## STUDENTS FORGE ON TO \$25,000 BOND SALE GOAL

Purchases of \$10,000 Reported by Commercial Club

## COMPLETE LIST MONDAY

Phi Gamma Delta Leads Greeks, Sigma Chi and Phi Delta Theta Next—Sorority List Tomorrow

University students have purchased nearly \$10,000 worth of liberty bonds toward the goal of \$25,000 which has been set for the student body, according to figures given by the University Commercial club handling the campus campaign. With added efforts it is believed that the goal will be reached by Saturday night.

The report turned in last night shows ninety-one students who have purchased bonds to date and it is probable that a number are not included in the list. A special campaign has been carried on in the fraternities and as a result fifty-three of those listed are fraternity men. The subscription of the fraternities amounts to \$4,820 that of the non-fraternity men and women subscribers, \$4,550. No complete report has been obtained from the sororities as yet but this list will be published tomorrow. Twenty-five women are listed in the report received last night.

### Fraternity Subscriptions

Phi Gamma Delta ranks first in the bond purchase of fraternities with \$1,300, Sigma Chi second with \$1,100 and Phi Delta Theta third with \$650. The new rankings of the fraternities will be run as changes are reported and the final ranking, after the close of the campaign Saturday night, will be published Monday.

Following is the list of students as reported and the rankings of the fraternities:

## LEASED-WIRE REPORT OF MICHIGAN GAME

The Daily Nebraskan will have a special representative at Ann Arbor Saturday who will send a play-by-play report of the Michigan game by leased wire to University students gathered in the Armory Saturday afternoon. The first reports will be received promptly at 2:30 o'clock. An admission of 10 cents will be charged to cover the cost of the wire and board. All profits will be given to the Red Cross.

### Overhaul Gas Engine

The gas engine that was being overhauled by the department of mechanical engineering is now in good running order. The engine had not been run for some time, and it was necessary to go over it thoroughly. The department will next make a series of tests to find how much fuel it takes and horsepower it will develop.

### Asks for Engineers

Prof. L. F. Seaton of the mechanical engineering department has received a letter from the Bristol company of Waterbury, Conn., asking for mechanical engineering graduates. The several electrical engineering or manufacturing scientific apparatus, and the open positions are all on its sales staff.

### Test Fuel Heating Values

The department of mechanical engineering has started an investigation to determine the heating values of the different fuels sold by Lincoln coal dealers. The work is being done at the request of the state council of defense, and is under charge of Prof. L. F. Seaton, G. R. Chatburn and Prof. Benton Dales.

## LEASED WIRE FOOTBALL PARTY AT ARMORY SATURDAY

Daily Nebraskan Will Have Play By Play Report of Michigan Game for Students

Following the custom inaugurated last year The Daily Nebraskan has leased a special wire direct from the Ann Arbor field to the Armory for the Michigan game Saturday. A report of every play will be sent by the Nebraskan staff representative, as it is made. The first report will be received promptly at 2:30 o'clock.

The plays will be announced within a few seconds after they are made and a field board will show the gains and losses.

## HUSKERS LEAVE TODAY FOR ENEMY TERRITORY

Injury of Riddell Brings Gloom to Camp

## TEAM CONDITION DOUBTFUL

Squad Will Leave at 4.30 Today Reaching Ann Arbor at 7 O'clock — Return Monday

Gloom was the thing most in evidence in the Cornhusker camp yesterday afternoon. The unexpected injury of Riddell in Tuesday's practice, Otoupalik's absence and the doubtful strength of several varsity men all served to make victory in Saturday's game look more distant. The only cheering thing in the afternoon's program was the return of Schellenberg to the lineup.

The freshmen had an easy time stopping all the varsity attempts at gains and repeatedly blocked place and drop kicks. Even in punting there was lacking a punch. Dobson was unable to get the usual drive and many of his kicks were not carrying over forty yards.

Plans were practically complete last evening for the trip to Michigan. A special car will leave the city at 4:30 this afternoon, reaching Ann Arbor at about 7 o'clock Friday evening. The return trip will be started Saturday night. Sunday will be spent in Chi. (Continued on page 2)

## MID-SEMESTERS BEGIN NEXT WEEK—ENGBERG

Early Date Set to Allow Huskers To Finish First Period Before Leaving

Executive Dean C. C. Engberg announced yesterday that mid-semester examinations will be held next week, beginning Monday the 28th. This brings the examinations after the sixth week of school, two weeks earlier than usual, in order to give those men who wish to shuck corn, the opportunity to do so, without losing part of the first period of work.

All grade reports must be in the registrar's office by next Monday. The fact that some students have wanted to leave as a result of the general unsettled conditions, the Dean has thought it advisable that such students finish a certain part of their work, and not lose credit for a half semester. Advancing the end of the semester in this way, will cause a certain amount of extra work, on the part of some students, and will give others who are forced to leave, or who wish to, a feeling of satisfaction in having completed the work of the first period.

## PROFESSOR BRADFORD AT Y. M. C. A. MEETING

Urges University Men to Prepare for Responsibilities in Talk on "Picked Men"

Prof. Harry E. Bradford, principal of the school of agriculture, was the speaker at the regular Y. M. C. A. men's meeting in the Temple last night. A large number of men enjoyed his talk on the subject of "Picked Men."

Speaking of the present crisis, Professor Bradford called attention to

the method used by the government in making selections for military service. "Not a man is taken into the army unless he is physically sound and mentally keen. But there is another kind of picked men, those who are not selected by the government, but by a committee of three, namely: Initiative, Aptitude and Will Power. University men constitute this group of special privileges and opportunities. They should realize this fact. In some cases such a realization will result in an increase in the size of the hat; others are serious and recognize their greater responsibility.

"We should find our weaknesses and make it a part of our school life to overcome these defects in our character. Let us think solidly, originally and broadly."

Professor Bradford closed with an appeal for greater effort toward leadership in university life. "Many men enter college, remain four years, and at the end of their course have assumed little of responsibility in connection with school life. Greater demands are being made now than ever before for men of power and it is possible to develop our latent possibilities only through the exercising of our abilities to the fullest degree."

## LAST WORD TO HUSKERS AT 11 THIS MORNING

One of Most Important Rallies of Year in Armory For Michigan Send-Off

At 11 o'clock this morning in the Armory students will gather for one of the most important rallies of the year. It will be the send-off for the team which leaves this afternoon to meet the Wolverines on Ann Arbor field Saturday.

The Michigan coach acknowledges that he has the best team he has had in years and Coach Stewart is frank to confess that with the injury of Riddell and other men it will be the hardest fight of the season. Every bit of encouragement that students can give will be necessary if the team is to leave with the grim determination that will carry them through to victory.

Coach Stewart will be there to give the final dope on the game, as he sees it. Captain Shaw, Owen Frank and Dean Engberg will give short talks. The band will be out and will do what it can to put the ring of U-U-Uni in the ears of the squad today until after Saturday's battle.

### Registration Drops

Registration at the school of agriculture, which opened for the school year on Monday, October 15, is about 20 per cent less than that of last year. This is considered a good record for an agricultural school in view of the general shortage of students in all colleges. Boys in attendance will be given an opportunity to return home to aid in harvesting the crops and will be permitted to make up their work later.

### Corner Stone Laid

The corner stone of the new agricultural engineering hall was laid last week. No special ceremonies marked the event. Reinforced concrete concrete and the building will be pushed to completion as rapidly as possible. The engineering hall, which will be one of the largest structures on the farm campus of the University, will probably be ready for occupancy next fall.

## DRAMATIC CLUB TO PLAY "THE PIPER"

Proceeds to French Orphan's Fund—Juvenile Parts by Children of Faculty Members

"The Piper" will be produced by Miss Howell and her players at the Temple, November 9. The entire proceeds will go to the French Orphans' fund. Miss Howell will play the lead. This play was written by Josephine Peabody and took a prize as being the best play written last year by American or English authors.

Most of the children's parts will be taken by the children of the faculty members. Among them are three of Professor Webster's, Dr. Alexander's little son, Wentworth Fling and Benton Dales, Jr.

A committee from the Entente society composed of Dr. Fling, Dr. Alexander and Professor Le Rossignol are promoting the undertaking.

Miss Howell says that there will be plenty of old faces but the background will be new.

## TWO PRESIDENTS NAME SEMESTER COMMITTEES

Eleven Chairmanships to Lieutenants in Campaign

## UNDERCLASSES DELAYED

Elizabeth Erazim Senior Play Chairman—Williams at Head of Junior Prom, Dobson of Class Play

President Everett Garrison of the senior class and Jean Nelson of the juniors made announcements yesterday of the class committees for the semester. Thirty-nine seniors were selected and thirty-two juniors.

The seniors have announced six committees, with Elizabeth Frazim as chairman of the senior play committee and Robert Ganz, business manager. J. L. Barton is chairman of the Hop, Hugo Otoupalik, chairman of the athletic committee, and R. C. Woodside, chairman of the informal dance. The debate and pin committees are headed by G. V. Lundmark and Ruth Snively.

### Delay in Underclasses

Five committees are announced by President Nelson of the juniors. Merrill Williams will be chairman of the Prom with Fay Pollock master of ceremonies. Paul Dobson is chairman of the class play and Harold Anderson business manager. For junior athletics, D. V. Stephens is chairman, for debate, George Driver, and for the Olympic committee, Merrill Vanderpool.

Committees of the two underclasses have not yet been announced. President Best of the sophomores and Henry Albrecht of the freshmen have had some difficulty in getting the names of the men on their committees validated at the office. Several men are delinquent in their hours and may be barred from the committees. Announcement will be made of the committees as soon as they are passed upon by the office.

The complete list of the two upper class committees follow:

### SENIOR COMMITTEES

#### Informal Dance

R. C. Woodside, chairman, Camille Koch, Bertha Bates, M. B. Posson and Lydia Dawson.

#### Senior Play

Elizabeth Erazim, chairman, Robert Ganz, business manager, Ruth Henninger, Carolyn Kimball, Esther Ellinghausen, Regina Powers, Hedwig (Continued on page two)

## UNIVERSITY MEN SPEND DAY IN LIBERTY BOND DRIVE

One Hundred Fifty Men Half of Team Securing \$150,000 in Canvass Yesterday

Nearly 150 University men spent the entire day yesterday in the big liberty bond sale drive in Lincoln and together with 150 others under captains directed by the City Commercial club solicited purchases of \$150,000 worth of bonds in a house-to-house canvass. The committee heads were very much pleased with the work of the students.

At noon yesterday the total amount subscribed exclusive of the canvass was \$2,794,700. It is expected that in the next two days the Lincoln apportionment of \$3,000,000 will be oversubscribed.

The canvass was a success in every way. One student canvassing each of seven homes in one block sold a \$100 bond at each place. One man brought in a single check for \$1,500 and many of the men turned in as much as \$1,000. Every block in Lincoln was canvassed. The students began the work at 9 o'clock in the morning and continued until 6 o'clock at night with only an hour off for lunch.

## NEBRASKAN FREE TO UNIVERSITY SOLDIERS

Believing that Nebraska men actively engaged in the war are just as anxious for news from the campus as their former classmates are for word from them, the management of The Nebraskan will send the paper free of charge to every Cornhusker soldier whose address is known. You can help by sending lists of addresses to The Nebraskan, either mailing them to Station A or telephoning them to the business office, B-2597.
