## R. O. T. C., REGIMENT TO BE ORGANIZED TONIGHT

All Men Taking Drill to Report This Afternoon at 5 O'clock at Headquarters

Military courses started last evening when those men registered in advanced courses in military science reported for drill. The regular work in these courses was deferred until organization of the companies was completed.

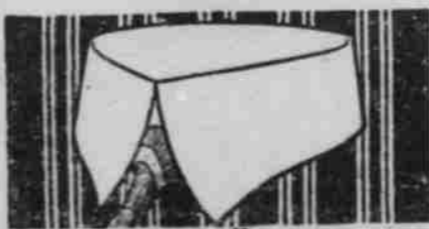

All men taking drill must report this evening at five o'clock. The organization of the unit will be completed as far as possible tomorrow evening and will be continued Friday. The men should report to military headquarters in the armory where instructions will probably be posted.

Captain Frankforter has been busy the last two days cleaning up work left over from last year and getting things in readiness to start off the work of the present semester in short order.

#### Officers Chosen Later

Announcement was made yesterday that all officers and non-commissioned officers would be chosen according to merit. Captain Frankforter assisted by the former commandant and Lieutenant Murphy will have direct control of the organization of the regiment.

Reports from yesterday's registration showed between twenty-five and fifty more students signed up for drill thus raising the total numbers of men in the R. O. T. C. to nearly four hundred.

## We Sell Shoes That Will Keep Your Feet Dry

Rain, slush, sleet and snow cannot even dampen your feet if you wear Dr. A. Reed Cushion Shoes. We especially recommend this shoe because of its cushion inner sole which insulates the feet perfectly and acts as a natural shock absorber.

"Breaking in" new shoes is tiresome, often painful. You never have this trouble with Dr. A. Reed Shoes. They are "the easiest shoes on earth."

To wear them is like "walking on velvet." Style, originality of design and extra comfort at no extra cost are features that distinguish

The Original and Genuine
