**The Corset Is the Foundation**

Your college outfit starts with a

*Redfern Corset*

Your figure will be graceful, and you will have distinct style, irrespective of simplicity in dress, and your health assured.

Moreover, a Redfern Model is so ideally comfortable, fitting so naturally that its wearer may do any athletic stunt as easily as she dances, rides or walks, in her corset.

Be sure to have your Redfern Corset properly fitted before you choose your suits and frocks—then their correct appearance is assured.

\$3.50 up

**CONTRACT SIGNED FOR SPECIAL CAMP**

(Continued from page one.)

according to the present contract will continue for four months, or until about the time that school begins this fall. But it is very probable that it will be continued some time after that. The university is to receive \$1.20 per day for each man, all expenses for training and subsisting the soldiers to be borne by the University. This is figured so that in the estimate of the committee it will be only self-supporting. The maximum allowance of the government is \$2.00 per man per day.

**GRIM HAND OF WAR FELT ON CAMPUS**

(Continued from page one.)

mirage directs to his squad a perfect execution of "on right into line," a gasp, a few expressions under breath—this having taken place on the campus—and forth-with two mirages are seen to withdraw silently each disappearing its own natural way almost as dramatic, all of it, as if in the "Arabian Nights."

**Companies Working Hard**

Drill compet this year carries with it a more marked degree of war spirit than ever before which is the natural consequence of the present circumstances. Officers are having the heartiest co-operation of the men in every department of the training and the entire division is earnestly preparing for the day when the companies shall compete for honors before the judges, Capt. J. L. Allison of the 40th Infantry, United States army, Ft. Riley, Kan.; Sergeant Allen, Assistant Commandant, and Colonel Jeffrey. There are eleven companies to take a part in the contest, which is a larger force than has been mustered in the military department for some years previous.

Many of the companies are taking their evening meals together as a means of stimulating enthusiasm and producing the proper team work. There are also a number training two days extra each week in an endeavor to master the drill manuals.

**Shirt-Tail Parade, Feature**

The climax of the day's events will be found as in former years in the shirt-tail parade and the bonfire. The parade in the evening seems to attract the most attention and it has been suggested that if the Germans were to see the body of University men that always participate in the procession coming down one of the shell-mown lanes toward their quarters they would confess that the American's had discovered the secret of their mass formations.

Every sign points toward a showing in every department of compet day that will reveal adequately the Cornhusker spirit during the present crisis and it is predicted that the athletic field will be surrounded by a throng of interested observers when the day arrives for the cadets to exhibit their military efficiency.

**CO-EDS TO COMPETE IN SWIMMING MEET**

(Continued from page one)

**Will Give Fancy Dives**

Interesting events of the meet will include fancy dives, Australian crawls, races—one the entire length of the pool, and the other a relay race. Side, breast, forward, and back strokes will also bring out the girls' control, good balance, and swiftness of movement.

Every girl, including the substitute, who expects to take part in the swimming meet, is requested by their sports leader, Eleanor Frampton, to be present at the swimming practice Thursday from 7:30 to 9:00 o'clock.

**The Teams**

Following is a list of members of the class teams:

**Senior**

Eleanor Frampton, captain.  
Lillian Wirt.

Harriett Munneke.  
Lillian Story.  
Mary Shepherd.  
Marjorie Temple.

Substitutes—  
Lois Booth.  
Alice High.

**ACHIEVEMENT**

Twenty-five years ago the General Electric Company was founded.

Since then, electricity has sent its thrill through the whole structure of life.

Eager to turn wheels, to lift and carry, to banish dark, to gather heat, to hurl voices and thoughts across space, to give the world new tools for its work—electricity has bent to man's will.

Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership.

It has set free the spirit of research.

It has given tangible form to invention, in apparatus of infinite precision and gigantic power.

And it has gone forth, co-operating with every industry, to command this unseen, force and fetch it far to serve all people.

By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.

GENERAL ELECTRIC COMPANY

**"Cum Laude" Sweaters**

Funny how ubiquitous a sweater is. From matriculation to graduation its uses are multitudinous, its paths devious. And how nomadic, too. The athlete's luxurious shaker, proudly alphabetized, migrates from "stude" to co-ed, from frat house to girl's dorm. If it's a Bradley, it abides there.

Ask for them at the best shops. Write for the Bradley Style Booklet.

BRADLEY KNITTING CO., Delavan, Wis.
