill of her company of native singers and instrumentalists. It is really a tribute to her good sense, for however easy it is to one-step and fox trot hour after hour, no one can daily thus lightly with the hula hula. It requires numerous horse powers to attain the speed and agitation necessary for a big drive. Hence it is essential that the star carry a company. The Kanaka gives a note of plaintiveness even to familiar melodies. One of the most alluring pieces was "My Rosary," rendered on the guitar with the appealing undertone of melancholy which marks Hawaiian music.—Salt Lake Tribune.—Adv.

**TURN YOUR SHIRT-TAILS INTO DRAWERS**

What good is a Shirt-tail anyway?

**IN OLUS**  
 the outside shirt and underdrawers are one garment. This means that the shirt can't work out of the trousers, that there are no shirt tails to bunch in seat, that the drawers "stay put," to say nothing of the comfort and economy of saving a garment. OLUS is coat cut—opens all the way down—closed crotch, closed back. See illustration.

For golf, tennis and field wear, we recommend the special attached collar OLUS with regular or short sleeves. Extra sizes for very tall or stout men. All shirt fabrics, in smart designs, including silks—\$1.50 to \$10.00.

**OLUS one-piece PAJAMAS** for lounging, resting and comfortable sleep. Made on the same principle as OLUS Shirts—coat cut, closed back, closed crotch. No strings to tighten or come loose. \$1.50 to \$8.50.

Ask your dealer for OLUS. Booklet on request.
