

THE DAILY NEBRASKAN

VOL. XVII, NO. 89.

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, FEBRUARY 1, 1918.

PRICE FIVE CENTS

LAST CHANCE TO SUBMIT STUNTS

Plans Underway for Eighth
Annual University Night

HIGH CLASS SKITS

Many Organizations Offering Sketches
To Be Passed on By
Committee

Plans are well under way for the eighth annual University Night which will be held at the City Auditorium March 2, and sketches for stunts are piling up on the desk of Ray H. Cowen, president of the University Y. M. C. A. Today is the last date by which organizations may submit their stunt ideas to the committee. Any coming in later than tonight cannot be considered.

The University Night committee, under Will F. Urbach, is to meet tomorrow to pass upon the sketches submitted. A large number have come in and Mr. Cowen states they are of a high order and difficulty will be experienced in choosing the ten or twelve which will make up the program. All will be returned by February 5, bearing the stamp of approval or rejection.

Scramble for Tickets

A big scramble is predicted when the tickets are put on sale. A booth will be set up in the lobby of the Temple a week prior to the stunt night, and the sale will last only about two hours. All the seats in the auditorium will be reserved and the price is only fifteen cents, including the war tax.

Ticket scalpers will have no show in this sale and every one will be given an equal chance as no one will be allowed to purchase more than two tickets.

A special privilege will be granted to the soldiers in the camps, allowing them to secure seats in advance of the sale, by writing in to Will F. Urbach any time. The faculty will also be able to secure seats before the rush on the day of the sale.

Annual Stunt Night

University Night is an annual stunt program under the direction of the University Y. M. C. A., containing original sketches, presented by various departments of the school. It was started eight years ago and has grown in popularity and standard year by year. Until 1916 the programs were given at the Oliver theatre, but last year it outgrew the playhouse and the city auditorium was obtained.

NEBRASKAN WILL BE SURPRISE TO SOLDIER

The following letter received yesterday from one of the University's soldiers indicates that he does not believe that the "Rag" will follow him "Over There." The Nebraskan at present has a large number of men in

France on its mailing list and more are being added daily. Friends report that if the paper is sent directly from The Nebraskan office it reaches the soldiers in France more often than if sent by them personally.

If you wish the paper sent to your soldier friends or if you wish it sent to a different address hand in his name and address at the Student Activities' office.

Camp Merritt, N. J.
January 27, 1918.

The Daily Nebraskan:

You may discontinue sending the "Rag" to my address at Camp Hancock. Expect to leave in a few days for the "big game" on the other side, and only wish the "Rag" could follow. Very sincerely,

ROY L. BOSSARD.

Co. 18, 1st Reg. Motor Mech.
Aviation Sec. Signal Corps.

TO PICK WRESTLERS FOR AMES MEET

Coach Otoupalik Will Line Up
Candidates in Elimination
Matches Saturday

With the first dual wrestling meet only a week away Coach Otoupalik will line up his varsity candidates Saturday afternoon in an attempt to pick the most likely "rough-em-up" artists to go against Ames next Friday.

The combats will commence about 2 o'clock with a match between two candidates in the 125-pound class. Then in order will follow elimination bouts in each of the divisions, 135 pounds, 145 pounds, 158 pounds and 175 pounds and heavyweight.

Otoupalik will have a large task on his hand as an entirely new team has to be developed for the meets this year. Every letter man of last year is out of school this year and will have to be replaced by an inexperienced candidate.

No dope can be obtained as yet as to the final composition of the team that will go against the Ames Farmers. Several new men have shown exceptional promise and should be able to hold their own in any class. Foremost among these is Munn, the 225-pound husky who usually has his own way in practice bouts in the Armory. In the other classes there is little to choose between the various candidates.

Senior Women Should Select Little Sisters

Senior women who have not yet chosen their "little sister" are requested by the dean of women to provide for this matter immediately. Those who delay in doing this are withholding the plans as originally adopted and they should see to it at once that they do their part in the promotion of the "little sister" organization. All those interested may see Dean Heppner at her office in the Administration building.

ATHLETIC MEET TO BE STAGED SOON

Inter-Fraternity Board Lays
Plans for Coming Contest

PLANS BASEBALL LEAGUE

Rhodes Heads Committee to Arrange
Spring Schedule — May Have No
Varsity Squad

At a meeting of the Inter-fraternity Athletic board Thursday, it was decided that an inter-fraternity indoor athletic meet would be held in the Armory at 3 o'clock on Saturday, February 16. The object of the meet is to assist Dr. Stewart in selecting a team to represent Nebraska at the Kansas City meet.

There will be several interesting events in the meet. A cross-country race for three miles will start outside and end in the Armory. In the shot-put, a 12-pound indoor shot will be used. The high kick, rope climb and three-legged race should prove to be thrillers. A committee consisting of W. C. Jackson, Glenn Graff, W. Brown and H. Grau has been appointed to arrange the time when preliminaries for the tug-of-war and relay teams can be chosen. All men who have not already made letters in track can enter the meet.

It was also decided that there should be an inter-fraternity outdoor meet held on April 6. This meet will consist of the official fifteen outdoor track events.

An inter-fraternity baseball league is also being planned. Since it has been given out that there will be no varsity baseball this year on account of the loss last year, it is probable that this league will be of great interest. A committee is to be appointed by President Rhodes to work out a schedule after the spring sports have all been planned. There will be no inter-fraternity bowling tournament this year.

The list of events for the indoor meet will be as follows:

1. Twenty-five-yard dash.
2. Twenty-five-yard low hurdles.
3. Relay race, for either four or eight men.
4. Cross-country run, three miles.
5. Quarter-mile run.
6. Three-legged race.
7. Running high jump.
8. Running broad jump.
9. Standing broad jump.
10. Shot-put.
11. Tug-of-war.
12. High kick.
13. Rope climb.

CONVOCAION

Dr. W. E. J. Graetz of the St. Paul church will speak at convocation exercises next Tuesday morning. The speaker has not yet announced his subject but he is widely recognized as a forceful speaker and students and faculty members are promised a pleasing talk at this convocation.

DEAN DAVIS RECOVERING FROM PNEUMONIA ATTACK

Head of Arts and Science College Expected to Pass
Crisis Safely

Dean Ellery Davis of the Arts and Science college, who has been seriously ill with pneumonia, is recovering slightly from the first attack and hopes are expressed by attending physicians that he will soon be out of the danger period. The doctors intimated that the Dean would pass through a critical point in his sickness the latter part of the week, but said that it would be possible through the proper care to bring the patient safely through this point.

Mrs. Davis, who was on a visit at the time the Dean took sick, has returned and other members of the family will arrive at the earliest possible date. They have been delayed on their trips by the railroad tieups resulting from the severe snow storms on their routes. Dr. Edwin Davis arrived here Thursday and Robert and Helen are expected to reach Lincoln soon.

Dr. R. A. Lyman has just received word from Ernest Rincker who would have been a senior in the college of pharmacy this year and who is now stationed in the United States Military Training school located at Goat Island in San Francisco Bay. Mr. Rincker states that a regular routine is followed out and that they have to attend school the greater part of every day. He says that it becomes rather monotonous at times but that on the whole he likes the life quite well. He says that he expects to be moved most any time but that he does not know where he is going.

Lawrence S. McCoy, ex-'18, of Scotts Bluff, who has held a clerical position in government construction work in New Mexico and southern California, is in the 158 Aero Squadron at Garden City, Long Island and expects to sail for France soon.

ROGERS HEADS CADET OFFICERS ASSOCIATION

Reorganize Association of University Military Department
at Thursday Night Meeting

University cadet officers reorganized the regular Cadet Officers' association at a meeting held at the Bushnell Guild house Thursday evening. Officers chosen to head the new organization are: Colonel Roger Jenkins, president; Lieutenant Colonel Cotter, vice-president; Lieut. G. D. Bushnell, secretary and treasurer; Capt. W. Johnson, sergeant at arms.

The Cadet Officers' association is an official University organization that has been organized since 1913 and one to which a majority of the commissioned officers are members. General Pershing and other University commandants are honorary members to this association.

At the meeting a discussion and report of the annual military ball was given plans for which will be announced at a later date. An opportunity will be given all cadets to have first chance to purchase tickets to this event.

The effect of the new rule regarding the wearing of cadet suits was also discussed and the members expressed themselves as very well pleased with the results obtained from this move. Stricter military organization is secured through this means and a better co-operation between the officers and the cadets.

May Still Register For Red Cross Courses

Dr. R. A. Lyman, head of the department of physiology and pharmacology, wishes to announce that students can still register for courses in first aid, home nursing and surgical dressing. These are the Red Cross courses offered in the college of pharmacy.

HUSKERS PREPARE FOR DODGE BATTLE

Scene for Tonight's Game Remains Undecided

CAMP TEAM ALL-STARS

Nebraska Ex-Captains On Rival Squad — Charge Fifty Cents Admission

The Camp Dodge basketball quintet comes to Lincoln today for a feature game against the Cornhusker squad. Arrangements are nearing completion for the staging of tonight's game. Just where the game is to be held seems to be undecided as yet but a definite announcement of the scene for the first battle will come from Doctor Stewart today. Whether the Armory, the Y. M. C. A. floor, or the Auditorium shall be used is a thing to be decided upon this forenoon by the board. In any event the charges will probably remain the same and the provision regarding the validity of student season tickets will still remain good.

The team had the last scrimmage before the games yesterday afternoon. The workout was one of the stiffest of the season, but the varsity showed up well, and gave promise of giving Dodge a hard scrap. The team is still badly crippled by a lack of men and it is not yet known just who will be in condition to enter the games. It is now thought that Hubka, Anthes, Kellogg and Schroeder will all be missing. If these men can not report, the team that will oppose the soldiers will be chosen from the following players: forwards, Jackson, Thomas, Gerhart, Strohmmer and Eldredge; center, Phillips; guards, Schellenberg, Adkins and Spear.

The Freshmen will stage a preliminary game with Doane tonight, and one with Cotner tomorrow night. The first-year men have been playing strong consistently and are doped to win both games. The regular Freshman squad is now composed of Beakins of St. Louis, captain, Patty of Omaha, Kacer of Wilbur, Neuman of Columbus, Howarth of West Point, Neb., Bailey of Hebron, Cosford of Beatrice, Ray of Seward, Taylor of University Place and Gilliland and Taylor, who was elected captain of the second team.

Students athletic tickets will admit to all the games. This fact is expected to bring out a large crowd, that will fill the gymnasium to capacity. Through a typographical error, the announcement was made in yesterday's Nebraskan that the admission for those not holding the regular season tickets, would be 15 cents. The admission will be 50 cents. All proceeds are to be donated to the athletic fund, used for promoting athletics at Camp Dodge.

"Our New Battle Hymn,"--War Song

By Professor Lawrence Fossler.

The following poem, written by Professor Lawrence Fossler, '81, appeared recently in the University Journal under the heading of "Our New Battle Hymn," but the author prefers the title "Nebraska's Pledge."

NEBRASKA'S PLEDGE

Serried ranks of young Nebraskans heard our leader's mighty call,
To oppose the common foe they have pledged to give their all.
They will stand against his legions like an adamant wall—
For that they're marching on.

College-halls and marts forsaking, leaving shop and mill and field,
Nobly they are marching onward, the avenging sword to wield;
Never shall that sword be sheathed till to Justice Might shall yield—
For that they're marching on.

Their's the armor of high purpose, their's the shield of Truth and Right,
Their's the will for high endeavor, to destroy the despot's might,
To destroy the reign of darkness, to bring in the reign of light—
For that they're marching on.

We at home, in old Nebraska, ever at their side shall be,
Loving, yearning, helping, toiling, while they are across the sea.
Here's our pledge: We will be with them in their task to set men free—
We, too, are marching on.

The Day Men Call Tomorrow!

There is a day more beautiful than any that has ever been. The sun will shine from out a cloudless sky. No storms will threaten to mar its pleasurable morning, noon or night. The birds will sing their sweetest carols. And flowers will bloom that never lose their fragrance, the richness of whose colors never fades. No beasts of prey will be in wait in the jungle or the thicket of the forest to leap upon the unwary traveler or terrify the timid. Disease and death will be abolished, and pain and trouble will all disappear. There will be in the heart of man no more sin nor avarice, no more sorrow nor disappointment, no more selfish carelessness, no more thoughtless cruelty. Everyone will have in mind his brother and all will dwell in perfect peace together. Then will everyone remember to do the things that ought to be done and leave undone the things that ought to be left undone. Then will everyone be kind and thoughtful of his neighbor. Then will everyone break away from the life-long habits of sin that have hitherto bound him and become a just and righteous man in all his dealings. Then will everyone be his best. There will be no more evil thinking, no more idle slander, no more lawless living. Lust and greed will be no more. Then will everyone turn and make his peace with God, and live forever after in the full light of His love, and serve him in spirit and in truth. Then in-

deed will be re-established upon earth the ancient paradise, and all stains of sin will be utterly washed out and forgotten. Then will earth become a heaven and hell be done away.

And when, do you ask, will these things come to pass? When will there come upon earth such a day? This is the day men call "Tomorrow." These are but a few of the things that men have said would happen then. These are only some of the things that you have said that you would do "Tomorrow." And if all that men, since the beginning of time, have said that they would do "Tomorrow," if all of these were to be attempted in any day, that day would rival all eternity in length. All the kindnesses that have been forgotten, all the good deeds that have been neglected, all the words of comfort that have been left unspoken, all the tokens of appreciation that have been left ungiven, all the wrongs that stand unrighted, all the sins that have not been cast out, all the promises that have been made and broken, all these will be made right upon that beautiful, wonderful, glorious day that men are wont to call "Tomorrow." But all these plans can never reach their fulfillment, all these promises must remain forever unkept, all these good resolutions can never be realized, for men have left them all to do "Tomorrow." And "Tomorrow" is a day that never comes.

—C. E. S.
