TUESDAY EVENING MEETINGS

Tuesday evening is the only evening the city Red Cross rooms in the Masonic temple are open. There are a few students who work there that evening, and more it is said, who would be glad to do so if they could.

A number of societies have for years met regularly on Tuesday evenings. The majority of these have continued their meetings as usual this year.

Is it not possible for these societies to meet some other evening so that their members may do Red Cross work? Undoubtedly bandages and dressings will be needed from now on in larger quantities than ever before.

THE GERMAN CLUBS

The University of Nebraska has two German clubs clubs at least with German names, the Deutscher Schauspiel Verein (German Dramatic Club) and the Deutscher Geselliger Verein (German Social club). The former meets one Wednesday evening each month; the latter meets also once a month. German is the language spoken at these meetings. The German Dramatic club gives German plays. One was given last Tuesday evening.

We do not mean to assert that all of the members are pro-German for we know that that is not true. There are students whose parents are German, students who, because they have studied intensively the ideals and philosophy of modern Prussianism, are loyal Americans. There are Germans who came to America because they disapproved of German autocracy. These people are glad of the opportunity to fight these ideals that drove them from their Fatherland.

We realize that we must know the German language if we are to prevent Prussian domination of the world. But to learn the language it is not necessary to hold secret club meetings.

A number of students who before the war were members of these clubs have refused to attend the club meetings this year. One student recently proposed the dissolution of one of the clubs at a meeting, and in his own language he "was sure stepped on."

If the clubs are German clubs they should be treated as any German secret organization would be treated. If the clubs are American their names should be Americanized.

Give a Book

Mobilize your idle books for the Camp Libraries.

Give the book you prize the most; not the one you care for least.

Give your favorite author; the novel that interested you last summer; the volume of poems with a meaning and message for you.

Give the book that causes a pang at parting, like saying goodbye to an old friend. Ten chances to one it will mean more to some soldier boy.

Give the book that is still alive but which you have outgrown. It is the one which should be passed on to the Camp Librarian.

Give your latest war book... you will probably not read it again. The boy in khaki is waiting for it. Reading it will prepare him for conditions "over there."

Give books on technical subjects; there is an insistent call for works on aeroplanes, automobiles, gas engines and engineering topics generally. Don't think that the boys are interested only in fiction.

Write your name and a message on the fly leaf; it will make the bond seem closer.

Remember that he gives twice who

gives quickly. But don't give thoughtlessly. We are judged by what we give.

Take your gift to the University library.—Daily Cardinal.

PROF. A. A. REED HEADS EDUCATIONAL MISSION

Elected Chairman of Inspection and Commission On Secondary Schools at Chicago Meeting

Prof. A. A. Reed has just returned from Chicago, where he attended the 23d annual meeting of the North Central Association of Colleges and Secondary Schools. It was held March 19-23.

This organization of the principal universities, colleges and normal schools of seventeen north central states, extending from Ohio to Montana.

At this meeting Professor Reed was elected chairman of the board of inspectors and of the commission on secondary schools. These are the two organizations through which the inspection and accrediting of secondary schools is carried on, reporting their action for approval to the general association.

Professor Reed Fourth Chairman  
This is the original commission of the North Central Association and for many years was under the direction of Professor Whitew of the University of Michigan. He was succeeded by Professor Hollister, University of Illinois, and for the last four years by Professor Eliff, University of Missouri. So in the past twenty-three years the commission has had only elected a member of the committee, three chairmen.

About six years ago, a commission was established on higher institutions of which Professor Judd of Chicago University has been chairman. The third executive commission, established three years ago, on unit courses and curricula, is under the direction of Supt. J. H. Newlon of the Lincoln schools.

The chairmen of these three commissions are members of the executive committee of the general association. Principal I. G. Masters of the Central High school of Omaha, was thus giving Nebraska three members of the executive committee of ten.

Over 1,200 secondary schools were accredited last week, including the following Nebraska high schools:

PLAY PRELIMINARIES IN INTER-FRAT BASEBALL

Phi Delta Theta and Kappa Sigma Run Close Scores in Practice Games

As a sort of preliminary to the regular inter-fraternity baseball season, the Kappa Sigmas took on the Phi Delta Thetas last Sunday morning in a little practice round at the high school grounds and defeated them by a 5 to 4 score. It was a scrappy game from the word go and the Kappa Sigs only won after a hard fight. Brown pitched for the Kappa Sigs while Clark and Musselman took turns at the hurling for the Phi Deltas. The backstop position was held down for the Phi Deltas by Koehler and for the Kappa Sigs by Hansen. Scott refereed the match.

Dr. Guernsey Jones, head of the Department of English History, has been ill since the middle of last week with an attack of bronchitis. He is recovering however from his illness and expects to be able to meet his classes Wednesday.

Co-Ed Swimmers Must Register This Week

Every co-ed swimmer who aspires to membership on any one of the class teams must sign up in the Gymnasium this week if she is to be eligible, according to Eleanore Frampton, swimming sport leader. Tryouts for the teams will be held one week after vacation and only those who have signed may enter. The meet will be held April 13, and points counting toward the "N" sweaters will be awarded by the W. A. A.

The teams will be judged for the form of the various strokes, breast, side and back, and for perfection in the simple straight dives. Teams offering fancy dives will receive additional points. A short race and a relay race will be held. There is a good opportunity for every one who works to make the teams. Those in charge ask that those desiring to register do so before the end of the week.
