army for a period not exceeding six months and with pay at the rate of \$100.00 per month.

Credit for Juniors

The members of the junior division are on the same basis in respect to the above items as the senior divisions, except that no commutation of subsistence, other than in summer, will be granted. Credit will be given, however, for work done in the junior division toward advanced military standing so that a member of the junior division who has substantially the same work as that given for the first two years of the senior division may be given advanced standing which will entitle him to commutation of subsistence the first year he enters college. Arrangements have been made by

the committee on education and special training to loan the R. O. T. C. institutions moving picture films and slides that will aid in the work of training officers.
