(Continued from page one)

tions will be summarized. The Nebraska Association was proud that its war record up-to-date, is as creditable as that of any of the thirty-two colleges represented.

Members of the conference voted on a system of intercollegiate recognition of athletic work done by women at the various universities, whereby W. A. A. points may be transferred from one school to another.

Lillian Wirt was one of the timers at the swimming meet held at the conference.

There were 242 representatives from different colleges in attendance at this meeting.

which has created such havoc among the athletic circles of the nation, most of these teams have been entered and in addition to this number Michigan, Wisconsin and Minnesota have signified their intentions of sending representatives, and altogether every indication seems to point to a bigger and better affair than has ever been staged before.

McMahon Entered in 100 Yard Dash

That the Nebraska team has attracted the attention of the other schools is evidenced by the fact that Harold McMahon, Nebraska's star sprinter, has been invited to enter in the big invitation 100 yard dash. This race is without a doubt one of the classiest races on the track season in the United States and it is considerable of an honor to be invited to participate in it. In running this event "Mac" will be put up against some of the best 100 yard men of the nation and of the world, in fact. In it are such men as Drew, of Drake, who holds the world collegiate record for the century sprint of 3.5 seconds. Besides Drew there are Johnson, Michigan; Schultz, Missouri, and Butler, Grinnell, any of whom are ten second men. However, from the performances that McMahon has been staging on the athletic field during the recent tryouts he should have a good chance of placing.

The tryouts tomorrow are free to the public and it is especially urged that as many of the students who can will get out and give the fellows a little bit of enthusiasm. The men are working hard and deserve all the support that the student body can give them.

were picked to give the champions a run for their money. But the dope was upset when the Sig Alphas trimmed them up by an overwhelming score of 16 to 4 in a seven inning bout. Peterson and Lear did the pitching for the victors and Nanes and Brown alternated at the mound and behind the bat for Kappa Sigma.

In the other game of the semi-final round, Phi Kappa Psi met defeat at the hands of Alpha Tau Omega to the tune of 4 to 2. The batteries for Phi Kappa Psi were Kellogg and Thorpe and for Alpha Tau Omega, Bailey and Shaw.
