JINX HITS HUSKERS
IN DES MOINES MEET
 (Continued from page one)

threw the Nebraska line-up to the winds. With "Mac" out of the game, Byron McMahon had to be pulled out of the four-mile event and Yory, a quarter-miler put in his place. This left Byron McMahon, Townsend, Grau and Yort for the mile relay. Here again the Huskers played with the jinx. The latter three who ran first, gained quite a lead on all of the enemy with the exception of Missouri. But it seemed that hard luck ran in the McMahon family for after leading the rest until the last fifty yards of the race, Byron weakened from his fight

against the elements and Nebraska was fipped out of another place.

Harold McMahon showed up exceptionally well in the special hundred yard dash. The fact that he beat Howard Drew, the title holder of that event and that the race was run in the fast time of nine and four-fifths seconds in the snow, gives some sort of an idea of the class of a race that it was.

Ready for Ames

Everything is now ready for the dual meet with Ames which takes place on next Saturday. Coach Stewart expressed himself very well pleased with the showing the men made at Des Moines last week, and from the way events transpired there, Nebraska should have at least an even chance for a win over the Iowa Aggies. There is little doubt but that Ames will run away with the distance events as they have two men who run the mile in less than 4:35, and they may possibly have the edge on us in the field events. But when it comes to the short distances and the hurdles Nebraska should get all the honors.

This is the first time this year that Nebraska rooters will have an opportunity of seeing the team in action and it is hoped that a large crowd will be out. The men on the squad have worked hard all spring in the training and it is the duty of every loyal booster to bet out and boost. It takes quality in the team to win, but it also takes the whole-hearted support of the student body if the team is to emerge victorious.

GIRLS MAKE MERRY
AT ANNUAL PARTY

Dancing Features Entertainment for Physical Education Co-Eds

Much merriment was afforded the girls of the Physical Education department at their annual costume party held Saturday evening in the Armory, at which about thirty-five girls were present.

Among numbers on the program were a solo dance by Elizabeth Doyle and group dances by Lillian Wirt and Marjory Barstow—the bright colored costumes and quick and airy movements of the dancers reminded those present of spring with its adornment of flowers swept by cooling breezes. Clowns intermingled with representatives of various nationalities, and others stepped gaily in dancing the main amusement feature of the evening.

Well prepared refreshments also added satisfaction to the evening's fun.

TO OVERSEE WORK IN
NEBRASKA'S GARDENS

Prof. C. W. Pugsley Appointed
by Government to Head New
Movement

Prof. C. W. Pugsley, director of the Extension service of the College of Agriculture, has been appointed head of the United States School Garden army for Nebraska.

The centering of the administration of the garden work in the state under one directorship does away with all confusing duplication of organizations that has hampered the activity of garden work in the past. Every locality has started some sort of garden club with a great and unnecessary number of directors.

Professor Pugsley is already completing plans for co-operation with the Junior Red Cross and hiring supervisors to oversee the great amount of gardening done throughout the state. In his position of director of agricultural extension, Professor Pugsley is well fitted to carry on this work in a capable and efficient manner.
