

THE DAILY NEBRASKAN

VOL. XVII, NO. 103.

UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, FEBRUARY 27, 1918.

PRICE FIVE CENTS

MEMBERS CHOSEN FOR TRACK MEET

University Athletes Compete for Places in Tuesday Events

EIGHT MEN SELECTED

Townsend, McMahon, Grau, Stevens, Yort, Graf and Reese to Represent Nebraska at Kansas City

The try-outs for the team which will represent Nebraska at the big Missouri Valley indoor track meet at Kansas City next Saturday, were held on the athletic field Tuesday afternoon. Eight men will make the trip, and as all are old men at the game, and men who have proved their merit before, Nebraska's chances of winning at least her share of the points at the affair are very good. Five quartermilers will be sent, four of them comprising the team which will enter the mile relay. They are Townsend, McMahon, Grau, Stevens and Yort. Grau will also enter the half-mile, and Graf, last year's star miler, will run the same race again this year. Finney is entered in the high and low hurdles, and the 50-yard dash, and the team is completed by Reese who is entered in the shot-put. The men made a very creditable showing in the try-outs, and Nebraska's prospects seem to be better than usual this year.

LINCOLN HIGH INVITES UNIVERSITY TO FUN-FEST

The students of the Lincoln high school have been preparing a carnival to be held at the new high school building at Twenty-second and J streets, Friday night of this week. The evening's program will consist of a large number of "stunts" in various of the class rooms, and several short plays in the school auditorium, with dancing beginning shortly after 9 o'clock in one of the larger study rooms. Although this is a high school affair primarily, the students have extended an invitation to Lincoln people, and the University students in particular, to spend the evening at the high school.

RED CROSS MAKES URGENT PLEA FOR STUDENT HELP

Men Needed to Aid in Rolling Bandages and Assist in Completion of Equipment

With a plea stronger than ever before the city Red Cross association comes again before the student body asking it to take a more active part in the work which that organization is doing toward the relief of the soldiers now entering the trenches.

An appeal was made yesterday at the Nebraska office to remind the men of the University that their services are equally as valuable as the work of the women. Men are needed now and are especially requested to come to the Red Cross rooms in the Masonic Temple at the corner of Fifteenth and L streets to roll bandages and do other like work to aid in getting the goods ready for shipment. No experience is necessary for this work and those desiring may choose any hour between 2:30 and 5 o'clock on any week day to give their assistance in this department.

Nebraska Road Institute

All Nebraska engineers, surveyors, highway commissioners or superintendents, county commissioners, and other persons interested in the improvement, building and maintenance of public roads are invited to attend the Nebraska road institute during the week of March 11-15 at the University of Nebraska. This institute will be conducted by the engineering college of the University of Nebraska with the co-operation of the state engineers and a number of prominent Nebraska road builders. There will be no charge for attendance and it is hoped that the various counties will defray the expenses of one or more delegates. This institute will be entertaining and instructive and promises to be the largest body of Nebraska road builders ever assembled. Further information may be obtained by addressing C. E. Mickey, Station A, Lincoln, Nebr.

Require no Registration for Gymnasium Classes

Cornhusker men will not need to register for gymnasium work in order to attend classes and get some physical exercise, according to a statement from the department issued recently. The only requirement necessary is a gymnasium suit and a fair proportion of energy. There is room to accommodate fifty more persons on the floor and students are urged to take advantage of this opportunity. Classes are given on 1 and 3 o'clock on Monday, Wednesday and Friday.

ONE THOUSAND GET UNI. NIGHT TICKETS

Few Remaining Will Be Placed on Sale at College Book Store This Morning

Nearly one thousand students and faculty members went through the annual University Night ticket rush at the Temple this morning and from 11 until 1 o'clock a line wound this way and that and back again in the corridor and out to the west door.

WAR BABY MUST HAVE MORE FOOD

Starvation Seems to Be Doom of Nebraska Infant

MAY ABOLISH BOOK

Management of Cornhusker Forced to Final Appeal for Support Before Dismissing Plans

"More Food, More Food." That's the war baby's cry which is heard in the Cornhusker office every day, while Papa Thompson hustles diligently about trying to scare up just a bit of nourishment to guarantee the child's existence for another day at least. The supply in baby's canteen is low and if the temperature of the liquid must be governed by student support generally it would necessarily be anywhere below the zero line.

In spite of the fact that this year's Cornhusker is one of the most novel and complete annual ever produced

This Week's Solicitors Co-eds now conducting the Cornhusker campaign are:

Marion Hompes	Genevieve Addleman
Edith Cash	Hazel Cook
Genevieve Loeb	Fay Breese
Verne Moseman	Mary Eastham
Hazel Edwards	Hazel Cook
Helen Tooty	Helen Dill
Lucille Koeth	Carolyn Reed
Emma Neilson	Sadie Rotholz
Elizabeth Erasmus	Gertrude Munger
Ruth Milford	Helen Cook
Marian Hall	Winifred William
Fae Breese	

EVENING SHUN COMPLETES COLLECTION OF SCANDAL

Editors Believe no Item Overlooked — Spurn Many Tempting Bribes

The Evening Shun, the annual University scandal paper published by Sigma Delta Chi, professional journalistic fraternity, is now nearly ready for the press. The editor, I. Giffa Damm, announces that every scandal passageway has given up its quota and that although the total number of bribes turned down amounts well into the hundreds, there is little doubt

CADET OFFICERS SELECT SPONSORS

Seventeen University Women Chosen for Honored Positions

APPEAR IN CORNHUSKER

Pictures of Favored Co-Eds to Be Shown Opposite That of Organization in Nebraska Yearbook

The sponsors for the University regiment have been chosen by the cadet officers commanding the various organizations of the regiment. The sponsors are given the honor of presenting a saber to the captains from their respective companies. Their pictures will appear in the Cornhusker along with the organization which they sponsor.

These positions are very coveted honors and those who receive them are among the most popular co-eds in the University. Miss Evelyn Little was selected to sponsor the entire regiment.

The List of Sponsors The following is the complete list of sponsors and the organizations they represent:

- Evelyn Little—Regiment.
- Eleanor Seymour—First Battalion.
- Leona Owens—Second Battalion.
- Katherine Gabel—Third Battalion.
- Hazel Edwards—Headquarters Co.
- Helen Bloodhart—Band.
- Milrae Judkins—Company A.
- Gwendolyn Hughes—Company B.
- Winifred Williams—Company C.
- Ruth Welch—Company 2
- Margaret Dodge—Company 1.
- Gladys Rhorbaugh—Company F.
- Cornelia Crittenden—Company G.
- Marguerite Lonam—Company H.
- Verna Buchta—Company I.
- Katherine Howey—Company K.
- Loy Ream—Company L.

A. C. Krebs to Speak at Men's Meeting Tonight

August C. Krebs, Law '18, will speak before the men's meeting in the city Y. M. C. A. tonight at 7 o'clock. This meeting promises to be of interest to everyone, as the speaker will discuss some important current topic. All men students are cordially invited to attend.

WORLD WAR HAS ENLARGED SPHERE OF WOMAN'S WORK

Miss Helen Frazer Explains Effect of Present Struggle in England

"The sphere of woman's work has changed since the war began," Miss Helen Frazer said at Convocation this morning. "Their opportunities have been broadened and widened. Franchise has been granted to educated women. Six millions of English women will vote next election.

The women have also broader opportunities of education. The universities of England are void of men. Only the cripples and foreigners are left. The women fill the universities. England has discovered the great value of the service of University women. It is wise and proper to give girls an education. We urge them to complete their work and then do war work.

The medical women have come into their own during the war. The war office established the first medical unit of women in a large hospital in France, a year ago. It contains seven hundred beds. Dr. Ingels, who did wonderful work in Russia and saved so many lives there, is regarded as one of the great persons of England.

There are over one million women working in ammunition factories. Educated women are at the head of the departments. Over one and a half million in the industries, have taken the places of the men. The women run the railroads, subways, deliver mails and are in stores, warehouses. About 30,000 women are now in banks. Without their assistance business in England could not continue.

The housewives are organized throughout the country. The ration of meat and wheat is one pound to a person. Only six ounces of sugar is allowed and five ounces of fats. There was enough fat saved from waste to furnish the glycerine for eight million.

HE CAN'T LIVE ON NOTHIN'

Yesterday's ticket sale for University Night was well patronized, a majority of the seats being sold. There remain, however, a few choice seats in the balcony and scattered about the ground floor sections that are available to any students desiring them at the College book store. It is very probable that almost if not all of the tickets will be sold before Saturday arrives as many students and faculty members could not appear yesterday at 11 o'clock for the regular sale and these people have made their purchases since that time.

In case there should any remain unsold the management expects to put those tickets on sale at the door the night of the performance. Almost the entire lower floor of the Auditorium was sold yesterday and the sale is continuing at a rate that would justify a warning to all those persons expecting to attend the big night of stunts to apply immediately for tickets if they do not wish to be disappointed.

ADDITIONAL APPOINTMENTS IN MILITARY DEPARTMENT

Men Named in General Orders No. 7 for Promotion to Minor Offices

The military department announces another list of appointments and promotions in its general orders No. 7. These promotions and appointments (Continued on page two)

for Nebraska students the support seems to be such that will call either for immediate revolution in campus spirit or a throwing overboard of all plans for the Nebraska yearbook. The management has in fact found it necessary to place the matter squarely before the student and faculty body and insist that if they wish to get behind this big attempt to publish a representative annual that will eclipse all others in size and contents and which at the same time will sell at a record breaking low price, they must show such willingness at once or the work will be stopped and the whole affair dismissed.

Sophomores are Co-Operating

The sophomores are for the most part co-operating splendidly with the management in submitting their individual pictures, but there remain many who as yet have failed to avail themselves of this opportunity to be represented in the big war edition. The time limit, although not definitely set, will necessarily be short in order to assure a timely publication of the book and all second year students are therefore held personally responsible to see that their pictures are presented at the office within the very near future.

There will naturally be some disappointed persons about school toward the latter part of this year, as there have been in years previous to this, because their pictures are not to be found among those of their friends and classmates. Nor should anyone allow themselves to entertain the thought that a Cornhusker may be purchased at the eleventh hour for it happens very frequently that the supply runs out far sooner than does the final demand for them.

in his mind that the University will derive a permanent benefit from the publication of the feared articles and he is willing to make the sacrifice of the paltry dollars.

The Shun representatives have had their dictaphones set and their campus sleuths stationed for the past three weeks and they feel that no item has escaped them. The motto: "Hew to the line, let the chips fall where they may," is being strictly adhered to.

The Shun will be distributed at the door of the auditorium Saturday after the University Night performance.

CHEMISTRY HALL READY FOR SUMMER SESSIONS

New University Building Nears Completion—Lecture Room Already Occupied

The new chemistry building is now rapidly nearing completion and will be ready for occupation for the summer school session. Prof. Mary Fossler has already taken over one room for a lecture room.

Chemistry Hall, like the new Social Science building and Bessey Hall, is an improvement worthy of any university campus. No expense has been spared in securing quality or finish in spite of the stringency of the times and it is a splendid monument to Nebraska's interest in the education of her youth; even while so many of her sons are marching off to war.

Chas. E. Chowins, superintendent of grounds and buildings, says that in no (Continued on page two)
