UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, NOVEMBER 6, 1917.

PRICE FIVE CENTS

HUSKERS HARD AT WORK FOR MISSOURI CONTEST

Long Scrimmage Last Night Starts Week's Grind

THREE REGULARS KEPT OUT

Coach Stewart Returns From Kansas Aggie Game With Respect for Power of Jayhawks This Year

By Dwight P. Thomas

If the Missouri Tigers defeat the Cornhuskers next Saturday it will be because they have a better team and not because they will take the Nebraskans by surprise and unprepared. The practice yesterday ended with a scrimmage more than an hour long that kept the men on the field until long after dark. It is rumored that, although the Missouri coaches have gone to the trouble of looking at the Nebraska plays in a couple of the Cornhusker games, they will meet with a few surprises in the coming battle.

One criticism of Coach Stewart's system of teaching football sometimes heard from people who know about as much about football as the average law student does about law, is that not enough plays can be worked from his formations. Cold facts, or possibly hot ones, show that at the present time the Cornhuskers have more than sixty plays in their repertoire. Several new ones are being added this week and it is probable that the show-me boys will have hard work solving some of them.

Three Regulars on Sidelines

Three regulars were not in the variety lineup last evening when the first string lined up against the scrubs. Captain Shaw, Riddell and Otoupalik were the ones who were forced to stand on the sidelines. Just whether all these men will be absent from Saturday's game or not is not yet known. It is practically certain that Riddell will not be in against the Missourians. There is a chance, however, the Shaw and Otoupalik will be in the lineup.

According to latest indications, Sam Kellogg will be used at right end and Hubka will be shifted to the left side of the line at tackle. If Kellogg can get away at the end job as he should with his weight and speed the presence of Hubka on the other side of the line will help the Nebraska stonewall more than ever. Kellogg will lack experience at the wing position but it is probable that with a veteran on his left hand he will be able to stop more of the attempts at gains around his end. The other positions in the line will probably be filled by the same men as were in them during the early games of the year, with the possible exception of Captain Shaw, whose place will be taken by Young or DuTeau if the leader is forced out of the lineup.

The backfield will be composed of Cook, Dobson, Schellenberg and McMahon, according to the lineup used in practice this week and last. Schellenberg will probably be used to fill in Otoupalik's place as he is as good a line-smasher as he is an end-runner.

Missouri will meet the Cornhuskers with three defeats on her list, but with a determination to down the Nebraskans if possible. The last time the two teams met the Tigers went down to defeat by the score of 34 to 0. That was several years ago, and since that time the Missourians have been an important factor in all the Missouri Valley conference races.

Kansas Has Power

Coach Stewart returned from a scouting trip to Kansas yesterday with stories about the strength of the Jayhawks. According to the coach the Kansans played the same sort of game against the farmers as they did against Nebraska last year. They let the Aggies do all the work and at the proper moments opened the throttle and shoved across enough to win by a good margin. As a result of their closed tactics Coach Stewart was able to get only a fair line on the kind of plays the Jayhawks are using.

The coach possesses a wholesome respect for the Kansas coach and his men because of the neat way in which they defeated the Nebraskans last year and after seeing how easily they rushed the ball from their own eight yard line across the Kansas Aggie

goal line last Saturday that respect has increased. There will be no sluffing in the Cornhusker camp before the Kansas game this year if the coach is to be taken at his word.

FIRST ILLUSTRATED ASTRONOMY LECTURE GIVEN TONIGHT

The first of a course of brief popular lectures on astronomy, illustrated by lantern slides, will be given at the University observatory tonight. Before and after the lecture the telescope will be available for looking at Jupiter and its moons. These lectures will be given regularly on the second and fourth Tuesday evenings of each month. The topic for this week is "The Field of Astronomy."

Dramatic Students Play "Piper" at Penitentiary

The French War Orphan benefit play to be given by the Dramatic department Friday evening was played at the Penitentiary last night. The cast is putting the few final touches to the preparation and Professor Alice Howell, head of the department of elocution and dramatic art, promises that everything will be in first class shape for the performance Friday.

Tickets for the play are on sale at Harry Porter's instead of the college Book Store as announced yesterday. Exchange tickets are being sold by members of the Dramatic club and the department of elocution.

STUDENTS TO HEAR FINAL INSTRUCTIONS FOR CAMPAIGN

R. J. Bicham to Speak Tomorrow Night at Armory on Y. M. C. A. War Work

Preparatory to one of the biggest tasks that the University has undertaken—that of raising her apportionment of \$15,000 for Y. M. C. A. war work among our soldiers in France and in prison camps—students and faculty will meet tomorrow night at 7 o'clock in a big mass meeting at the armory to hear the final message before the opening of the campaign Thursday morning.

The speaker, R. J. Bicham, has for fifteen years been engaged in Y. M. C. A. secretary work. Since the beginning of the war he has been in close touch with the Y. M. C. A. war work and is at present head of the work in fifteen training stations. He has talked with a number of men who have just returned from the trenches in regard to conditions existing there and experiences which they have had and as a result he brings a message which is nearly as direct from the front as if he had been there himself.

Twenty-five captains and assistant captains to handle the campus campaign will be picked tomorrow and these will pick teams of ten students to assist them. The names of the team captains and their assistants will be published in tomorrow's issue of The Daily Nebraskan.

At the request of the governments of the United States, France, Russia and Italy, the Y. M. C. A. is their agency conducting welfare work among the enlisted men and sailors. To conduct this work a general committee decided \$35,000,000 is necessary at once. Throughout the nation during the week of November 11-19 a drive will be conducted for this amount.

Nebraska's quota is \$250,000. A state-wide organization is being perfected to gain this goal. Throughout the state, which has been divided into nineteen campaign districts, this week will see scores of district, county and local meetings, organizing and stirring up enthusiasm for the campaign. Throughout the state some of the biggest men have volunteered to lend their ability and influence in the campaign.

Letters from Nebraska boys at Funston and Camp Cody, with others from here and there over the country and from France, tell how interested they are in seeing the drive a success.

The Y. M. C. A. building in the camps and at the front—everywhere where there are soldier boys—furnishes a place of rest, steady and recreation. "What home is without a mother is what the army would be without a Y. M. C. A." is the way I. Nesbitt of the 6th Nebraska infantry band told why he was interested. Folks with boys in the service have grown familiar with the red triangle on the letter heads they send home.

WILL PAY TRIBUTE TO FORMER CHANCELLOR

Memorial Services for E. Benjamin Andrews at 11 Today

ALL WORK LAID ASIDE

University World Will Devote An Hour to Memory of a Great Man

Memorial services in honor of the late Chancellor E. Benjamin Andrews will be held this morning at 11 o'clock in the Armory while the body is being laid to rest on the campus of Denison college in Ohio.

All offices, laboratories and recitation rooms will be closed during this hour and students and faculty are asked to gather in the Convocation room to pay a last tribute to a man who has done much in the interests of the institution.

The following will be the order of the services:

Ase's Death—Grieg
.....Mrs. Carrie Raymond
PrayerRev. H. R. Chapman
The University Executor
.....Chancellor Samuel Avery
The Colleague and Comrade
.....Prof. G. E. Barber
The Church Leader
.....Rev. H. R. Chapman
The FriendHon. W. G. Whitmore
ReadingProf. Paul H. Grumman
Largo—Handel.....Mrs. Carrie Raymond
BenedictionRev. Chapman
Mr. Whitmore is an ex-regent of the University and a boyhood friend of Chancellor Andrews and will speak of his character as it appeared to one more intimately associated with him.

The reading which Professor Grumman will give is Browning's poem, "The Prospect" which was a favorite selection of the chancellors and one which he himself often quoted.

A character sketch of Chancellor Andrews as it appeared to a number of faculty members and prominent citizens of Lincoln will be given in tomorrow's issue of The Nebraskan.

NATIONAL WOMAN'S PARTY ORGANIZED IN UNIVERSITY

The National Woman's party has organized a local branch of members in the University recently. Miss Wilma Wood has been chosen as the chairman of this branch. The party has been at work for years in a national campaign to create sentiment for the adoption of woman suffrage by constitutional amendment, but is in no way associated with the suffrage association which has been securing the rights for women to vote state by state.

Miss Mable Vernon, a prominent national person who has been one of the conspicuous characters in recent suffrage agitation about the national capital and other official circles was instrumental in getting many to pledge membership to the association. Miss Vernon was among the number of women arrested for "picketing" the capitol, and told of some very interesting experiences in connection with this movement and the troubled days at the White House.

Life membership in the organization may be had for an entrance fee of twenty-five cents.

LEAVES OF ABSENCE FOR CORN HUSKING

All students of the University who can render a service to the country and to the farmers of the state by helping gather the corn crop are urgently requested to secure a leave of absence for this purpose. On your return to the University special coaches will be assigned to you without cost and every opportunity afforded for making up back work. This is a patriotic duty at a time when there should be no selfishness on the part of any of our people. Consult Dean Engberg in regard to details. Do not drop your studies until you know exactly where you are to be employed. Dean Engberg will assist you in securing employment. S. AVERY.

In honor of their members who are in the service of Uncle Sam, the farm house has raised a service flag at the chapter house. The flag consists of eight blue stars against a central white background surrounded by a red border. Each star represents one man in service. Although this is an innovation at Nebraska, the custom has gained great popularity in some of the leading universities where every fraternity displays such a flag.

Leaves on Collecting Trip

Prof. E. H. Barbour, director of the Museum, left Monday afternoon on a collecting trip to the western part of the state.

Faculty Patriotic League To Investigate Food Prices

A committee of the Faculty Patriotic league, composed of Prof. G. R. Chatburn, Prof. C. W. Pugsley and Prof. H. C. Filley will meet this afternoon to investigate the high prices of substitutes for wheat flour, particularly of cornmeal. The committee will endeavor to determine why cornmeal is selling for a higher price than wheat flour, when the comparative cost of corn is less than that of wheat. Professor Filley has been making quite extensive investigations along this line, and it is expected that the committee will be able to make a definite report after the meeting today.

SENATE DECIDES FOR ONE WEEK CHRISTMAS VACATION

May Omit Spring Recess and Dismiss Early — Degrees — New Registration Rules

Students will be allowed only one week vacation, instead of the usual two weeks at Christmas this year, according to action of the University Senate at a meeting held Saturday morning at the Temple. The question of a spring recess is still in doubt but the general impression is that it will at least be shortened.

The Senate also decided to abolish as many of the other customary holidays and vacations as possible. The committee on student organizations and social functions, acting with the executive dean, will settle the fate of all minor holidays. Prof. G. R. Shatburn, chairman, has called a meeting for this week, when the committee will go over the entire calendar and eliminate all holidays that may expediently be omitted.

The Senate, in taking this step, is trying to arrange it so that school may be dismissed early, in order to let men get back to the farms to help with the spring work. It is expected that school will be closed at least two weeks earlier than was planned, and if it is possible, it will be closed early in May.

The question of a third mid-year semester was also discussed. This would enable men who leave school to work on farms, and would not get back until after the second semester's work had started, to keep their standing in the school. Nothing definite was decided, however.

War Degrees for Seniors

The Senate decided to recommend seniors who leave school to enroll in war work, for degrees. To obtain a degree in this way, the student must be within 18 hours of graduation, and have all his academic work up to requirements.

After this year, freshmen will register but once in the year, and will carry the same courses all through their first year. This measure was adopted by the Senate upon recommendation of the deans of the various colleges, comprising a special committee on registration. This committee also recommended that fifty cents be charged for all changes in registration not made at the direction of one of the faculty.

Baseball in Japan

In a post card to Prof. Louise Pound from Nagasaki, Japan, Genevieve Lowry, '15, writes that she saw a Japanese ball game recently and "thinks the Nebraska alumnae team well able to give the players pointers." Miss Lowry was a star player last spring when the alumnae, with Miss Pound and Jessie Beghtol Lee as their "battery," defeated the victorious class team by a score of about 45 to 5, in five innings.

OLYMPIC REPRESENTATIVES CHOSEN BY FRESHMEN

Sophomore Try-Outs Tonight Instead of Wednesday

LOOK FOR REAL BATTLE

Koehler, Mackey, Sherman and Lyman Show Up Well in Last Night's Bouts

As the day for Olympics approaches both Freshman and Sophomore classes are completing their final arrangements for what promises to be one of the most interesting and one of the hardest fought contests that has been held in years. The freshmen held their tryouts in the Armory last night and selected representatives for all events except two. No contestants appeared for the light-weight boxing and the men for the relay team will be selected this afternoon on the athletic field at 4:30 o'clock. Sophomore tryouts will be held tonight at 7 o'clock in the Armory instead of tomorrow night as announced yesterday because of the Y. M. C. A. mass meeting in the interest of the war work campaign to be held Wednesday evening.

A number of spirited contests for places on the freshman squad developed and some real talent was uncovered. The sophomores may be assured that they have some hard paths to travel in order to reach within striking distance of victory. One of the hardest-fought bouts was staged by Ben Koehler and Art Newman in the middle-weight wrestling class. Koehler was finally awarded the decision after three periods of ten minutes and a final bout of three minutes. Another close decision was awarded A. E. Redmond over Oscar Hahn in the middle-weight boxing after four periods of one minute each and a final period of two minutes. A contest between Tom Mackey and C. V. Mings looked like a knockout struggle for a time. Mings opened by knocking Mackey to the ground and Mackey returned by dropping his opponent for a count of seven. The decision was finally awarded Mackey because of greater endurance. Hugo Otoupalik and Roscoe Rhodes refereed the matches.

Complete List of Results

Following is the complete list of results of the freshman tryouts:

Wrestling—lightweight, 130 pounds, W. H. Sherman won from R. W. Wight by fall in three minutes. Middleweight, 130 to 153 pounds, Art Rodgers won from Art Newman on points in sixteen minutes. H. H. Howitt won from Art Rodgers on points in ten minutes. Heavyweight, over 153 pounds, W. R. Lyman won from C. Swanson by fall in one minute and fifteen seconds. W. R. Lyman won from W. Munn by fall in two minutes and thirty seconds.

Boxing — Lightweight, no contestants appeared. Middleweight, Tom Mackey won from C. U. Mings by points in three one-minute bouts. E. C. Brown won from D. C. Sherrar by points in four one-minute bouts. Heavyweight, W. R. Lyman won without contest.

The winners of all tryouts who will represent the Freshmen are these:

W. H. Sherman, lightweight wrestling.

W. R. Lyman, heavyweight wrestling.

W. R. Lyman, heavyweight boxing.

The final bouts for middleweight wrestling and boxing will be held tomorrow evening at 7 o'clock in the Armory.

List of Events

The events for the Olympics to be staged Saturday morning between the Sophomore and Freshmen are these:
Four-man relay, 400 yards to count ten points.

Tug of war, fifteen men on a team, to count fifteen points.

Wrestling matches to a fall not to exceed ten minutes, three classes, to count five points each.

Boxing bouts, three-one minute bouts, three classes, to count five points each.

A pole rush and a game of push ball, counting twenty points each will conclude the program of events.

The Sophomore tryouts will be held tomorrow evening in the Armory at 7 o'clock.

Freshmen relay tryouts will be held Tuesday afternoon on the Nebraska field at 4:30 o'clock.
