

# Frilling

ADDS A TOUCH OF COLOR

No frocking is complete this spring without it, and the more vivid the color, the more attractive it is.

We have frilling in all the most fashionable shades—so dainty, so colorful, that even an old frock will look practically new.

In good quality of Georgette Crepe, we show a very attractive frill in Belgian blue, maize, white and Victory red at the yard \$1.25—an average length for the neck, however, will only be about 80c.

**STEPS TAKEN TO BETTER UNI TELEPHONE SERVICE**  
(Continued from Page One)  
request may likewise be referred to the same office.

Below this is a column divided into three parts, where one tally mark should be recorded for each call originating upon that particular telephone for the week indicated. The first division is for calls from campus to the city; the next division from one campus to the other; and the last for calls which are local upon one campus. By this system of recording calls accurate estimates of the number of new phones to be installed under the new system, can be made.

**CHATBURN PREPARING INTERESTING PAPER**  
(Continued from Page One)  
Chatburn's paper will be published in book form along with the other papers read at the meeting. The society during the war has done much valuable work in collaboration with the United States government.

**WALTER CAMPBELL WRITES OF ATHLETIC ACTIVITIES**  
(Continued from Page One)  
feit one week before, captured a fast game from the 312th M. T. C., by the score of 20 to 11.  
The 58th C. A. C. continued in their winning streak with a hard fought battle with the 312th Engineers. Kuniz was the star player. The score of the 58th-Engineers duel was 19 to 8.  
A very fast game was put across by Companies A and C of the 13th Marines. Armstrong and Greenberg were the stellar players for Company A, with Reyes playing well for C Company.

The standing of the league places the 58th C. C. at the lead, with A Company of the 13th Marines running one point behind Companies B and C of the Marines and the 312th Engineers are tied for third, with the 113th Supply, the 121st Engineers, and the 109th Ammo Train splitting even for fourth place. Camp Huntington and the M. T. C. are running at the end of the list.

### Boxing Tournament at Bassens

And now that the finals of the base section boxing meet are to be held on next Tuesday night, the Bassens athletic officer, Lieut. Campbell, is laying plans for beginning anew in the development of plastic material. On Tuesday night in Bassens an amateur boxing tournament is to be held at Y. M. C. A. No. 9. Bassens is one of the largest centers in Base Section No. 2 and has given to the base boxing team, the heavy-weight champion, Driscoll, and the middle-weight title holder, Peterson. Other likely material is to be presented on the boxing card Tuesday night.

This is not the only act of reorganization which Lieut. Campbell has incorporated in his plans. At the present time he has twelve basket ball teams playing in a district league. They are: 312th Engineers, Headquarters Company Camp No. 4, Company C, 13th Marines; Company A, 13th Marines; Company B, 13th Marines; Company E, 312th Engineers; 109th Ammo Train; 58th, C. A. C.; 113th Supply Train; Co. A, 2nd Pioneer Inf.; 121st Engineer and the Refrigerating Plant.

### 14 Teams Sign for Bordeaux League

Announcement was made yesterday afternoon by Lieutenant John D. McKibben, base athletic officer, that 14 teams had signed for the Bordeaux baseball league. The baseball commission, headed by Lt. McKibben, with Lt. Walter Campbell and Mr. R. R. Boardman, regional athletic director of the Y. M. C. A., will meet tomorrow to arrange a schedule of games.

The date set for the opening of the league series is Sunday, March 16. In the columns of the American edition of the "Petite Gironde" a complete schedule of the games and list of the teams entered will be published on Friday next.

The Bordeaux League will play for the base championship. The winner of the sectional series, automatically enters the S. O. S. final series, and the winner of this in turn, meets the champions of the First, Second, and Third Armies, for the A. E. F. title.

In the S. O. S. League, Bordeaux is to have a place. This association is entirely separate from the Bordeaux or Base Two League, and is for an entirely different championship. No definite date has been set for the opening of this league series, but rumor has it that it is to follow close after the opening of the Base games.

## Omaha

Heart of the Corn Belt

ALF of all of the corn raised in the United States is raised in the territory directly tributary to the Omaha market.

No wonder Omaha is the second corn market of the world.

When Omaha first became a grain market, less than fifteen years ago, there were three terminal elevators and one mill. Now, there are twenty elevators and six mills, and plans are being made for more.

Omaha has grown so rapidly as a grain market that even its own people can hardly keep pace with its development.

For "A-B-C Book of Omaha," write Chamber of Commerce, Omaha
