

**TRACTOR SHORT COURSE  
PROVES TO BE POPULAR**

The four weeks' course in operation and repair of automobiles, tractors and trucks is proving one of the most popular short courses ever given by the University of Nebraska. One hundred and twenty-five men have registered in the course. Many of those taking this popular course are middle-age farmers who have come hundreds of miles to receive free state instruction. Farmers are entered from the farthest western counties and from north of the Niobrara river. Two-thirds of the counties in the state are represented in the course. Hundreds of inquiries about the second course are coming to Principal Bradford at the university farm.

The general short courses of the university will begin January 27 and last until February 22. In addition to the course in automobiles, trucks and tractors, courses will be given in general agriculture, including studies in animal husbandry, animal pathology, dairying, entomology, field crops and soils, horticulture, poultry raising, farm accounting, etc. The courses are free and open to any one.

**GREEK LETTER MIXER AT  
LINCOLN FRIDAY NIGHT**

A Greek letter mixer, on the style of the Pan-Hellenic dances of former years, is to be given at the Lincoln hotel Friday evening. The price of admission to the party is \$1.25, including war tax.

Schembeck's orchestra will furnish the music. The object of the dance is to get the Greeks better acquainted. Everything is arranged for a good time. Harold Weeth is in charge.

substitutes' battle, Stewart running all the other members of the squad into the lineup and the visiting coach using five men on the relief. Five fouls were called on Omaha players in the last stanza, netting the Huskers three points and four Nebraska fouls adding four points to the opponents' total.

**Jackson and Gillilan Star**  
Captain Jackson was the star of the fray. The slight, speedy forward shot six field goals and one free throw during the game and seemed to be everywhere on the floor at once. Patty was close behind Jackson, the former Omaha high school star flipping four baskets from the field and throwing three free goals. Gillilan, Schellenberg and Bailey displayed a fine lot of speed and Hubka, who went in for Gillilan near the last, shot one basket before the whistle blew.

**Opening Game Friday Evening**  
Doctor Stewart announced the season's opening game Friday night. The program calls for a preliminary bout between the freshmen and the Armstrong city league quintet, starting at 6:30, and then the regular game between Nebraska and Fort Omaha Balloon school commencing at 7:30 o'clock. Immediately following the varsity game, the orchestra will tune up and the basketball devotees will dance until the heat is shut off, or even later than that.

The admission for the whole affair is set at 50 cents. The same program is on for Saturday evening with the freshmen matched against the Lincoln

high school quintet in the preliminaries.
