ENTIRE STUDENT BODY CELEBRATES AT BANQUET

(Continued from page one.)

quet. He expressed his hope that the Varsity banquet might become a permanent fixture at the University.

Between the two talks R. B. (Dusty) Rhodes, captain-elect, gave a short skit in which he depicted Dr. Stewart in the tense moments before a big game. Walter Johnson of Omaha and Gwynne Fowler of Lincoln gave a number of exceptionally apt take-offs on prominent campus figures and were well received.

RED CROSS SENDS CALL TO UNIVERSITY WOMEN

(Continued from Page One)

day and evening until the required number of dressings for this drive is completed. In this particular drive for surgical dressings Lincoln has been assigned to make only two types of dressings—namely: the "2by2" wipe or sponge which has been very much simplified—and two sizes for the cotton absorbent pad. These dressings are simple in construction and any woman not having had experience in making surgical dressings can be readily and quickly taught to make them. "Speed and cleanliness" are the chief requisites in the making of these particular dressings.

Work Rooms Open

Instructors and captains will be in charge of the work rooms any time during the day and evening from 9 a. m. until 9 p. m., and all are urged to give as many hours as possible in helping to turn out Lincoln's quota of the million dressings which positively must leave Lincoln on December 20.

The supervising committee has ordered the entire force of workers for bandage circle and Red Cross to concentrate their efforts on these two types of dressings alone.

Men workers are also welcome as their help is needed. The time is now here when all must realize the importance of the work of caring for our own armies which are pouring into France by the thousands, and also to alleviate the sufferings of the thousands of our wounded allies now in the hospitals in France. The Red Cross is supplying over three thousand hospitals in France with surgical dressings.

The Cablegram

Major Murphy's cablegram speaks for itself:

"The Red Cross has direct responsibility for supplying us with surgical dressings, and nothing in the whole situation here is equally important. Red Cross standard dressings in millions must be sent over with all possible speed. If this is not done and done immediately a serious calamity and national disgrace is inevitable. The American women who compose the Red Cross chapters should prepare with all the enthusiasm and speed possible the dressings which are to mean life or death to our own men. This whole question deals with the most vital thing that the women of America can do for the soldiers in this war."

NOTED LECTURER HERE FOR CONVOCATION

(Continued from page one.)

Iowa geological survey. He has always been very interested in public affairs and has filled minor municipal and county offices for nearly 30 years.

Professor Shimek is ex-president of the Iowa Academy of sciences. He was president of the Iowa Conservation and Forestry association in 1910. He is a member of Sigma Xi, honorary scientific fraternity.

A member of the Washington academy of sciences, Professor Shimek was chairman of one of the sections of the scientific congresses held in Prague in June, 1914. He is also an honorary member of the Botanical society of Bohemia and an honorary member of the natural history club of Prague.

Greeks Entertain Aviators

Two hundred aviators stationed at the school of military aeronautics were entertained at the fraternity and sorority houses of the University of Illinois on Thanksgiving day. In the afternoon the guests and their hosts and hostesses attended the Champaign-Urbana football game.

Boyd wants to see you about your printing.

Lost—Class scarf pin, letters S. H. S., '13, on face and initials A. S. on back. Return to Student Activities Office for Reward. 59-31

Lost—On campus last week an Alpha Zeta fraternity pin with the name W. F. Roberts on back. Finder please return to Student Activities Office. 59-11

THE UKULELE

THE languorous charm of the Hawaiian native instruments—so moving in appeal, so observably in vogue—is strikingly characteristic of the Ukulele. Its tone possesses that curiously beautiful timbre, that exotic charm of tonal quality which has made these instruments so sensationally popular.

The Ukulele has a pleasing grace of form. The finer models are made of genuine Hawaiian Koa wood. It is much in request today among the smarter college and other musical organizations.

It is easy to learn. Its price includes an Instruction Book.

Hawaiian Steel Guitar

Every chord struck upon this typically representative Hawaiian instrument is marked by a weird, plaintive harmony and strangely beautiful qualities of tone. It brings, to any music, qualities full of vivid color and varied charm.

Price \$8.00 and upwards, including Steel and Set of Three Thumbies for playing, and Instruction Book.

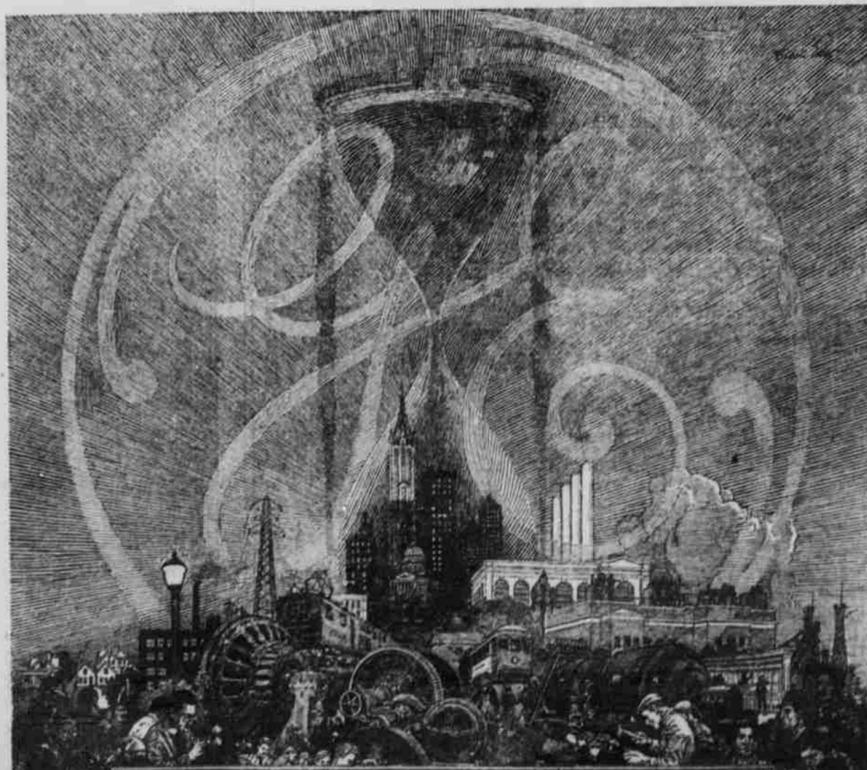

Catalogs on application.

Lyon & Healy "Washburn" Ukuleles, \$15.00; Leonardo Nones genuine Hawaiian make, \$7.50; Mauna Loa brand, \$4. May be had of 12,000 leading music dealers. Write for name of the nearest dealer.

ACHIEVEMENT

Twenty-five years ago the General Electric Company was founded.

Since then, electricity has sent its thrill through the whole structure of life.

Eager to turn wheels, to lift and carry, to banish dark, to gather heat, to hurl voices and thoughts across space, to give the world new tools for its work—electricity has bent to man's will.

Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership.

It has set free the spirit of research.

It has given tangible form to invention, in apparatus of infinite precision and gigantic power.

And it has gone forth co-operating with every industry, to command this unseen force and fetch it far to serve all people.

By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.

GENERAL ELECTRIC COMPANY
