## STEWART CALLS TRACK MEETING FOR FRIDAY

### Plans for Season's Training to Be Discussed

## FULL SCHEDULE PLANNED

### Season Opens With Kansas City Athletic Clubs Indoor Meet at Kansas City

All track men are urged to be out to a meeting to be held in Dr. Stewart's office, Friday morning at 11 o'clock. The meeting was first announced for yesterday at the same hour, but this evidently given too short notice, for there were but three men present. It is particularly desirable that all men be out to the Friday meeting, as plans for the season will be discussed and the men will be given definite instructions regarding practice.

Prospects for a good track team this year are only fair. The team is badly handicapped from the first by the loss of several good men from last year, among them Werner and Owen. There is a possibility, however, of the latter returning to school at the beginning of next semester. Should he come back, he will prove a valuable addition to the team, and can be counted on to place high in his events.

All men who have ever done any track work, or who want to break in now, are urged to get out at once, to help make up for the dearth of men from last year's squad. Experience is not necessary, if the candidate is willing to train and work. Freshmen are especially urged to get out for the team, for the freshmen track man of this year is the varsity man of next year, and the sooner he gets to work, the more points he can win later for the team. Freshmen are eligible to compete in the Kansas City Athletic club, an annual indoor meet, and all first-year men who show promise of being point-winners men will be taken with the varsity to that meet.

A full schedule is being planned for this year's track team. The season will open with the Kansas City Athletic club's indoor meet at Kansas City. During the year there will be dual meets with other schools, some of the less important meets held by neighboring schools, and the big Missouri Valley meet at Ames. The team will wind up the season with the Western Conference meet at Chicago, in June, one of the biggest American track meets of the year.

## Vaccination Results in California

That the University has successfully vaccinated from 600 to 1,300 students every year for a dozen years past, without a single case of secondary infection or ill results of any kind, was reported by Dr. J. N. Force, assistant professor of epidemiology, in a recent paper for the Seminar in medical sciences of the University of California.—University of California Chronicle.

## DR. G. E. HOWARD HONORED BY SOCIOLOGICAL SOCIETY

### Will Preside at Annual Meeting at Philadelphia and Give Opening Address

Dr. George Elliot Howard, head of the department of political science and sociology, University of Nebraska, will preside at the twelfth annual meeting of the American Sociological society to be held at Philadelphia, Pa., December 27 to 29. His presidential address on "Ideals as a Factor in the Future Control of International Society," will open the meeting.

Other University of Nebraska people on the program are Dr. Lucile Eaves, formerly professor of sociology here, who will discuss Women's Educational and Industrial Union; Dr. Edith Abbott, '01, of the Chicago School of Civics and Philanthropy; Professor Hutton Webster, of the department of social anthropology, who will talk on "Primitive Individual Ascendancy"; Grace Abbott, of the Federal Children's bureau, Chicago, who will discuss "The Immigrant in America as a Factor in Community Planning"; and Cecil C. North, '02, professor of sociology, Ohio State University, who will discuss "How Far May Social

## Control in International Relations be Democratized?

The headquarters of the society will be at the Hotel Adelphi, where most of the meetings will be held. The Friday meetings will be held at the University of Pennsylvania, those Saturday morning at Haverford College.

This office held by Dr. Howard, is one of the highest ever held by a member of the University faculty. Former presidents of the association include Franklin H. Giddings of Columbia University, Albion W. Small, University of Chicago, and Edward A. Ross, University of Wisconsin.

Among the well-known people who will take part in the meeting are Professor Benjamin M. Anderson, Jr., Harvard University; Professor Henry Pratt Fairchild, Yale University; Professor A. J. Todd, University of Minnesota, and Jane Addams of Hull House, Chicago.

Alice C. Jackson, '07, writes that she is teaching in the grade schools of Fairmont. Her brother, J. B. Jackson, '07, has been working with the Commonwealth Edison Electrical company up until last year, when he enlisted in the Engineering corps. He was in training at Fort Sheridan and Fort Leavenworth, then went to Camp Grant as captain of the engineers in the 111th company. He is now in New York and expects to sail any day.

## WORK BEGINS ON HIGH SCHOOL DEBATES

### District Championship to Be Decided Here on Annual Feté Day

The subject for the Nebraska High School Debating league for the year 1918, has been announced by Prof. M. M. Fogg, president of the league. The subject is, "Resolved that the most compulsory military training should be established in the public schools of the United States." This is a war question that the officers of the league feel to be of interest to high school students, and a war question that will not be dead when the debates close.

There are twelve districts represented in the Nebraska league, and last year 100 schools took part in the contest. The winners are picked on high school Feté day which is held sometime in May. Last year the debates were held May 12, but this year on account of the University closing earlier than usual, the debates are scheduled to take place earlier.

## PLANS UNDER WAY FOR UNIVERSITY NIGHT

### Various Organizations Are Requested to Submit Sketches to Committee by January 15

Plans are now well under way for the eighth annual University Night, to be held in the City auditorium in March. Letters have been sent to all organizations in school, asking that they prepare their sketches as soon as possible. The skits prepared must be submitted to the judges not later than January 15. The committee hopes that every organization will submit the best that they can plan and from these will be selected the best for the program.

University Night is one of the real traditions of the University and every student who has attended the evening of campus impersonations and take-off skits, is glad to help in making it a success. Last year the Law college, commercial students and electrical engineering students put on some of the best entertainment and a number of short plays were given.

Information may be secured at the University Y. M. C. A. office in the Temple building Will F. Urbach is chairman of the committee in charge

## Mathematical Club Holds Regular Meeting Thursday

The regular meeting of the Mathematical club was held Thursday evening, December 11, at 7:30 o'clock in Faculty hall. A very interesting program was given. Josefa Seeley discussed the magic square; and Prof. Lulu Runge explained some graphical and numerical methods. Discussions followed. At the next meeting, mathematical games will be played and each member is asked to come prepared to present a game.

## Law Students Judge Debating Contests

Nine University men, eight from the college of law, were judges of triangular debates held at Crete between six competing teams representing two fraternal and one debating organization Monday night.

The three societies have organized

an Inter-Society Debating league and have put up a silver loving cup for a prize to any team that should win three decisions in contests staged in the league. The team which won the debate last night had won for the third time and was awarded the cup. A. J. Sutherland, '18, a commerce student, was the only judge not belonging to the law college.

The other men were V. G. Lundmark, Herbert White, Everett Randall, L. E. Uden, A. C. Krebs and Walford Jacobson, all third-year law students and J. G. Young and E. F. Wittee, first-year laws.

## To Give Paper Before Eastern Convention

Miss Louise Pound of the department of English literature will leave at the end of the week for the Atlantic coast. She has been invited to appear on December 27, on the program of the American Dialect society, meeting in connection with the Modern Language association at Yale university. She will give a paper on "Vogue Affixes in Contemporary Word-Coinage." She also expects to spend a few days in the Harvard and Columbia libraries. During most of the holidays she will be with relatives and friends in Boston and New York.

## FIRST ISSUE OF BLUE PRINT SOON READY

### Will Contain Record of Engineering Happenings to Date—Start Subscription Campaign

Material for the first issue of the Nebraska Blue Print, the official publication of the engineering college, is nearly all in hand and the staff reports that it will be ready for students and faculty members January 1. The subscription campaign will start on the campus this morning and continue during the week.

Owing to the decrease in the enrollment in the engineering college this year and the unsettled conditions it was decided to publish but two issues of the Blue Print this year instead of three as before. Each of the two issues will be larger however than were those of last year and every effort is being made to make the publication complete in every way and to furnish engineering students with a complete and accurate record of the

## NAMES NEBRASKANS FOR OFFICERS CAMP

### Third Training Course at Fort Riley Announced

## TO BE OPEN JANUARY 5TH

### List Composed Largely of Students—Fourteen of Men Give Lincoln as Home

Col. H. L. Roberts, commandant of the cadet battalion, yesterday gave out the names of Nebraskans chosen for the Third Officers Training camp to be opened at Fort Riley, Kansas, January 5. The list announced includes 39 men, 14 of whom give Lincoln as their home.

Owen A. Frank, Scottsbluff, is one of those announced. Frank has been acting as assistant coach to Dr. E. J. Stewart during the past season, and has had charge of the freshmen varsity. His services have been of great help in making the record that Nebraska has this year and his help will be missed next year.

Earl C. Jeffrey, Lincoln, colonel of the cadet battalion, was also accepted and will leave the first of January. His successor has not been appointed.

The highest rank that the men at this camp may obtain is that of second lieutenant. They are paid at the rate of \$33 per month while in training, and are furnished their uniform after they arrive at the camp. They are required to pay their own mileage to the camp, but the government pays return mileage.

Following is the complete list of principals and alternates:

**Principals**
