If the Kaiser keeps a diary his chronicle of the present chapter of his life should make interesting reading.

The terms of armistice prepared by the allied council and placed in the hands of Marshall Foch are undoubtedly severe but Germany will do well to consider that prolongation of the fighting will only lead to more stringent dealing. The problem of the German war-lords is indeed a difficult one. Surrender is a bitter pill and it is probable that, just as anyone on the way to the gallows, they will delay the punishment as long as possible.

Again the hopes of Cornhuskers to have their team in action are dashed to the ground. Word was received late Tuesday evening from the Missouri management that the engagement scheduled at Columbia next Saturday would be impossible as the influenza ban had not been lifted.

Although the Nebraska team has been crippled this year by camp calls and sickness and few of the men who started the season are now in the lineup, students and faculty alike are anxious to see the scarlet and cream in battle. Coach Kline is after a game with the Omaha balloon school eleven at Nebraska in place of the Missouri clash and it is hoped a meet will materialize. If not a scrimmage between varsity and freshmen would be appreciated.

The appeal to the University for help in the United War Work campaign, which opens November 11, should bring a united response from the student body. Seven war camp organizations, caring for our soldiers at the front and in training and providing for their entertainment, have banded themselves together in their appeal to the nation for funds with which to carry on their work.

Students at Nebraska know from experience of the great work of the

Y. M. C. A., Y. W. C. A., War Camp Community Service and the American Library Association and know from their letters from men in other camps of the help of the Knights of Columbus; Jewish Welfare Board and the Salvation Army. Wherever the soldier or sailor may go, even to the dangers of No Man's Land, the representatives of some of these organizations are found giving comfort and food to those in need. With over two million soldiers now in France the duties of these workers are greatly increased and those who are able may feel they are playing a big part in caring for those at the front by contributing liberally in the coming drive. The University's quota of the two hundred fifty million dollars to be raised is \$25,000.

A monster rally to stimulate interest in the campaign and to acquaint students to put forth the aims is to be held at the auditorium tomorrow morning at 10 o'clock. All classes will be excused from 10 o'clock until noon. S. A. T. C. men will march in a body and every student and faculty member should be there.

BRIEF BITS OF NEWS

French War Orphan Report—The French war orphan report for October shows a total of 696 adoptions, an increase of thirty-two over last month. Of these adoptions eleven are made by organizations and the rest by private individuals. This month's largest pledge was made by Mr. Hans Hansen of Norfolk, Nebr., who has taken three orphans. The classes of 1922, '23, and '24 of the Chadron State Normal and the conservatory of music, Grand Island, Nebr., have provided for one each. There is only one adoption made by a resident of Lincoln and one from outside the state. The report shows that since February 23, 191, 428 adoptions have been made by Lincoln people, 241 others by Nebraskans outside the city and twenty-seven from other states.

SAYINGS OF THE SEAMSTRESS

Folks ortn't to wait 'til they git to the bar of judgment before they give an account of themselves.

They's always somebody to feel sorry for, who's got more than you have, if you'll only look around.

It's easy enough to git hate out of your system when the trouble ain't your own. I reckon you better forgive my enemies and I'll forgive yours.

Mebbe, it's nice for a woman to be called an angel, but they ain't many people what has confidence in angels doing regular work; its out of their sphere.

You can go to a circus and enjoy seeing the man swallow a sword, but the minute I put a pin in my mouth, like dressmakers most in generally does, you git panicky.

I'd ruther marry a sewer worker I understood according to my raising than to be worried to death for fear I'd leave my coffee spoon in my cup in front of a gentleman what looks down on me.

My land! Are you a-going to kill off all the men what acts up, unbalancedlike about other women? "Well," I says to Lonny (that's my husband) "where would you git enough men to fight the war?"—Kansas City Star.

The war may create the demand for a consulting specialist who can keep the public from being confused by the frequent changes in the food regulations.

The real patriotism of a man or woman in these times can be gauged by the cheerfulness with which he or she reads about the new taxes proposed.

If there happens to come a shortage of cigarettes our boys can be relied upon to carry the war into Turkey without delay.

THE UKULELE

THE languorous charm of the Hawaiian native instruments—so moving in appeal, so observably in vogue—is strikingly characteristic of the Ukulele. Its tone possesses that curiously beautiful timbre, that exotic charm of tonal quality which has made these instruments so sensationally popular.

The Ukulele has a pleasing grace of form. The finer models are made of genuine Hawaiian Koa wood. It is much in request today among the smarter college and other musical organizations.

It is easy to learn. Its price includes an Instruction Book.

Hawaiian Steel Guitar

Every chord struck upon this typically representative Hawaiian instrument is marked by a weird, plaintive harmony and strangely beautiful qualities of tone. It brings, to any music, qualities full of vivid color and varied charm.

Price \$8.00 and upwards, including Steel and Set of Three Tuners for playing, and Instruction Book.
