

THE DAILY NEBRASKAN

VOL. XVIII. NO. 104.

LINCOLN, THURSDAY, MARCH 6, 1919.

PRICE FIVE CENTS

D. U.'S TAKE FIRST PLACE IN TOURNEY

Delta Upsilon Wins Championship in Exciting Game with Delta Tau Delta.

Three Extra Five-Minute Periods Were Necessary to Decide the Contest.

The D. U.'s won the inter-fraternity tournament by nosing out the Deltas 8 to 6 after the game had ended in a tie and three extra periods were added. The Deltas led throughout the first and second halves until Budd Smith tied the count with a free throw. Five minutes were added. The Deltas grabbed the lead again when Hubka donated two points. One minute remained and Budd Smith again saved the day by netting a neat one. Another five-minute period was played without result, the count remaining 6 and 6. Both combatants were determined to battle it out and for four minutes of the third extension it was neck and neck until Paynter plucked the winning pair on a long shot from the middle of the court.

Never, in the memory of the Cornhusker Greeks, was there staged a closer, cleaner, more exciting inter-fraternity contest. The sidelines were packed with yelling, shrieking supporters who went wild and overflowed the court when the Deltas snatched the lead at the beginning of the first extension and again when Budd Smith evened it up at the end.

From the first jump the fast and furious pace of both contenders indicated the true nature of the contest. Stromer drew first blood for the Deltas, but Paynter quickly evened the count. A foul on Stromer gave the D. U.'s a chance to snatch the lead, but Smith missed and Hubka pushed the Deltas two counts ahead by breaking through for a lollapaloozer. Time was taken out to allow "Hub" to exchange his tattered shirt for a new one. "Hub" was proving to be the engineer of the Delt steam roller, but the aggressiveness of the two fighting teams was split fifty-fifty and the ball was at one end as much as the other. Five minutes of the first half remained. A technical was called on Stromer, but Smith missed. Carson was tapped for a personal, but Hub failed to locate and the half ended with the Deltas leading 4 and 2.

MISS OOLOOAH BURNER TO VISIT UNIVERSITY

University girls are planning a number of meetings and entertainments for Miss Oolooah Burner, national secretary, who is expected next Tuesday. Monday the girls on the committee in charge will visit the sorority houses in an appeal for serious consideration of campus problems. Tuesday the members will visit the boarding and rooming houses. Tuesday evening there will be vespers at which Miss Burner will speak.

Thursday, March 13, Miss Burner will speak at convocation on "Campus Democracy." The professors will excuse from 11 o'clock classes anyone who wishes to go.

A luncheon will be held the following Saturday for all university girls in honor of Miss Burner. Tickets will be sold on the campus next week.

SEATON VISITS KANSAS CITY AUTOMOBILE SHOW

Professor Seaton returned Sunday from Kansas City, where he attended a tractor and auto show. Professor Seaton says that the Kansas City show compares very favorably with the New York show which he attended the week before, and in many respects that the Kansas City show surpassed the New York exhibition.

COLLEGE OF ENGINEERING SPONSORS ROAD INSTITUTE

Automotive Laboratory Being Converted Into Show Rooms for Equipment.

The second meeting of the Nebraska Road Institute will be held March 10 to 14 in M. E. 206. This institute is held under the auspices of the College of Engineering. All the road men of the state are planning to attend. The institute is really a week's schooling in roads.

The automotive laboratory is being converted into show rooms to be used by the good roads equipment men. All road building machines, trucks and tractors will be displayed here. Anyone who is interested may view these exhibits, as the laboratory is open most of the time.

Monday, Chancellor Avery, Dean Stout, George F. Wolz and Governor McKelvie will speak. Papers by Robert Harvey and Paul E. Brown will be read, and discussions by Paul E. Brown, George E. Overing, Robert H. Willis, R. O. Green and Prof. G. R. Chatburn will be given. Tuesday papers will be read by Clarence A. Davis, George E. Johnson, R. O. Green, A. S. Mirick, Prof. L. W. Chase, A. H. Edgren, and D. W. Erickson. Wednesday the program will be given by Geo. F. Wolz, C. H. Roper, E. E. Sommers, and Dr. George E. Condra. Thursday, representatives from various companies will address the meetings. Friday F. W. Parrott, J. T. Donaghey, and Geo. L. Camper will have papers. The discussion will be led by Geo. E. Johnson, L. E. Adams and Prof. Geo. R. Chatburn.

CONVOCAION

Mrs. Lillian Helms Polley, soprano, will sing songs of America in the Temple this morning at eleven. Miss Marguerite Klinker will accompany her on the piano. Mrs. Polley was to have sung at convocation two weeks ago, but was unable to appear.

How Beautiful (from the Messiah) Handel

CORNHUSKER NOTICE

Cornhusker sales campaign girls have released all students from their promises to subscribe of certain solicitors, in order to make it possible to include every student in the subscription list by Friday night.

Subscriptions may still be credited to particular solicitors by handing them in at the student activities office.

JAWHAWKERS DEFEAT HUSKERS 31 TO 17

Cornhusker Hopes of Missouri Valley Championship Practically Lost.

Twenty-Two Fouls Called on Kansans—Referee Puts Bunn Out of Game.

Cornhusker hopes of a Missouri Valley championship this season died a dismal death last night when the Jayhawks took the measure of Dr. Stewart's team, 31 to 17. This unexpected defeat drops Nebraska to third place in the valley race and the Cornhuskers will have a hard fight for second honors.

Standing of the Leaders

| | | | |
|---------------|---|---|-------|
| Kansas Aggies | 7 | 0 | 1,000 |
| Grinnell | 3 | 1 | .750 |
| Nebraska | 8 | 3 | .728 |
| Missouri | 7 | 3 | .700 |

The game at Lawrence yesterday was a freak. Coach Stewart played the first half with the second team, which held the K. U. five to an 11 to 9 score. The regular Cornhusker lineup took the floor in the second half and instead of running off with the match they were totally smothered and 20 points scored against them, whereas only 9 had been snatched from the second string team. The airtight game of the K. U. guards kept Jackson and Gillilan out of range and the 8 points earned by the Cornhuskers in the second half were hung up by Shelly, Newman and Bailey. The fierce nature of the battle is shown by the fact that Referee Quigley called 22 fouls on the K. U. five, and finally threw Bunn out of the game. Patty was Nebraska's star point winner, ringing up nine altogether, seven of which were free throws.

Coach Stewart doubtless counted on his second string men to tire the Jayhawks and hold them to a reasonable count and then overwhelm them with the fresh regulars. The result of the maneuver proved once again that the

ENGINEERS WILL HAVE USE OF LIBERTY MOTOR

The University of Nebraska will probably have a Liberty motor in the department of Mechanical Engineering in the near future. The United States Senate has recently passed a bill whereby it will be possible for state universities to obtain for educational purposes the loan of Liberty motors such as are used in airplanes.

UNI EMPLOYMENT BUREAU MAKES MONTHLY REPORT

Has Filled 102 Positions with Men Students of the University.

The University Employment Bureau, according to the statement issued recently by the secretary, Lawrence Slater, has accomplished some excellent work during the past two months. The bureau has been co-operating with the students in every way possible.

Below is given a report of the bureau's activities from February 1, 1919, to March 1, 1919:

1. Cash odd jobs, 57—\$103.10.
2. Permanent work:
 - (a) Remuneration cash, 20; average \$32 month—\$640.00.
 - (b) Remuneration board, 17; average \$24 month—\$408.00.
 - (c) Remuneration board and room, 8; average \$32—\$256.00.

Total, 102—\$1,407.00. In addition to securing work for men, the bureau has secured rooms for male students. Employers of Lincoln have received letters stating the number of students desiring work and the hours their services were available. In this manner the business men of the city have been able to keep their work progressing without difficulty.

Courtesy is a charming incident of a beautiful personality.

Be careful not to force your own construction on what another says. Politics is a good thing, if the spoils-men don't spoil it, which they often do.

French Call Y. W. C. A. Secretaries Bluebirds--Symbols of Happiness

The French delight in calling the American Y. W. C. A. secretaries 'the bluebirds' because the color of their uniform overseas is about the same as those worn by the French army, and the bluebird signifies happiness. Madam Bernard said to a reporter for the Daily Nebraskan who interviewed her yesterday. The French invited the American Y. W. C. A. to help them in the recreation work for the French women working in the factories to relieve the men for service. In August 1917, they came and opened the first recreation center for the powder or Canary women, so-called because their hair and skin become that color while making the munitions. In October, 1918, there were more than fifteen recreation centers. This was thoroughly appreciated by the French women and girls.

The American Y. W. C. A. was invited by the Red Cross to build hostess houses behind the base hospitals

so that the men and nurses could have the comfort of American society during their hospital life. There are now running two big hostess houses in Paris. Miss Mary Dingman who has been over there from the very beginning is known as the "mother" of all recreation "Foyer." She received a personal letter in September from the French Minister of Interior thanking, in the name of France, the Y. W. C. A. for its unselfish work.

Madam Bernard then told a little of her own work in France and about her mission to the United States. She was sent to St. Etienne to help with the Y. W. C. A. work. After spending several months there she was asked to come over to America on the United War Work campaign, speaking for the work and of the French appreciation of the Y. W. C. A. When the campaign was over she was invited to visit the universities and colleges in the southwestern and central fields.

VICTORY ANNUALS ARE SELLING FAST

Two More Days Remain in Sales Campaign for 1919 Cornhuskers.

Fraternities and Sororities Make Special Effort to Reach 100 Per Cent.

Competition in the Cornhusker sales campaign has never been more spirited. Every girl is conducting a vigorous personal campaign and is fast adding to her number of subscriptions. The rank of many of the sellers has changed since the list was published yesterday, and there is little difference in the number each has sold.

The students are responding to the call for support with much better spirit as the campaign advances. There are just two more days remaining and those who have not turned in their money will be given a chance before the week is over. Fraternities and sororities as well as the different colleges are making an effort to reach the one hundred per cent mark.

The twenty girls in the position of their standing today are as follows:

- Verna Buchta.
- Betty Riddell.
- Genevieve Addleman.
- Louise Enochs.
- Marion Hompes.
- Katherine Howey.
- Marion Youngblut.
- Patricia Maloney.
- Doris Hostetter.
- Dorothy Pierce.
- Florence Chittick.
- Katherine Brenke.
- Eva Holloway.
- Marie Hendee.
- Ruth Snyder.
- Dorothy Wolfe.
- Rhe Nelson.
- Mary Brownell.
- Vivian Hanson.
- Dorothy Davison.
- Betty Scribner.

With the co-operation and loyal support of all it will be possible to have every student's name on the subscription list by Saturday night. Now is the time for every Nebraskan to show his loyalty and his real interest in his college by subscribing for the "Victory Annual."

NEW CAREERS SUGGESTED FOR WOMEN GRADUATES

More fields of women's work than ever before will be presented at the annual women students' vocational conference to be held at the University of Wisconsin, March 6-8. Among the suggested careers are included, banking, salesmanship, insurance, statistics, journalism, advertising, architecture, U. S. employment service, Y. W. C. A. work, public speaking, pharmacy, landscape gardening, interior decorating, costume designing, physical education, reconstruction, and Americanization.

Dr. Anna Howard Shaw, magazine writer and former chairman of the women's committee of the council of national defense, William N. Leiserson, expert on unemployment and professor of economics in Toledo uni-
