**Freshmen Lost Two**  
The Nebraska freshmen were not so lucky as the varsity and had the misfortune to lose both their games to the first year men from the Kansas Ag. school. The Farmers had the great deal the best of it in size, and weight and easily were the better of the lighter Nebraska team. However, the Husker youngsters put up a mighty game fight and scrapped the huskier opponents to the finish. Yungmeyer, the "Aggies" left forward, was by far the individual star of the games. In the first game he made good on 11 out of 12 free throws, putting in the first eight without a miss. Bekins was the individual hero of the Nebraska aggregation and played a wonderful game at center against a much larger opponent. The line-ups for the two games were:

**ACHIEVEMENT**

Twenty-five years ago the General Electric Company was founded. It has set free the spirit of research. Since then, electricity has sent its thrill through the whole structure of life. It has given tangible form to invention, in apparatus of infinite precision and gigantic power. Eager to turn wheels, to lift and carry, to banish dark, to gather heat, to hurl voices and thoughts across space, to give the world new tools for its work—electricity has bent to man's will. Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership. And it has gone forth, co-operating with every industry, to command this unseen force and fetch it far to serve all people. By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.
