PRICE FIVE CENTS

GREEK SCHOLARSHIP STANDINGS ANNOUNCED

Second Semester Averages Show Increase Over First

KAPPA SIGMA GETS CUP

Delta Gamma Leads Sororities—Delta Upsilon, National Greeks and Bushnell Guild All Fraternities.

Scholarship standings of fraternities and sororities for the second semester of last year, given out yesterday by the Registrar, showed Delta Gamma and Delta Upsilon in first place in the ranking of national Greek letter organizations and Bushnell Guild in first place among all fraternities. Delta Gamma's index was 302, that of Delta Upsilon 201.2, and that of Bushnell Guild 259.4. Alpha Phi and Alpha Delta Pi ranked second and third among the sororities, and Farm House and Acacia among the fraternities. Alpha Theta Chi, non-national, ranked above Delta Upsilon with an index of 207.8.

Gamma Phi Beta sorority, and Kappa Sigma fraternity were awarded first place in scholarship among national Greek letter organizations for the entire year of 1916-1917. The Hainer scholarship cup will be presented to the Kappa Sigma fraternity to hold for the year.

Gamma Phi Beta ranked at the top the first semester last year, but dropped to eighth place the second semester. Delta Gamma jumped from fifth to first place during the last semester, but the average of both semesters gives Gamma Phi Beta first place. Alpha Phi, Alpha Delta Pi, and Achoto are the others of the first five sororities in the ranking. Kappa Sigma held closely to first place both semesters. Sigma Phi Epsilon, while being at the top the first semester, dropped to nineteenth place the second semester.

Hainer Cup to Kappa Sigma
The Hainer scholarship cup has been held for the last three years by the Phi Kappa Psi fraternity. It was offered for competition by Mr. E. J. Hainer of the city for the first time in 1914. Phi Kappa Psi won it that year and has held it ever since, until last year. The fraternity stands in sixth place for last year.

Reports Delayed
The second semester reports were greatly delayed this year owing to the difficulty in figuring the standing of the men leaving early last year. Those leaving for duty with the National Guard and those leaving at the time of the scarlet fever scare were not counted in the averages, while those

PROFESSOR HESSELBERG GIVES PIANO RECITAL

Regent Miller Urges Students to Invest in War Thrift Stamps

Professor Hesselberg of the University School of Music gave a piano recital at convocation at 11 o'clock yesterday at the Temple theatre. During the intermission in the program Regent Miller urged the students to invest their money in the saving certificates.

He explained that there are two kinds, both yielding interest. The thrift stamps may be bought one at a time for 25 cents each. These are put in a folder for that purpose and when there are sixteen the folder can be taken to the postoffice or any bank. Interest is compounded on these every three months. If they are turned in before February first the holder will receive a certificate for \$5 maturing in five years. The war savings certificate may be obtained at the postoffice or any bank. When the folder is full it may be changed for a large stamp. If it is paid in February the holder pays 12 cents, if in March, he pays 13 cents and so on. The money can be realized on by giving ten days notice. They mature in five years.

The audience enjoyed Professor Hesselberg's playing very much, particularly the Sonata Appassionata. Because of the interruption the program was changed and the following given:

America My Country.....Hesselberg
Sonata Appassionata.....Beethoven
Allegro Assai
Andante con moto
Allegro ma non troppo
Romance.....Rubenstein
Toreador.....Rubenstein
Hungarian Military March.....Liszt

Steel Poles Received
Steel poles for electrical transmission were received from the Franklin Steel company by the electrical engineering department during the past week. The poles will be used in the department for the inspection and special study of the students during laboratory periods and will serve in making some very interesting explanations of these materials and the purposes for which they are used.

Christmas Party for Presbyterian Students

The Young People's society of the First Presbyterian church will hold a Christmas service Sunday evening at 6:30 o'clock.

Miss Clara Hill will sing a Christmas carol and Miss Myrtis Downing will read the Christmas story from the gospel of Luke.

Dr. Dean R. Leland will tell "The Origin of the Christmas Story." University students are especially invited.

The society now has 180 members and expects to have 300 members by March first.

DR. FLANIGAN TALKS TO WOMEN'S GYMNASIUM CLASSES

Dr. Flanigan gave a talk on general hygiene Thursday morning at 11:30 o'clock to all freshmen and sophomore gymnasium classes. She says that it is every girl's duty at this time to conserve every bit of health and strength that they have. Her advice was that we do not worry but be cheerful above everything else. A large number of women were present at the lecture and all received some very helpful advice.

Second Lieutenant Charles M. Frey of the U. S. R. Infantry, who received his commission at the first Officers' Training camp at Fort Snelling, is located in the 59th Depot Brigade, Camp Cody, Deming, N. M.

PLACES STILL OPEN ON BASKETBALL SQUAD

Success of Season Depends Upon Support of Men at Present Time

The need of men for the basketball squad continues to cause the coach a great deal of worry. Yesterday's practice saw only twenty men out, while according to the coach there are places on the squad for at least fifty.

The success of the team this year may depend entirely upon the way in which the men respond to the coach's call for candidates. At least, it is almost certain that the team will not be up to standard unless more men get out soon. The team is already severely handicapped by the lack of men from last year's team, and this shortage of new material to draw from may permanently cripple Nebraska's chances. Practice was started later than usual this year, and Nebraska is just beginning the season when some schools have already started playing their practice games. Consequently, there will be less time for preparation and any delay caused by a dearth of candidates is likely to prove extremely costly. There are now less than four weeks of practice left before the first game, and the varsity is scarcely beyond the scrub stage of development.

Enough men were out yesterday to form two varsity and two freshmen teams, and these teams took turns at mixing it with each other. The games were at first hotly contested, but in the last few minutes the varsity found their stride and showed a little real form. One of the new varsity candidates out is "Dusty" Rhodes, captain-elect of next year's football team. While Rhodes has had but little experience, he is rather fast, in excellent condition, and may develop into a first class guard.

The work of the freshmen team this

year is receiving much favorable comment from fans. The team is made up chiefly of high school stars, is well balanced and works well together at all stages of the game. It is expected that the first-year men will do their share in upholding the honor of Nebraska, when they meet the freshmen teams from other schools of the conference.

Engineers to Inspect Gooch Factories Soon

The members of the Engineering society will visit the new bakery and macaroni factory of the Gooch Milling company on Saturday afternoon, December 15, 1917. Members are requested to meet in the hall of the M. E. building promptly at 1:15 o'clock so that they can be at the plant at 2 o'clock. Anyone interested in the process of putting the holes in macaroni are invited to come. This will be a very interesting and instructive trip as the plant is absolutely modern and up-to-date.

STUDENTS' GUILD MAKES CANDY FOR SOLDIERS

The University Students' guild of the First Presbyterian church met Thursday evening at the home of Dr. Dean R. Leland to make candies for former members of the guild who are in training camps and in France. Sarah Heiter and Alfred Reese are in charge of packing and sending the boxes. The members of the committee are Jean Landale, Helen Holtz, Helen Cook, Vincent Kauffman, Frank Patty and Edgar Blackman.

Flying Cadet Nathaniel Meeker of Greenwood, Neb., who attended the University last year, is in New York at present and expects to be sent to France in the near future. His address is Aviation section, Signal corps, Third Foreign detachment, U. S. Expeditionary army.

University of Nebraska's Roll of Honor

CHAPTER TWO

Chapter one of the addresses of the men on the Nebraska roll was published yesterday. It included the A and B names. Today the list includes

Caley, Lorin, R. O. T. C., Fort Snelling, Minn.
Calvin, John W., Base Hospital unit, Fort Sill, Okla.
Cameron, Henry, 350th Infantry, Division 88, Camp Dodge, Ia.
Cameron, Robert F., U. S. Balloon school, A. S. S. E. R. C., Fort Omaha.
Campbell, Carey F., 350th Infantry, Division 88, Camp Dodge, Ia.
Campbell, Elmer Bentley, assigned from Fort Snelling to Aviation school.
Campbell, Henry W., 339th Field Artillery, Division 88, Camp Dodge, Ia.
Campbell, Phil B., B battery, First Field Artillery, Schofield barracks, Hawaii Terr.
Campbell, Robert, Presidio, I company, 62nd Infantry, San Francisco, Cal.
Canaday, Ralph Oliver, volunteer in Medical corps, Camp Funston, Kan.
Carpenter, Frank W., 351st Infantry, Division 88, Camp Dodge, Ia.
Carveth, Walter W., cadet, S. M. A., Aviation school, Austin, Texas.
Cast, Gotthilf Oliver, 356th Ambulance company, Camp Funston, Kan.
Cather, Jay H., purchasing agent, Aviation department cantonements, Construction Division Signal corps, Union Station, Washington, D. C.
Catterson, Verne C., second lieutenant, Cavalry, First R. O. T. C., Fort Snelling, Minn.
Champe, John Leland, Second Training camp, I company, Fort Snelling, Minn.
Chase, F. Joseph, sergeant, A company, 346th Machine Gun battalion, Camp Lewis, American Lake, Wash.
Cherrington, Ben Mark, associate director of religious work, Camp Lewis, American Lake, Wash.
Clancy, Phillip Windsor, first sergeant, Fort Leavenworth, Kan.

Lillian Eiche, cello
Wm. T. Quick, viola
Mrs. Carrie B. Raymond, organ
Vocal Solo.....Genevieve Rose
Music.....String Quartet
Christmas Reading.....
.....Myrtis Downing
Music.....String Quartet
SOCIAL ENTERTAINMENT
Refreshments
Christmas Games
Dancing

At 8:45 o'clock tomorrow evening the ringing of the old University bell and the calling of bugles will summon students, faculty members and alumni to the campus for the annual all-University Christmas party. Answering Cornhuskers will gather around the brilliantly lighted Christmas trees south of University hall and begin the program of one of Nebraska's prettiest traditions with the singing of carols, led by the University chorus. The words for each carol will be shown on a screen.

The inside program which has been prepared will consist of Christmas music, readings and songs. Something especially worth while has been prepared for this part of the entertainment. Following the main part of the program inside every one will be given little Christmas boxes of refreshments, just as they used to get at the little services "back home." The committee have been keeping the refreshment plans entirely to themselves, but rumors of nuts, popcorn and apples and the like have leaked out.

(Continued to Page Two)

INNOCENTS ASK ACTION ON PROM

Pass Resolution Urging Junior Class to Drop Formal Aspects

Resolutions urging the members of the junior class to change their decision made earlier in the year to go ahead with the customary formal prom despite sentiment in the University against such social extravagances, were passed last evening by the Innocents society.

At the class meeting when the fate of the prom was first discussed considerable opposition to a formal affair developed, but the class voted in the end to give it anyway. Since that time sentiment against formal parties and unnecessary social expenditures of all kinds has been steadily growing. In their resolutions the Innocents point out that the junior prom is the only formal social event scheduled for this war-time season, and call attention to the recommendations of the Interfraternity and Pan-Hellenic councils that all formal features be removed from University parties.

Following is the resolution:
"Believing that University students can best comply with the spirit of economy now asked of the American people by the elimination of extravagance in social affairs, and noting that the Interfraternity council, the Pan-Hellenic council, and those faculty members having supervision of student affairs, have all recommended that formal parties be abolished, and noting also that the Junior prom is being planned contrary to these recommendations.
"Be it resolved,
"That the Innocents society urges that the members of the Junior class take action to make their party conform to the expressed spirit of the University in regard to social extravagances.

"THE INNOCENTS."
