UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, APRIL 24, 1918.

PRICE FIVE CENTS

CYCLONES BOUND FOR HUSKER CAMP

To Match Teams in Annual Dual Meet Saturday

HAD EDGE AT DRAKE

Outclassed Nebraska Relay Teams at Iowa Event—Local Men Have Fast Half Mile Team

Cornhusker track team will meet the "Cyclone" cinder artists from Ames Saturday, April 27, in their annual dual meet on Nebraska field. The dope points to a victory for the Iowa men, because of their recent success in the Drake relays and the fine showing they made two weeks ago against Missouri. Nevertheless, Nebraska is putting forth every ounce of effort, that she possesses toward winning, and it is bound to be a nip and tuck battle from the state. There is one thing however, that is absolutely necessary to the welfare of the team's success, and that is the loyal support of the student body.

Pick of Missouri Valley
With the meet, but three days away, Coach Stewart is bending all his efforts toward whipping his men into shape and selecting those who will give Ames the hardest fight. This year's dual bids fair to have some of the keenest competition ever seen at a dual meet, as both Ames and Nebraska have the class of the Missouri Valley in many events. The half mile and two-mile runs ought to bring forth some thrilling finishes. One winner of the two-mile in last year's conference meet, will be matched against Hawthorne, the champion cross country runner. Kromer and Stone seem to have the edge over the Cornhusker half milers, since Kromer stepped the half at the Missouri meet in 2:02, which is faster than Gran has been able to negotiate the two-mile event.

Odds for Nebraska in Dashes
Although the competition will be keen in the short dashes and hurdles, Coach Stewart is optimistic as to the outcome of these events. The sprints (Continued on page four)

PAINTS OIL PORTRAIT OF LATE DEAN DAVIS

Work of Prof. Blanche Grant Now on Exhibition in Art Gallery

The oil portrait of the late Dean Ellery Davis of the arts and science college, which was painted by Prof. Blanche Grant, is on exhibition on the north wall of the art gallery. Besides the portrait being a remarkable likeness, the painting of it was quite an unusual achievement, since it was done after the death of Dean Davis and from the combination of two photographs (one taken ten years ago) and Prof. Grant's memory. The older photograph shows Dean Davis seated at a table, his arms resting on it, a bookcase showing behind him, and in the attitude of thinking deeply about something and yet being interested in the person his eyes are fixed on. Prof. Grant used this pose, altered slightly, and changing the figure to show his increased age.

LAST MEN'S MEETING OF YEAR TO BE HELD SUNDAY

Presbyterian Student Guild Will Discontinue for Remainder of Year

Next Sunday morning will be held the last meeting for the year of the men's division of the University Students' Guild of the First Presbyterian church. Dr. Dean L. Leland, who has been leading the class, will leave Monday for Gettysburg, Pa., where he will spend the summer working with the men in the national army camp there. For this reason, and because it was so near the end of the school term, it was decided to discontinue the meetings entirely for the remainder of the year. Since this is to be the last meeting, it is especially urged that everyone be there at 12:15 o'clock. The discussion will cover a review of the work done during the year.

Komensky Club to Have Picnic at Crete

The Komensky club held their regular meeting in Faculty hall, Temple building, on Saturday evening, April 20. A short, business meeting was first held. The club has decided to have a picnic May 4, in Crete at Horky's park. Among numbers on the program was a comedy entitled, "Which is the Right One." The following members took part: S. Nike, E. Pospisil, F. Horky, J. Sukovoty, C. Swoboda, E. Vogelstanz. The rest of the evening was spent in music and games.

PERFECTS SYSTEM OF MAKING POTATO FLOUR

Professor Cooper of the horticultural department has perfected a system of making potato flour. The potatoes are cleaned (but not pared), sliced about one-eighth of an inch thick, boiled in water for about 10 minutes, dried, ground, and bolted. This makes a splendid flour of good color and quality, which can be used as a substitute for wheat flour. The process has possibilities for the western Nebraska potato district.

UNIVERSITY TO HAVE NEW TENNIS COURTS

Agitation Over Student Playground Finally Settled

CONTRACT ALREADY LET

Grading Will Probably Be Commenced Today—Whole Area Near Chemistry Hall to Be Improved

The University will soon have six new tennis courts. The tennis situation which has been in agitation for over a month is now settled and everything has been done toward actually having six new tennis courts—except the work.

The finance committee of the board of regents has passed upon that part of the budget asking for this work and the superintendent of grounds and buildings let the contract for grading immediately. He expects the contractor to start work today. The firm to do the grading is the same one that excavated for all the new buildings so it is expected that the work will be done promptly.

The fence of the athletic field will not be moved east as originally suggested to include the tennis courts. The whole area around the new chemistry building will be graded and cleaned up and enough landscape improvement made to make it look like a real part of the campus. While it is hardly possible that the six courts will be worked into shape and the clap and backstops provided for in time to be of much use this school year it will be a fine improvement to the appearance of the campus and will be very useful to the summer school students and the regular students next fall.

UNIVERSITY RETURNS IN LIBERTY LOAN ARE LOW

Former Campaigns Have Depleted Student Funds—\$3,000 Subscribed For

Returns at the end of the University drive for the last Liberty loan shows that the total amount subscribed was less than \$3,000, which indicates that very few students are wearing a Third Liberty Loan button; and that most of the societies, fraternities and rooming houses are not displaying honor flags.

Nebraska students led all Universities in the Red Triangle campaign and over-subscribed its Second Liberty Loan quota, which explains why the students were unable to subscribe heavily at this time. The campaign was carried on by the Kosmet Klub and because of the financial circumstances in which the majority of students have been placed, the campaign was not expected to produce large returns, nor did they push the solicitation work in that direction to any great extent. However, the "200" committee under the supervision of the Kosmet Klub, made it a point to see all the students and they were given the opportunity to buy a bond. The students' lack of finances was the main cause of Nebraska University falling to over-subscribe its quota.

IVY DAY PROGRAM FULL OF FEATURES

Patriotic Pageant High Light of Day's Events

WILL REVEAL SECRETS

May Queen, Senior Poet, Future Black Masques and Innocents to Be Disclosed—Randall Senior Orator

Two weeks before the portals of Nebraska University swing shut the summer, the gala event of the spring, the annual Ivy Day festivities will be held on the city campus in the morning and at Capital Beach on the afternoon of May 11. The patriotic pageant, the crowning of the May Queen and tapping of the Black Masques and Innocents are to be the high lights of the day's program.

Morning Program
The Ivy Day oration, the reading of the senior poem and planting the ivy together with the pageant and crowning the May Queen will make up the morning program. Everett Randall, of Gibbon, Neb., was elected last February to give the oration. Who will be crowned May Queen and who will read the senior poem is kept secret until those events come off.

The new members of Black Masque and Innocents made public at the close of the afternoon program are also kept as a surprise even to the members themselves. A big vaudeville program given by the three lower classes of the school will follow a concert by the University band as an opening number to the afternoon frolics at the Beach at 3 o'clock. Following this show in the Casino theatre, the tension which has been aroused over the Innocents and Black Masque will be relieved and the honors bestowed. The new members of these honorary societies which are all juniors are the ones which will make up those organizations as seniors next year.

Next comes a sumptuous picnic supper in the Japanese tea garden and then the day will come to a close with dancing in the pavilion. Any one intending to have concessions at the Beach should apply immediately to Dwight P. Thomas, head of the Ivy Day arrangements.

DR. HENRY CRAMER TO SPEAK TO PHARMACISTS

Prominent American Botanist Will Be Principal Talker for Pharmacy Week

Dr. Henry Cramer, president of the American Conference of Pharmacy Faculties, who will be the guest of the college of pharmacy during Pharmacy Week, will address the Sigma Xi and Phi Beta Kappa societies on "Kultur Versus Culture." He will also be principal speaker at the pharmacy banquet and will deliver two other addresses "Drug Plant Culture," and "The Future of Pharmacy," while he is in the city.

Dr. Cramer is a man of international reputation in his special line, pharmaceutical botany, and has done more to develop this phase of work than any other English speaking man. As an author and research worker he is known everywhere.

CONVOCAION

Convocation Thursday morning will be a program by the band. It will be given in Memorial Hall.

Announce Judges for Annual Drill "Compet"

The judges for the annual competitive drill were announced Tuesday. The military department has been very fortunate in securing Capt. J. L. Allison of the 6th Infantry, U. S. Army, stationed at Ft. Riley, Kan., to act as one of the judges; Sergeant Allen, assistant commandant, and Colonel Jeffrey acting as the other two.

GERMANY WILL RETAIN BELGIUM?

Such Is Her Intention if Successful

OPPRESSOR OF NATIONS

Landed Aristocracy Favors Holding of All Gains, Says W. L. Westermann at Tuesday Convocation

"Democracy will win," said Prof. W. L. Westermann of Wisconsin University at Convocation yesterday morning. He espoke on "Making the World Safe for Democracy." "A World Safe for Democracy," is the fighting slogan of the people of the United States and England. If we had made a failure of our experiment in democracy, which we have not, we would still fight for it because it is one of our highest ideals. It is a vital question for us. "Democracy is indeed in great danger," said Professor Westermann. "We have everything to do with this war. The man who doesn't know what we are fighting for and endorse it in his heart is not and (Continued on page four.)

SENIOR "AGS" MAY GO ON INACTIVE LIST

May Complete Course in School if in Reserve Corps of Quartermaster Department

Some time ago information was received from Provost Marshall General Crowder to the effect that a student in the upper third of the senior class in the college of agriculture might enlist in the reserve corps of the quartermaster's department and thereafter, upon presentation by the registrant to his local board of a certificate of such enlistment, be placed in Class 5 on the ground that he is in the military service of the United States.

A question arose as to the status of such student after graduation. Information received from the war department upon this point is to the effect that "when enlisted as provided by these regulations, the student's name will be placed on the "inactive list" of the quartermaster's enlisted reserve corps and he will be allowed to remain on this inactive list to enable him to complete his work in the institution. Upon the completion of such course he will be given his option of being called into active service under the terms of his enlistment or being immediately discharged and taking his place again among those subject to service under the draft."

The University year is so nearly closed that this enlistment order will be of little value to seniors in the college of agriculture this year unless they wish to secure enlistment in the quartermaster's department and use this means of getting into active service in this department. Students who will be in the senior class next year and who wish to take advantage of "this order should make application at the opening of the college year or immediately prior to that date.

E. A. BURNETT,
Dean of the College of Agriculture.

P. B. K. INITIATION WILL BE HELD FRIDAY

Ceremony to Be Followed by Banquet at Lincoln Hotel

The Phi Beta Kappa initiation and banquet will be held at the Lincoln hotel on Friday evening at 6 o'clock. The program of the evening will include "The Story of Phi Beta Kappa" by Miss Catherine Apperson, and the following toasts:

- "The Old-Fashioned Scholar"—W. G. Hastings.
- "Lions I Have Known"—Charles W. Wallace.
- "Blue Stockings and Others"—Ollie Pound.
- "Qui Trans Mare Currunt"—Arthur Henry March.
- Mr. March was graduated from Nebraska in 1905 and proceeded as Rhodes scholar to Oxford where he spent the next three years. He is now rector of St. Paul's Episcopal church in Omaha.

SAMMIES TO BE STATIONED HERE

Agreement to That Effect May Be Reached Today

TO CARE FOR 700 MEN

Six Month Training Period Will Commence May 15—Will Use Both Farm and City Campuses

It is now almost certain that 700 regularly enlisted and drafted men will be stationed at the campus May 15 to take up technical intensive training in engineering and military mechanics.

While all the details of the plan for caring for and instructing these soldiers have not been fully worked out, Capt. Andrew Knight, representative of the war department, committee on education and special training, felt yesterday evening that definite arrangements would be reached today.

Captain Knight and Dean O. J. Ferguson of the engineering college spent nearly all day yesterday inspecting the conditions at the farm campus as to the facilities for instruction and quarters for the men. Authority to act definitely in the matter without waiting for advices from Washington has been given to Captain Knight and when he leaves, probably this evening, the whole matter will have been settled, one way or the other.

Will Use Both Campuses

The 350 soldiers who are to receive training on the farm campus, as in automobiles, cement work, forging, wood work, and other military mechanics will be housed in the judging pavilion, the upper part of the new horse barn, where the gymnasium is now, and in the machine shed. They will be fed in the cafeteria in the Home Economics building. This dining room will serve the soldiers from 11:30 till 12:30 and the civilian students after 12:30.

The 350 soldiers who will receive instruction on the city campus will be quartered in Nebraska hall and provisions are being made for the present occupants of this building to find temporary locations elsewhere. The Temple cafeteria will furnish food for (Continued on page four.)

MRS. JESSIE B. LEE TO BE GIVEN HEARING

Will Present Her Side of Case Before Board of Regents Today

Mrs. Jessie B. Lee, who recently resigned from her position as instructor in the physical education department will be given a hearing at an investigation by the executive committee of the regents this afternoon.

At the request of 600 signers to a petition asking that Mrs. Lee's resignation be rejected and that conditions in the physical education department be investigated the executive committee held a meeting for that purpose last week. Dr. R. G. Clapp, head of the department who requested Mrs. Lee's resignation, was present but Mrs. Lee was out of town and unable to be there.

Mrs. Lee desired to be heard at the investigation so this meeting this afternoon is but a continuance of the original investigation.

Organization Presidents Must See Dean of Women

Dean Heppner requests the presidents of the following organizations to call immediately at her office and sign cards giving her information concerning them. This is very necessary as a record has to be kept of these honorary fraternities:

- Alpha Kappa Psi
- Xi Psi Phi
- Phi Delta Kappa
- Sigma Tau
- Sigma Kappa Zeta
- Order of the Coif
- Phi Alpha Delta
- Alpha Omega Alpha
- Nu Sigma Nu
- Nu Sigma Phi
- Phi Chi
- Phi Rho Sigma
- Delta Sigma Eho
