

THE DAILY NEBRASKAN

VOL. XVII, NO. 127.

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, APRIL 12, 1918.

PRICE FIVE CENTS

GREEKS NOW READY FOR SECOND ROUND

Teams for Most Part Well Matched and Games Close

PLAY FOUR GAMES TODAY

Alpha Tau Omega Has Easy Time—Sig Alpha Look Well for Championship—Things Running Smoothly

GAMES TODAY

Sigma Chi vs. Kappa Sigma, High school grounds at 5:30 o'clock.

Alpha Sigma Phi vs. Phi Kappa Psi, Cushman Motor Works at 12:30 o'clock.

Alpha Tau Omega vs. Delta Tau Delta, Athletic field at 12:30 o'clock. Delta Upsilon and Alpha Theta Chi, Athletic field at 4 o'clock.

Yesterday afternoon saw the close of the first round of the interfraternity baseball tourney with everything running smoothly and according to schedule. Nearly all of the teams so far have been well matched and the games close. The most interesting games of the afternoon were Delta Chi vs. Delta Upsilon, and Sig Alpha Epsilon vs. Phi Delta Theta. Sigma Alpha Epsilon has taken the eye of many of the fans as having a good chance for the championship.

Alpha Tau Omega walloped Phi Delta Chi by hitting the ball to all corners of the field. Bailey pitched in league form, striking out twelve men and allowing only three hits. Shelly, Shaw, Lamphere, and Carter kept the outfielders busy chasing home runs and triples.

Score—Alpha Tau Omega 18, Phi Delta Chi 0.

Batteries—Alpha Tau Omega, Bailey, Shaw; Phi Delta Chi, Lamb, Elston.

Delta Upsilon after trailing the Delta Chi's for six innings put on a hitting rally and knocked Francis out of the box. Before the D. U.'s were retired the score stood 7 to 6. Jackson and Howarth bore the brunt of the victor's offensive.

Score—Delta Upsilon 8, Delta Chi 7.

Batteries—Delta Upsilon, Studley, Jackson; Delta Chi, Francis, Farley.

The Phi Deltas were unable to solve Peterson's delivery, while the Sig Alphas hit the ball when hits meant runs. The Sig Alphas have one of the fastest teams in the tournament and stand a good chance of playing the final game.

(Continued on page four.)

HIGH SCHOOLS TO JUDGE STOCK AT FARM TOMORROW

Contest Under Direction of Saddle and Siroin Club—Aurora Winner Last Year

The fifth annual Nebraska State High School Stock Judging Contest will be held at the State Farm Saturday, beginning at 8 o'clock in the morning, and probably extending into the afternoon. This event is held under the auspices of the Saddle and Siroin club, an organization at the State Farm composed chiefly of men who held places on the Nebraska stock judging team this year.

The cup was won last year by the Aurora high school, and considerable interest is being manifested. Aurora, Fairfield, Pawnee City, Blair, Alliance and Tecumseh have registered for the contest thus far, and quite a number of other entries are expected before Saturday. The team winning first place will be awarded a cup, and besides the cup, 17 ribbons and medals will be awarded individuals ranking high.

BIRD CLUB WILL HAVE MONSTER EXHIBITION

To Last All Day Tomorrow and Sunday Afternoon

LARGEST IN THE COUNTRY

Displays of All Species of Birds and Houses—Whistling Lectures and Bird Plays at Auditorium

Bird exhibits of all kinds from prehistoric ages and present together with characteristic houses, bird baths, bird plays and bird music make up a part of the program of the Bird Exhibition to be given Saturday and Sunday by the Bruner Bird Club as a part of the program of the government in the interests of bird conservation. The exhibition is modelled to a certain extent after the monster display held in Seattle, Washington a short time ago and will probably be the largest exhibition of its kind in the country. The display will be open from 9 o'clock until 8 o'clock on Saturday and from 2 o'clock until 8 o'clock Sunday.

The exhibition will contain everything pertaining to birds that can be obtained. The University Museum has loaned over forty of its best specimens of stuffed birds of different species from water birds to the common varieties. Twelve of the public schools of the city have entered a contest for first, second and third prizes for the best bird houses, baths or posters and these will also be on display. University students will judge.

Prof. R. H. Wolcott, head of the department of zoology, will give an illustrated lecture on birds with about 50 colored slides at 2 o'clock on Saturday and at 4 o'clock the same day Prof. M. H. Swen will give the same lecture. At both 2 and 4 o'clock Miss Lily R. Button of Fremont, who has studied bird music for several years, will whistle bird calls and explain the time, scale and key of their song. At these times on Saturday a bird play will be given in costume by the school children.

There will be no program Sunday but students who cannot come Saturday are urged to attend Sunday as the entire exhibition will be kept intact until 8 o'clock Sunday evening.

—Buy a Liberty Bond—

TODAY IS LAST DAY FOR LOAN CAMPAIGN

All Subscription Cards Must Be Turned Into Activities' Office Tonight

Today is the last chance the University will have to help Nebraska go "over the top" in the third Liberty Loan drive. The university subscriptions to the second Liberty loan amounted to \$75,000. The government needs the money worse than ever and today it is asking all students to subscribe that can possibly do so.

The city of Lincoln has over-subscribed its third Liberty loan quota, by over a half million dollars and the campaign does not close until this evening. Reports from all over the country say, "they are going over the top," so this keeps Nebraska University in the same class and bring our total over the \$75,000 mark. Members of the 200 committee should see to it that all subscriptions are turned into the students activity office by this evening.

Graduate Teachers Meet in Music Hall Tonight

Graduate teachers' club of the graduate school of education will meet this evening at 7 o'clock in Music hall, the Temple. Dr. R. C. Bentley, Dr. C. B. Cornell and Prof. A. A. Reed will speak.

FAST TIME MADE IN TRACK TRYOUTS

McMahon Does the Hundred in 10 Flat in Easy Manner

RELAY TEAM IS STRONG

Final Tryouts to Be Held Saturday Afternoon and Tuesday—Several Hard Battles Promised in Races

Competition was keen between the forty cinder athletes, who ran Thursday afternoon in the second of the Drake relay tryouts. The dopsters at Drake are picking McMahon to have an equal chance with Drew, the world's champion sprinter. There grounds are well founded, for Mac stepped the century dash in 10 flat, and there was no one to push him to his limit.

Graf lived up to his reputation and marched off with the mile in the remarkable time of 4:40. Kretzler, a new man, astounded the Nebraska athletic followers, by finishing but five yards in the rear. Ted Smith won the half mile and Richard Newman was right on his heels every second of the long grind. Both these men are freshmen and unless the eligible men pep up considerably, the two-mile team will not be sent to Des Moines.

Nebraska has a quartet of sprinters in McMahon, Townsend, Finney and Grau, which bid well to cop the conference honors this year.

Coach Stewart has decided to hold the final tryouts for the 4:40 at 4 o'clock on Saturday and next Tuesday at 3 o'clock. The final tryouts for the 2:20, half mile, and mile will take place Saturday afternoon.

The summary of the tryouts Thursday follows:

100-yard dash—McMahon, first; Townsend, second; Danforth, third; time 10 seconds.

220-yard dash (first heat)—McMahon, first.

220-yard dash (second heat)—Townsend, first.

220-yard dash (third heat)—Finney, first.

440-yard dash (special)—Byron, McMahon, first; time—53 1-5 seconds.

Half mile—Smith, first; Newman, second.

Conservation Department to Handle Soil Survey

The special session of the legislature added a number of duties to the state conservation and soil survey of the University. The so-called potash bill required the surveying and evaluating of all lakes on all school lands, as well as the investigating and reporting of any mineral resources that may be on school lands in the state.

DR. G. E. CONDRA INSPECTS SEWARD WELL

Dr. G. E. Condra made a hurried trip to Seward where he inspected the city's new well in which a large amount of good water has been secured.

Conservatory Instructor Gives Piano Recital

Mrs. Will Owen Jones gave a piano recital at Convocation yesterday morning in the Temple theatre at 11 o'clock. Mrs. Jones is a teacher in the University school of music. She played:

| | |
|-------------------|-----------------|
| Gypsy Tale |Poldini |
| Sonata in F Minor |Brahms |
| Andante | |
| Finale | |
| Tarentella |Leschitzky |

Paul N. Temple, commissioned second lieutenant at the second training camp at Fort Snelling and now stationed at Camp Dodge, Iowa, with the 338th field artillery, was on the campus Tuesday.

MANY MEN NEEDED FOR ORDNANCE DEPARTMENT

Specialists in All Branches Wanted by Government

REQUEST SENT TO LINCOLN

Skilled Accountants, Engineers, or Chemists Wishing to Serve Asked to Report to Prof. LeRossignol

The University has been given another opportunity to supply men for service in the further prosecution of the war. At the present time there are great opportunities for men in the ordnance department of the army. Specialists in many different lines of activity are in great demand at Washington and other places in the country. The ordnance branch of the service is the branch that supplies the active fighting units of the army with munitions and supplies. The work of this department is one of the most important of all the army branches.

The following information has been received by Prof. J. E. LeRossignol from Mr. W. S. Whitten, secretary of the Lincoln Commercial club, asking that publicity be given to the matter and that students be made acquainted with the opportunities in this service. The letter is as follows:

"Prof. J. E. LeRossignol, University of Nebraska, Lincoln, Nebr.

"Dear Sir:

"I beg to hand you, for your information, letter from Major L. H. Van Dusen, civilian personnel section, war department, 1330 F street, N. W., Washington, D. C., pointing out the urgent needs of the ordnance department of the war department for workers skilled in different branches, and trust you will see to it that this information is brought to the attention of the student body of your institution and department that we may show our interest in assisting the war department in filling its ranks.

The Request

Yours very truly,
W. S. WHITTEN,
"Secretary."

1. The ordnance department of the war department has immediate need for high grade mechanical draftsmen, inspectors of munitions. (Continued on page four)

STUDENT OPINION IS A CURIOUS THING

One Subject Upon Which Men and Women of University Must Speak

Student opinion is a curious thing. Feelings and beliefs find starting places in remote corners and struggle here and there for growth and oftentimes die. At other times they grow rapidly, if there is any foundation, and if provoked or incited at any time gather their power until nothing short of granting the demands can overcome them. Under ordinary circumstances the opinion will be passed from one student to another quietly and very few know of the views that are held.

An "Indignation Bomb"

As is shown by the following "indignation bomb" with which some student has finally relieved his mind it is seen that there is one subject upon which students will not keep still, at least until they are far better satisfied with conditions:

"There are fifteen hundred men from the University of Nebraska who have offered their lives to put down German culture and one of this number has already given his life for the cause. While these men are giving their all, the University today tolerates organizations whose aim in their own words is to promote "German culture." In the Cornhusker of 1913 on the page devoted

MUST GIVE BOOST TO CARNIVAL TODAY

Auction Articles Should Be Left at Activities' Office

VARIED PROGRAM PLANNED

Auctioneer to Dispose of Articles Suited to Every Taste—Dancing and Refreshments Listed

All members of the student body and faculty who have not yet made their donations for the Nebraska Base Hospital Unit Carnival tomorrow evening are asked by the committee to turn their gifts as soon as possible at the Students Activities office. It is necessary for the success of the carnival that 500 donations be given to put on the raffle wheels and in the fish pond if Nebraska University students mean to do anything worth while for the Hospital Unit.

Many attractive presents have already been turned in unsolicited. We were unable to drag the name of the auctioneer from the committee but we know that whoever he is he is going to auction off a soldier sweater, war savings stamps, a dainty rose and gold vanity case, war army socks, five pounds of candy, home made cakes and doughnuts, Orpheum tickets, and pictures and so many other articles that every taste and every pocket book will be satisfied. The gifts need not be expensive, as the fish pond is to be filled with the trinkets and knick knacks. Most of the organizations have made their donations and all those that have not may do so any time until six o'clock Saturday.

Program to Suit Everyone

Tickets will be sold on the campus today and at the door tomorrow night, for 30c, which includes the admission refreshments and dancing for the entire evening. Every student should feel it his duty as well as his inclination to attend this party, which is the last All-University party of the year, and even the Faculty will be there.

Proceeds to Our Boys

The entire proceeds, as has been announced, will be turned over to buy equipment for the Nebraska University Base Hospital Unit which is in training now, to sailing for France the last of next month. Nebraska's Unit has only a \$95,000 equipment, which is but \$5000 more than the minimum amount for any hospital under the Red Cross. Most of the units have equipment amounting to from \$200.00 to \$250,000.

NOMINATIONS FOR GIRLS CLUB BOARD COMPLETE

Election of Next Year's Members to Be Held Next Monday and Tuesday

Nominations for the girls' club board for next year were announced yesterday at a meeting in Law 101 at 11:30 o'clock. The nomination meeting was held under the auspices of the present girls' club board and for the purpose of nominating two extra girls from each class to make up the list. The board itself nominates five girls from the freshman and sophomore class and six from the junior class. Then at a public meeting two girls for each class may be nominated from the floor.

Election for the board members will be held next Monday and Tuesday, April 15 and 16, and a voting table will be in the Library. Girls who have not joined the Girls' club yet may pay their membership dues, 50c then.

Nebraska Base Hospital Carnival Benefit

DO YOUR BIT--its For our Boys. ARMORY, SAT. APRIL 13. Admission 30 Cents
