

THE DAILY NEBRASKAN

VOL. XVIII. NO. 107.

LINCOLN, TUESDAY, MARCH 11, 1919.

PRICE FIVE CENTS

UNIVERSITY WELCOMES BASKETBALL PLAYERS

Tournament Visitors Begin Streaming in Today for Opening of Big Carnival.

"N" Club Makes Final Preparations for Directing Meet and Planning Entertainment.

The Lincoln stage is completely set for the monster tournament which opens at 8:00 o'clock tomorrow morning. The last detail in connection with the management of the huge basketball carnival has been carefully worked out and the flood of athletes which will begin to pour from special trains today will meet a hospitable welcome.

The University "N" Club met yesterday and gave final instructions to the various committees which will manage the tournament. All trains will be met by some members of the reception committee under the direction of Chairman Mackey, who will direct the athletes to their hotels, to the director of the tournament where their credentials will be examined and their tickets issued. The entertainment committee working in conjunction with city Y. M. C. A. and the Commercial Club will stage a free entertainment for the high school men in the Y. M. C. A. at 8:00 p. m. Wednesday.

Season Tickets on Sale

Season tickets will be on sale for two dollars and may be purchased from the ticket seller at any of the games. Twenty-five cents will be the admission charged for the preliminaries Wednesday and Thursday, and it will require one-half dollar to see the finals or semi-finals.

Committees Announced

The official list of committees and their duties as given out by the Director of the Tournament:

Committee of Adjustment: A. R. Congdon, N. H. S. A. A., chairman. This committee has general control of the entire program.

Director of Tournament: Dr. E. J. Stewart. Direct control over entire management.

Superintendent of Tournament: Paul Dobson, captain-elect of the football team. Direct control over "N" Club committees.

Committee on Clerks: Dr. P. Thomas, chairman. L. Shaw, R. Adkins, C. Graff, F. Flood. Absolute charge of floors.

Reception Committee: Wm. Mackey, chairman. B. McMahon, Troendly, E. Lanphere, A. Yort, Gerhart. Meet at trains, direct visitors to hotels, etc.

Information: Jackson, captain of varsity basketball team, chairman. Entire varsity squad will act on this committee and will be present at all games.

Entertainment: D. V. Stephens, chairman. W. Spear.

Scores: W. Bryans, chairman. C. Swanson, R. Lyman, H. Gerhart, H. Troendly.

Referees: Howarth, chairman. Will see that a referee is provided for every game and that all contests start on time.

Timers: E. Schellenberg, chairman. Fuchs, Lanphere, Hubka, Hoyt, B. McMahon.

Police: W. Munn, chairman. All members of the "N" Club will act on this committee, whose duty will be to keep the crowds back and to maintain order.

The big carnival opens tomorrow with the following battles:

Class A

- First match 1:20 p. m., armory.
1. South Omaha vs. Norfolk.
 2. Stanton vs. Shelton.
 3. Fremont vs. Plattsmouth.
 4. Geneva vs. Omaha Central.
 5. Lincoln vs. Omaha Commerce.
 6. Newman Grove vs. School of Agriculture.
 7. Schuyler vs. Grand Island.
 8. Harvard vs. University Place.

STATE LEGISLATURE FILMED IN SESSION

The first steps toward the filming of the Nebraska State Legislature were taken last Wednesday by the motion picture department of the university, when both houses were photographed in regular session. The various committees of the legislature will probably be filmed in the university studio this week.

Over two thousand feet of film showing the various state institutions were shown at the Open Forum meeting which was held at the Orpheum theatre Sunday afternoon, March 9th. These films are the property of the state, but are kept on file in the department of geography and conservation at the university.

UNI. Y. M. C. A. ELECTION TO BE HELD WEDNESDAY

The election of a student president and members of the board of directors of the University Y. M. C. A. will be held Wednesday, March 12. The candidates filed for president are Laurence Slater, '21, and C. L. Christensen, '20.

In past years, the officers of the association have been elected by the members of the Y. M. C. A., but this year there are no members who can take the place of those in the past, so it has been decided that all men students on the campus may vote in this election. The election will be held at the Temple building in the Association rooms.

Candidates for the board of directors are: Prof. E. B. Hinman, Dean R. A. Lyman, Mr. E. J. Walt, Prof. R. J. Pool, Dean Enberg, Dr. L. B. Paine and Mr. W. E. Gates.

Class B

- First match 8 a. m., armory.
1. Columbus vs. Sutton.
 2. Central City vs. Oakdale.
 3. Osceola vs. Auburn.
 4. Crete vs. Ravenna.
 5. Havelock vs. Wilber.
 6. Minden vs. North Bend.
 7. Arlington vs. Kearney Military Academy.
 8. Beatrice vs. York.

Class C

- First match 8 a. m., auditorium.
1. Exeter vs. Seward.
 2. Fullerton vs. Sidney.
 3. Syracuse vs. David City.
 4. Elgin vs. Tilden.
 5. Hardy drew a bye.
 6. Nebraska School for Deaf vs. Scribner.
 7. Alliance vs. Kimball.
 8. Dunbar vs. Stella.

Class D

- First match 12:30 p. m., auditorium.
1. Gresham vs. Upland.
 2. Kenesaw vs. Superior.
 3. Pierce vs. Chester.
 4. Edgar vs. Tobias.
 5. Meadow Grove vs. Wahoo.
 6. Nebraska City vs. Ogallala.
 7. Aurora vs. McCool Junction.
 8. Clay Center vs. Waco.

Class E

- First match 12, Y. M. C. A.
1. Fairmont vs. Franklin Academy.
 2. Gretna vs. Sterling.
 3. Randolph vs. Burwell.
 4. Elmwood vs. Wausa.
 5. Giltner drew a bye.
 6. Milford vs. Plainview.
 7. Bethany vs. Loup City.
 8. Creighton drew a bye.

Class F

- First match 8 a. m., Y. M. C. A.
1. Deshler vs. Shickley.
 2. De Witt vs. Verdon.
 3. Trumbull vs. Broken Bow.
 4. Campbell vs. Wisner.
 5. Greenwood drew a bye.
 6. Lyons vs. Louisville.
 7. Beaver Crossing vs. Holbrook.
 8. Bloomfield drew a bye.

Class G

- First match 8 a. m., chapel.
1. Dorchester vs. Waterloo.
 2. Hooker County vs. Valparaiso.
 3. Talmage vs. Adams.
 4. Carroll vs. Waverly.

YEAR BOOK CAMPAIGN PROVES A BIG SUCCESS

More Than Fourteen Hundred Volumes Sold on Campus by Co-Eds.

Verna Buchta carried off the first prize in the big Cornhusker sales-campaign which closed Friday evening. Betty Riddell, who ranked second throughout the campaign held her position and Genevieve Addleman, who finished third won the special five-dollar prize by selling the highest number of books on Friday.

The campaign was a big success, and more than fourteen hundred and fifty volumes were sold on the campus, which number far exceeds that of former years. A larger number than usual of faculty members purchased books this year also, and many orders from alumnae have been received and are still coming in.

The thirteen girls who will receive Cornhuskers for their work in the sales-campaign are as follows:

- Genevieve Addleman.
Marion Hompes.
Louise Enochs.
Katheryn Howey.
Marion Yungblut.
Dorothy Wolfe.
Dorothy Pierce.
Doris Hostetter.
Florence Chittick.
Patricia Maloney.
Ruth Snyder.
Rhea Nelson.
Eva Holloway.
Vivian Hanson.

SUMMER TERM OFFERS PRACTICAL COURSES

The February issue of the University Journal explains courses offered at summer school. The summer term begins June 2, and ends July 25. The second summer session will end August 22. The summer school offers exceptional advantages to teachers, graduates of normal schools, high school graduates, adult specials, and graduate students.

Courses are offered for teachers who wish to improve their ability to teach manual training, French, Spanish, mathematics and American history. Besides these, the usual summer school subjects will be offered.

NEBRASKA UNI STUDENT WITH ARMY IN GERMANY

Letters received from Captain Earl M. Cline, who has been overseas since last summer, indicate that he is still in Germany, with but few prospects of getting "over here" in the near future. Captain Cline is in command of a machine gun company which has been a part of the army of occupation. He was at one time a law student at the university and later superintendent of schools at Nebraska City, Nebraska. Before his induction into the army, Captain Cline resigned his educational position and became a member of a prominent law firm in Nebraska City, of which Colonel William Hayward was at one time a member. (Continued on Page Three)

LARGE ATTENDANCE AT ROAD INSTITUTE

Credentials Given by Visitors and Programs Distributed at Opening Session.

Engineers Attend State Legislature and Hear Discussion of Road Bills.

The first sessions of the Nebraska Road Institute opened Monday morning with a large attendance of state engineers, road men and surveyors. The meetings of the conference are held in room 206 of the mechanical engineering building.

The morning of the first day was largely devoted to the registration of visitors, credentials, and the distribution of programs. Many additional guests were registered during the afternoon and State Surveyor Robert Harvey's paper was postponed until later in the week, when it will be read in full. The members of the institute attended the sessions of the Nebraska State Legislature in a body later in the afternoon. The road bills, in which the engineers are manifesting vital interest, are up for discussion at this time.

In the evening Paul E. Brown, a Gordon, Nebraska, surveyor and engineer, gave an excellent illustrated lecture on "Sandhill Roads," which was greatly appreciated by the road men of the state. The open discussion led by Professor G. R. Chatburn of the university followed this lecture, and proved to be a period of great enlightenment and interest.

Program for Today

Today's program begins at nine o'clock promptly. Mr. Clarence A. Davis, attorney general for Nebraska, will open the conference with a paper on "Nebraska's County Road Laws." A talk on "Nebraska's State Highway System" will follow, given by Mr. George E. Johnson, state engineer. Next a discussion led by Mr. B. A. George of the legislative committee, Nebraska Good Roads Association, will be held. The morning session will close with a paper on "Preliminary Surveys for Permanent Roads" by Mr. R. O. Green, civil engineer of Culbertson, Nebraska.

This afternoon the meetings will be conducted at the Agricultural Engineering building on the state farm campus. The first thing on the program will be a paper on "Plans and Methods for Supervision of the Construction of State Highways," by Mr. A. S. Mirick, chief road engineer. "The Use of Tractors and Trucks for Highway Construction and Maintenance" will then be discussed by Professor L. W. Chase of the university faculty. Supper will be served in the home economics building at the state farm.

Improved Roads to Be Discussed

Promptly at seven-thirty o'clock this evening Mr. A. H. Edgren, Lancaster county engineer, will read a paper on "Lancaster County Improved Roads for 1918" and the program for the day will close with a discussion of "Lancaster County Highway Bridges for 1918," by Mr. D. W. Erickson, deputy Lancaster County engineer.

The committee in charge of the road institute, which has worked extremely hard the past few weeks to secure the excellent talent they are able to present, is composed of the following members of the university faculty: Professor Clark E. Mickey, chairman; Professor George R. Chatburn, Professor J. N. Bridgman, and Professor L. W. Chase.

CONVOCAATION

Charles Pergler, representative of the new Czecho-Slav state, will give a talk in Memorial Hall this morning at eleven o'clock. His subject is one of vital importance and universal discussion, and the convocation will be most unusual and interesting.

What Part Will College Play in After-War Reconstruction?

Will the college have a part in solving the problems of the new democracy which is coming to birth at the close of the war, or will it be still further overshadowed, on the one hand, by the newer secondary education, awakened to its social responsibilities, and on the other hand by the professional schools, always responsible to immediate practical needs? This is a big question that Frederick W. Roe, assistant dean of the University of Wisconsin, discusses in Scribner's for February in an article entitled, "The College: Yesterday and Tomorrow."

"The graduate and professional schools," says Mr. Roe, "have reached down and the secondary schools have reached up, until the identity of the college is seriously threatened. Out of the colossal work of reconstruction, out of the vast and complex reorganization of commerce and industry, there will arise unprecedented demands for trained men and women. That industrial and professional education, turning out armies of experts, is to have a large part in the giant enterprises of the new era we cannot doubt."

Colleges Must Re-State Purpose

Mr. Roe believes that those who look for unity in our social life and freedom for self-government in our individual ideals, has a part to play not less important than the part to be played by any other organization in the educational scheme. "But," he says, "that part ought to be re-stated by the colleges of tomorrow so that the significance of the education they offer shall be as clear and definite as the aims of the technical schools."

Mr. Roe defines the field of the college:

"The college is a place for the cultivation of humanistic interest and standards. It has no higher function than to impress upon every youth who enters its hospitable doors that he is a social being, and that he may not live to himself, whether in aristocratic or intellectual isolation. The student must learn something of what mankind has achieved in science and philosophy, and something of the standards in morals and art that mankind has established through centuries of striving. In other words, his emotions must be touched to finer issues."

Where Narrowness Dies

"The college is also a place for the development of personal ideals and love of knowledge for its own sake. Here under the guidance of real leaders, narrowness is to be put off and breadth is to be put on."

"Finally, the college is a place place where young people who have not yet made the discovery may find their aptitudes."

Mr. Roe believes that thousands of students who have reached the age of 20 years have not yet found their aptitudes, and that there should be this period of experimentation which a college education affords.

Four Classes of Study

As a curriculum by which these aims may be realized, Mr. Roe suggests four fields which include the fundamentals of a college education: science, including mathematics; history, including economics and government; literature, including language; philosophy. He advises the study of Latin. "No other one language satisfies so many purposes as Latin, and its restoration is imperative if college training is to regain its old-time vigor." The study of these four fields in a secondary school should form a foundation for college training, Mr. Roe says. "When the curricular organization of secondary schools and colleges becomes fairly continuous and articulate, prospective college entrants will be regularly instructed as to the place and purpose of college education while they are yet in high school."

"But a college course, even the most carefully constructed will not work automatically. To be successful according to the standards of a new day, it must be sustained by an organized and co-ordinated life on the part of students and faculty, comparable after its kind to that of the best industrial and commercial concerns of which we know."

Muddling with Athletics

Quoting from Mr. Slosson's book, "Great American Universities," he says:

"The most vulnerable point in our collegiate system is the diversion of the interest of the student body from the true aims of the college. Social life, athletics, dissipation, and the multitude of other student activities have cut down to the minimum the at-
