

THE DAILY NEBRASKAN

VOL. XVIII. NO. 119.

LINCOLN, FRIDAY, MARCH 28, 1919.

PRICE FIVE CENTS

JAPAN IS FRIEND OF UNITED STATES

Does Not Wish to Engage in Hostilities With Uncle Sam.

"Yellow Peril Is Yellow Journalism" Declares Dr. Manakuchi at Convocation.

"The West interprets everything in terms of imperialism," is the opinion of Dr. Minakuchi of Japan, who addressed a very large audience on the subject of "The Yellow Peril Versus the White Peril," at convocation yesterday morning.

"It was because of this that Japan was alienated from former affections of America. And it is because of this that the stronger nations of the world look upon each other with suspicion and jealousy, and their peoples are divided into hostile camps, not only as rivals but as potential enemies."

Dr. Minakuchi said that after two and one-half centuries of living to herself, Japan was awakened to a new meaning of life by America; when, because she was then able to shake off her aggressors, the West turned its back upon her.

"The Yellow Peril is yellow journalism," Dr. Minakuchi declared, and followed his statement with a vigorous attack on the newspapers of this country. He said that the anti-Japanese movement in America was caused by agitation in the papers, a form of pan-German propaganda started in San Francisco in 1906.

That his country is not thinking of going to war with the United States the Japanese declared emphatically. He said Uncle Sam was the biggest and finest customer Japan had. Furthermore, Japan has not the money to carry on war, with a military tax of thirty-five per cent, levied to pay the interest on the enormous national debt. He said Japan does not want

The Student Should Know--

The "N" Club is Nebraska's honorary athletic society, which is open to every man who has won his "N." It is the royal brotherhood of Cornhusker athletes organized for the promotion of and support bigger and better athletics at the U. of N. The stars of the gridiron, basketball, track and mat are banded together in this organization and their united opinions exert a powerful influence on the athletic policy of the university.

The club held its first meeting February 12, 1917. Guy E. Reed, then Manager of Athletics, presided. Around the table were gathered a small group of athletes whose names loom large on the pages of Cornhusker history. This first assemblage included: Coach E. J. Stewart, Director of Athletics; Coach Dick Rutherford, "Tim" Corey, "Ed" Shaw, Halligan, Zumwinkle, Dobson, Otopalik, Norris, Doyle, Drawing, Cameron, Nelson, Riddell, Moser, "Dusty" Rhodes, Overman, and Wilder. Paul Dobson, captain elect of the football team and president of the "N" Club at the present time, and Coach Stewart are the only two men in school today who were present at this first meeting.

Since its formation the organization has supervised all inter-class athletics and managed the state high school tournament. Recently the club has started a movement for a "Dusty Rhodes" memorial and it is probable that Nebraska's new athletic field will bear the name of this great Cornhusker athlete, who has left a gold star in the university service flag.

At the end of the football, basketball, and track season, the men who have won their letters are initiated. Ten new names were added to the list three weeks ago, and when the track season is over some newly found speed kings will be annexed.

Present Officers
President: Paul Dobson.
Vice President: Elmer Schellenberg.
Secretary: "Dick" Newman.
Treasurer: D. V. Stephens.

NO WORD FROM PROF. BENGSTON IN NORWAY

No word has reached either the faculty at the university or Professor Bengston's family of his safe arrival in Norway. Professor Bengston left New York February 20th on the steamer "Bergensfjord" for Christiania, where he was sent for the present to investigate and report upon the economic conditions of the Scandinavian countries, under the supervision of the United States Department of Commerce. Later he may work in Denmark, Holland and perhaps Germany. The strike which has delayed all activity in New York harbor has probably prevented his letters from reaching the United States.

GUY REED ADDRESSES UNI COMMERCIAL CLUB

Speaker Says Thorough Business Training Is Required for Successful Business.

Guy L. Reed of the First National Bank of Lincoln spoke to about thirty members and guests of the University Commercial Club at Music Hall in the Temple, Thursday evening. His subject was "Picking Your Man in the Business World." Before his address a short business meeting of the club was held.

Mr. Reed's talk was personal and to the point and the club members listened with intense interest to the many personal experiences related by the speaker. He said in part:

"I do not feel discouraged when I handle the money of our people; it is encouraging to find out how much money people are making and the methods they are employing to make it. All you need is a thorough business training to become a successful business man. All of you who are present tonight are far above the average in intellectuality, and education. The average business man of today lacks these advantages.

Against Speculation.

"Is there greater opportunity in the future for making money than there has been in the past? Decided-

BRING IN THOSE SNAP SHOTS

Why in the world don't you bring in some snapshots for the Cornhusker? Have we not asked, yea, begged and implored you to do so? And have you responded to our touching appeals? Nay, you have not, at least not to any overwhelming extent.

We would like awfully well to have some of those snaps you girls took after the Girls' Cornhusker party, and those you fellows took while you were heroizing in the S. A. T. C., and those you all took at the games last fall. And what became of those you took of your Freshmen during probation, and those you took the afternoon you went for a long ride, and those you took Sunday afternoon at the house? To tell you the truth, any you have taken will be thrice welcome.

We have offered you Martha Washington chocolates, and a Junior Prom ticket. Are these not tempting enough? We will give you anything up to half of our kingdoms, for a good, live bunch of snaps. Bring 'em in! Without such pictures, a student life section is not truly that at all. We would hate to be disagreeable, but if you do not hustle around and bring us some before Saturday noon, we will fare forth ourselves and take some you when when you least expect or desire it, and "all the king's horses, and all the king's men" will not prevent us from printing them. "A word to the wise (should be sufficient."

Y.W.C.A. SETS GOAL FOR CAMPAIGN FUND

Members Will Endeavor to Raise \$1,500 for Support of Foreign Missionary.

Drive Will Be Conducted by University Girls After Spring Recess.

At a business meeting of the Y. W. C. A. held Thursday evening at 7 o'clock at the Woman's Hall the girls decided to set the goal of the Grace Coppock campaign at \$1,500. Last year the university girls raised \$1,300 although the goal was only \$1,000. The committee wish to exceed the goal in this campaign as Miss Coppock's entire expenses are over \$1,700.

Miss Grace Coppock was graduated from the University of Nebraska in 1905. She studied languages for two years in China and was made general secretary for Shanghai where she remained for over four years. She was made general secretary for all China in 1910 and has been head of all the association work in that country. Every year the girls of the University of Nebraska hold a campaign in order to raise money for Miss Coppock's expenses.

The campaign will begin the week after spring vacation. Mrs. Katherine Willard Eddy, active executive for the Foreign Board, will arrive in Lincoln Tuesday, April 18. Mrs. Eddy has been in Japan, India and China, and has spent several months with Miss Coppock. She will speak to the girls at vespers.

Chinese Visitor Coming

Miss Me Yung Ting, who is a Boxer Indemnity student at Ann Arbor, will visit the University Y. W. C. A. Wednesday and Thursday of that week. Through the influence of Miss Coppock in China she tried for

(Continued on Page Four)

AG. CLUB INVITATION TO BE HELD TUESDAY

The Ag Club Invitation will be held at the "Judging Pavilion," State Farm campus, Tuesday, 7:30 p. m., April 1, 1919.

The committee in charge of the invitation for new Ag's have arranged a very interesting and complete program for the occasion. Every Ag man in college is urged to come out Tuesday evening and take part in one of the biggest Ag features this year. Plenty of good eats and a rousing program.

University Students Who Fly May Continue Aerial Activity Through New Lincoln Aero Club

Since two university students, Brooks Harding and A. D. Zook, purchased an airplane several weeks ago, interest in flying has rapidly developed among students who have been in the air service and among a group of Lincoln business men. The formation of the Lincoln Aero Club and the building of an airdrome in South Lincoln are features of the flying program which will be given added interest by the visit of the government flying circus to Lincoln soon.

In connection with these activities the Lincoln Aero Club will hold its annual banquet Tuesday, April 1, 6:30 p. m., at the Commercial Club, where the members and their friends will be served with unique aerial dishes, such as "tall-spin" soup, "plane" chicken a la "milky way," etc., ending up with "heavier than air" mince pie.

Through the progress made in the art of flying during the war, and owing to the fact that many university students have returned expert flyers, Lincoln may look forward to an entertaining season of aerial activities, which will be held under the auspices

LEGISLATURE MEMBERS IN MOTION PICTURES

The Lincoln Commercial Club rooms were crowded Thursday evening to watch the moving pictures of "The Legislature in Action," which Dr. George L. Condra presented.

The occasion was the annual reunion and banquet of the Nebraska Legislative League. Much fun was evident during the evening and the music was provided by the university band and a well known male quartet. Governor McKelvie, the state officials and nearly every congressman in Nebraska were present, besides many prominent politicians representing both parties.

THIRD AWGWAN NUMBER READY FOR SUBSCRIBERS

University Comic Magazine Will Be Issued Today at Four O'clock.

The March issue of the Awgwan, university comic magazine, will be ready for subscribers late this afternoon and Saturday. Those who have their names on the subscription list will receive their copies at Station A. Students who have not yet subscribed may buy single copies there, at the College Book Store and at all city news stands.

This is the "Formal" number and the third issue of the magazine this year. Some unusually good features have been developed and most of the contents are clever takeoffs on this important feature of university life. The general apparel of those who attend comes in for a share of good-natured raillery.

A special feature of the issue is a story called "Chevrontis, a New Malady." There is another good story, "Footnotes," some clever and original jokes, some excellent cartoons by Black and Kirsch, staff artists, and some lively verse. Herman Thomas,

(Continued on Page Four)

ARMY SERGEANT ADDED TO COMMANDANT'S STAFF

The military department is rejoicing over the arrival of Sergeants Lewis and Johnson from the 49th Infantry and Sergeant Garside of the 20th Infantry, who have been selected by the War Department to assist Commandant Morrison and staff officers.

These men have been in the service for many months and their army experience will add materially to efficiency of the R. O. T. C. unit. The acquisition of these non-commissioned officers to the staff is welcomed by all the members of the unit.

HUSKER SPEED MEN IN FINE CONDITION

Nebraska Cinder Artists Leave Today for Kansas City Indoor Meet.

Representatives Will Compete for Honors With Best Huffers in Country.

The Cornhusker track squad tore up the cinders yesterday for the last hard grind before the big speed carnival in Kansas City Saturday night. Eight men will be taken along this trip, five varsity and three unattached. Today the team will take a light work out and board the Missouri Pacific south bound in the evening.

The following men will bear the Scarlet and Cream in the indoor meet:

Quarter Mile Relay

Smith,
Gibbs,
Bryans,
McMahon.

Mile Run

Graff.

1,000 Yard Run

Graff.

50 Yard Dash

McMahon.

Deering.

Morearity.

Low Hurdles

Becker.

High Jump

Morearity.

Morearity and Deering are freshmen who have been showing up especially well. Deering won the fifty yard sprint in the Wednesday try-outs, while Morearity looks as though he would be able to pull in a point or so from the dash and the jump. Becker is showing winning form and will be one of the mainstays of the squad for the remainder of the season.

UNI MAT SPECIALISTS ENTER OMAHA TOURNEY

Troendly, Pucelik, Munn and Wertz Will Grapple at State Amateur Meet.

The state amateur Y. M. C. A. wrestling tournament in Omaha tomorrow night will find four Cornhusker wrestlers contending for honors. Troendly, who won the lightweight championship last year, will make a strong bid for the 135-lb. title. Pucelik and Monte Munn will both go in the heavies, while Wertz will grapple with the 145-pounders.

These men have been working under the tutelage of Dr. R. G. Clapp during the year and are ready to meet anything in their class. Dr. Clapp has been the Cornhusker wrestling coach this season and under his guidance a formidable squad has been developed. He has been elected by the National Intercollegiate Athletic Association to serve on the basketball and wrestling rules committee for the coming year.

Pucelik is expected to bring some championship meat back from the Omaha contest. This is his first year at the university, but for the last few years he has been working out with Joe Stecher and will be one of the king pins on the next season's varsity wrestling aggregation.

The 145-pounders at Omaha will find Wertz a hard man to down. He also is a freshman and will efficiently plug the vacancy in the Husker squad left by the passing of Ruddy Fuchs.
