

THE DAILY NEBRASKAN

VOL. XVIII. NO. 120.

LINCOLN, MONDAY, MARCH 31, 1919.

PRICE FIVE CENTS

ENGINEERS PREPARE FOR 2,000 VISITORS

Plans for Annual Program Tuesday Evening Have Been Completed by Committees.

Every Department in Engineering College to Be Open for Inspection.

Plans for the annual Engineer's Night which will be held Tuesday evening have been completed by the various committees on entertainment. The event promises to be one of the most pretentious affairs in the history of the school. Preparations have been made to entertain over 2,000 visitors. Every department in the engineering college will be thrown open for inspection.

All students registered in the college are to be in overalls and the visitors may obtain a vivid conception of the daily routine experienced by Nebraska's future engineers. Competent guides will be at the disposal of those who wish to learn the technical points of the numerous machines in the laboratories of the plant. The college may be correctly termed a mecca of a thousand wonders; gas engines, steam engines, ice making machines, air condensers, and many other complex devices will be on exhibition.

A visit to the wood laboratories will be very interesting. Fancy articles of furniture will be in process of manufacture. The men at the latches will be turning out many exquisite patterns in wood. The automobile laboratories will feature the testing of many different kinds of automobile engines showing the methods in determining horsepower.

The civil engineering department exhibit will be complete in every detail. A number of students will explain how concrete is tested for road work and how the wood is tested for building purposes. Probably the most interesting feature of the evening will be the electrical exhibit. Lighting facilities of every description, wireless telephones and telegraph instruments will be on display.

It is the desire of the school authorities to have all the university students and the citizens of Lincoln acquaint themselves with the college. The laboratories will be open at eight o'clock. A number of novel stunts have been arranged for the entertainment of the visitors.

KANSAS UNI REVIVES FRESHMEN CAP RULING

Men's Student Council President Announces Return of Yearlings' Custom April 7.

"Any freshman who does not wear his cap on the campus at any time after April 1 runs the risk of being disfranchised for the remainder of his days at the University of Kansas," said Hernal Washington, president of the Men's Student Council, today. "The student council," Washington said, "has and will exercise the power to disfranchise any student violating any custom or tradition if it opposes the beliefs and opinions of the students as represented by the council. The violation of the freshman cap ruling is one of these, and in a proved case of deliberate violation of the tradition, we can and will prevent freshmen from voting at any school or college election during his academic life at K. U."

Students in the School of Law said the laws would be, as in the past, delighted to exercise a watchful care over traditions and report or cure any violations of the cap custom. While it was emphasized, corporal punishment would not be resorted to, as it is prohibited by a Senate ruling, the picking of dandelions on the campus

MISS LOOMIS RECEIVES HONORED APPOINTMENT

Miss Alice M. Loomis, head of the state university, has been notified of her election to membership in the general council of the national society for vocational education which held its annual meeting in St. Louis recently. One-half of the members of the council represent commerce, industry, agriculture, home-making, organized labor, welfare and other important interests and the other half represent education.

STUDIO IN NEBRASKA HALL NOW COMPLETED

Has Splendid Facilities for Making Still Photographs and Motion Pictures.

A studio where both still and moving pictures can be taken, has been completed in Nebraska Hall and is now one of the finest of its kind in the state. There are only a very few studios which have the facilities necessary to making of both still photographs and motion pictures. The lighting effects are ideal for this kind of work. The studio is located in the southwest corner of the building, on the second floor, and no room on the campus is better lighted than this one. The hangings are in green, while the room itself is finished in cream color throughout. Adjoining this room on the north is the property room, where all chairs, tables, draperies, and other articles necessary for use in this art are kept.

During the summer months, when the third floor will be torn off, and the exterior of the building refinished, a large convention hall seating several hundred people will be constructed in the entire east end of the second story. The main corridors of both floors will be done over and the stairways improved in construction and appearance.

The exhibition room downstairs is to the left as one enters the building and the exhibit cases are already installed. They will contain samples of mineral resources, agricultural and industrial resources and artificial resources of our own state. Types of

LINCOLN ALUMNI MEETS NEXT THURSDAY

Chancellor Avery will speak on the subject, "Clean Up the Campus," at the next meeting of the Lincoln Alumni which is to be held at the Commercial club rooms Thursday, April 3. There will be old time university music directed by L. C. Oberlies. Mrs. A. C. Warner will tell about an alumni exhibition of historical relics for the semi-centennial celebration the latter part of May. The following program will be given: "The Value of the University to the Alumni".....Rev. W. T. Elmore "Obligations of the Alumni to the University".....H. H. Wilson "Pep".....Miss Sarah Muir "Value of a Lincoln Alumni Association".....George Lee After the program the short business meeting will be held, the purpose of which will be to form a permanent organization of the Lincoln Alumni. There are more than a thousand Nebraska alumni in the city. These are being notified as quickly as possible by captains appointed by the executive committee. Mrs. C. W. Roberts is trying to reach the alumni of the more recent years.

It has been decided by the alumni to hold all class reunions Friday, May 23. The classes from '73 to '86 will celebrate together at a one o'clock luncheon which will be held at the Commercial club rooms. Everyone who expects to be present has been requested to notify Mrs. Mary Campbell Majors, 606 No. 16th St., Lincoln.

The classes of '89, '90 and '91 will hold class reunions at the Commercial club Friday, May 23. Mrs. Maud

PHI BETTA KAPPA DAY TOMORROW

Seniors Will Be Awarded Scholastic Honors at Convocation Tuesday Morning.

Plans For Ivy Day and Semi-Centennial Celebration to Be Discussed.

The Phi Beta Kappa announcements will be made at the Ivy Day convocation in Memorial Hall Tuesday morning at eleven o'clock. Plans for Ivy Day and the Semi-centennial celebration to be held May 23 will be discussed in an effort to interest the students so that they will stay after the close of school to take part in and witness this great event. The Innocents and Black Masques have charge of the convocation.

O. J. Fee will talk on "Nebraska Traditions." Dr. Hyde will discuss the pageant written by Dr. Alexander to be given on the Semi-centennial program, and Prof. Scott will talk on "Traditions of Other Schools." The band will play several numbers. At the close of the convocation Miss Margaret Hannah will give the names of the seniors who have been elected to membership in the honorary scholarship society.

The list of Phi Beta Kappa students will be published in Tuesday's issue of the Daily Nebraskan, which will not be distributed until after convocation.

TWO TOWNS MAKE BID FOR IBSEN'S DOLL HOUSE

Superior and Red Cloud to Have Dramatic Club Production University Week.

The management of the university week entertainment has announced that at the request of two of the towns on the circuit, Superior and Red Cloud, the Dramatic club will present Ibsen's Doll's House instead of "The Man on the Box," as had been originally planned. Superior and Red Cloud have made this request for the reason that "The Man on the Box" has been given there twice before by the university players.

The following members of the chorus will be a part of the entertainment:

Elina Burke, Grace Jameson, Esther McKennon, Dorothy Pierce, Margaret Perry, Marguerite Stevens, Lucile Cline, Doris Cole, Violet Faulk, Marie Mauvis, Ruth Kirschstein, Betty Scribner, Francis Diers, Charles Farman, Elija Fogelson, Clark Mingis, Halsey

FOUR ELECTED TO SIGMA DELTA CHI

Sigma Delta Chi, honorary journalistic fraternity, announces the initiation of the following new men: Richard Hadley, '21, Lincoln. Frank Patty, '21, Fonda, Iowa. Jack Landale, '21, Omaha. Harold Weeth, '20, Omaha. The newly elected members have been actively interested in student publications. An initiation banquet was held Saturday evening at the Lincoln hotel.

FIVE CORNHUSKERS WIN IN STATE MEET

Troendly and Pucelik Win Gold Medals, Munn, Wertz and Pickwell Silver Emblems.

The five Cornhusker mat specialists who entered the lists of the annual Nebraska Amateur wrestling meet, held under the auspices of the Y. M. C. A. in Omaha last Saturday, came back to Lincoln with five medals—two gold and three silver. Troendly and Pucelik are the proud wearers of the golden badge while silver emblems adorn the breasts of Monte Munn, Wertz and Pickwell.

The Nebraska University grapplers made a remarkable record. Omaha entered nineteen mat artists who succeeded in annexing two firsts, three seconds, and three thirds. In all, fifty-seven contestants were entered in the meet which was one of the largest of its kind in the country. The National Amateur Wrestling Tournament in Chicago last year drew 118 entries.

Troendly had no trouble in handling everything in the 135 lb. class. He won his four bouts in four minutes; fourteen seconds; 25 seconds; four minutes, and got a fall out of every man. Pucelik and Monte Munn went around in the heavyweight finals and Pucelik finally won by decision. Wertz in the 145 lb. won his first round by a fall and the second by decision but was downed by McClow of Norfolk after a hard scrap in the finals. Pickwell pinned his men in the first two rounds in jig time by body scissors, but went down before Nordstrom of Omaha in the finals.

STUDENT CONFERENCE MEETING SUCCESSFUL

The Nebraska student volunteer conference came to a close Sunday afternoon when the final session of the meeting was held, at which the officers for the coming year were elected.

TWO HUSKERS WIN POINTS IN MEET

McMahon Gets Second in 440—Graff Takes Third in the 1,000 Yard Handicap.

Bryans, McMahon and Morearity Placed in First Three Heats of 50 Yard Dash.

Captain McMahon and Glenn Graff were the only two Cornhuskers to bring home points from the indoor meet of the Kansas City Athletic club held in Kansas City Saturday. "Mc" allowed only Murchison, the St. Louis speed marvel, to distance him in the 440, while Graff took third honors in a race which set a new world's record. Bryans, McMahon, and Morearity placed in the first three heats of the fifty yards dash and both "Mc" and "Mory" placed in the semi-finals. Graff won third place in the 1,000 yard handicap from a large field of contestants. Joie Ray, champion miler, from the Illinois Athletic club, was the star in this race, while Stout of Chicago University took second honors.

From the Kansas City Star

The hundreds that attended the annual K. C. A. games in Convention Hall last night expected some efforts extraordinary and they were not disappointed. Joie Ray, champion miler; Carl Buck, champion pole vaulter; Joe Murchison, the St. Louis speed marvel who adds to his honors at every meet, gave their best and that best was spectacular.

The Illinois Athletic club star duplicated his performance of a year ago in the 1,000 yard handicap by lolling back, letting the field of six string out in front and then by a 3-lap stretch on high, overtaking and leaving behind tired runners who a moment before believed victory theirs.

Last night in a special 1,000 yard race Ray had a little more opposition than last year. Joe Stout, a rangy runner from the University of Chicago, made the champion stretch to beat him and pressed him in the handicap. But Joie Ray is Joie Ray

Murchison Won Two Firsts

Young Joe Murchison of St. Louis stamped himself a star to Kansas Cityans. In the 440 yard dash he led eight others with the shortest gap about forty yards and in a relay race, made victory certain for St. Louis Athletic club over Nebraska.

The pole vault, usually a long drawn out affair, was the center of added interest last night. A champion performed, and that champion had to go 11 feet 8 inches before he could induce some nifty aviators from Kansas and Missouri and our own W. B. Powell to give up the contest.

It was in the relays that the crowd saw action. In seeing Kansas trim Missouri in the final event it saw Dewall, a star Kansas miler, running second, widen a gap that the fancied superiority of the Tiger runners in third and anchor positions could not make up. It was the work of Dewall that gave William Omar Hamilton a broad grin at the expense of one Henry F. Shulte.

The sprints were close. Joe Murchison showed his class in the 50-yard open in a style that made the crowd forget its disappointment in not seeing Sergt. Maj. Robert Carnie, a war hero of the Gallipoli campaign, win a medal. The soldier, who was relieved from duty at the front because of wounds, showed class at that. In a trial sprint he was nosed out by Gallagher of K. S. A. C., the lad who pressed Murchison in the finals.

The Open Events

50 yard dash—First heat—Won by Murchison, St. Louis A. C.; Sexton, unattached, second; Bryans, Nebraska, third. Time 5 3-5 seconds.

Second heat—Won by McMahon, Nebraska; Massengall, unattached,

On the New Campus

This is a typical scene on the new campus of the University of Nebraska. From Twelfth to Fourteenth streets and from the Temple to Bessey Hall the situation is very much the same.

Unightly alleys, clothes-lines, ash heaps and wood piles form the settings for such dignified structures as the Social Science Building and Bessey Hall.

The University is trying to expand upon a campus cluttered with rubbish. Dilapidated buildings and tumble-down shacks take up room which would well be utilized for drill grounds, athletic fields, tennis courts, botanical and pharmacy gardens—and above all, a campus with some breathing space for students.

The removal of these buildings must come in time, why not now?
