PRICE FIVE CENTS

YEARLINGS WIN IN UNI TRACK TOURNEY

Phi Delta Theta Noses Out Ahead of A. T. O. in Fraternity Standing.

Carson Is Individual Star With Eighteen Points to His Credit.

The freshmen romped away from the upper classmen in the all-university track meet last Saturday through the work of Carson, Morearity and Deering. Carson was the individual star of the tournament with 18 points to his credit. The interfraternity championship went to Phi Delta Theta.

The track meet Saturday was something new in the annals of Nebraska athletics. The inter-class and interfraternity championship was settled in the one tournament. The points won in any event counting for both class and fraternity. The tournament was open to all and there were many men entered who had never been out for practice.

The cold drizzly weather mused things up a bit but some pretty races resulted in spite of the mud. A hair-raising finish was staged in the half-mile race when McGuire ate up the fifteen yards between himself and Dick Newman on the home stretch and finished so close it was hard to pick the winner. Considering the condition of the track, Billy Bryans made exceptionally good time in the 220-yard dash when he stepped it off in 24.2. Three heats were necessary to narrow the 100-yard list of contestants down to six, and the final heat was nip and tuck between Morearity and Deering but the latter was nosed out by the ex-Omaha high man.

Carson Individual Star

The freshmen had things all their own way. The work of Carson alone was enough to win for them. "Shanty" has proved himself to be the best all-around athlete of the season and will be a mainstay in the varsity next year if he keeps up his present speed. He won points in the high hurdles, the broad jump, pole vault, shot put, discus, and javelin throw. Morearity took second individual honors with 11½ points, Schellenberg took third with ten, and fourth goes to Deering with 9½ to his credit.

Phi Deltas Are Champs

Phi Delta Theta beat Alpha Tau Omega out of the interfraternity championship by one-half point. Delta Upsilon was a close third. A glance at the following table will show how the fraternities who won points line up:

Phi Delta Theta	27½
Alpha Tau Omega	27
Delta Upsilon	25½
Delta Tau Delta	18
Sigma Phi Epsilon	11
Sigma Alpha Epsilon	8 2/3
Sigma Nu	8
Alpha Sigma Phi	8
Acacia	4
Alpha Theta Chi	1-3

Gold Medals

The gold medals for first place were won by the following men: Schellenberg, Carson, Reavis, Geihart, Deering, Moore, Gish, Morearity, Bryans, Stromer, Newman, Egan and Graf. It is a remarkable fact that no man in the tournament won more than one first place.

Two Mile

Graf, first. Time 11:31.4.

XI DELTA ANNOUNCES NEW PLEDGES FOR NEXT YEAR

Xi Delta, sophomore girls' honorary society, announces the following new pledges from the present members of the freshmen class: Ethel Curry, Acoth; Marie Prouty, Alpha Chi Omega; Winifred Clark, Alpha Omicron Pi; Dorothy Hammond, Alpha Phi; Martha Kenyon, Alpha Delta Phi; Mary Sheldon, Alpha Xi Delta; Isabel McMonies, Chi Omega; Hesper Bell, Delta Delta Delta; Dorothy Pierce, Delta Gamma; Dorothy Wolf, Delta Zeta; Gene Hudson, Gamma Phi Beta; Elizabeth Riddell, Kappa Alpha Theta; Almarine Campbell, Kappa Kappa Gamma; Marian Jeffrie, Pi Beta Phi; Ellen Berry, Union; Henrietta Stahl, Palladian; Esther Posson, Student Body.

SIG EPS SHOW SPEED IN SECOND ROUND

Display Championship Form in Baseball Game with Phi Kappa Psi.

The Sig Eps are beginning to look like winners in the interfraternity baseball race. Last Friday they whipped the Phi Psi's by a score of 21 to nothing in a no hit game, but one Phi Psi saw first base in the seven innings and that was the result of a free transportation. Pickett pitched the first five innings for the Sig Eps and Zink the last two. Their opponents absolutely failed to solve delivery, and 16 were struck out in the seven innings. Besides pitching air tight ball, Pickett proved the best slugger of the game by laying down three safe ones out of four times up. The score:

Sigma Phi Epsilon—21.				
	ab.	r.	h.	e.
Isham, ss.	5	3	1	0
Harper, 3b.	6	2	1	0
Pickett, p.	4	1	3	0
Zink, cf.	6	2	1	0
Russell, 2b.	5	3	2	0
Grubb, 1b.	5	3	1	0
Harris, lf.	6	3	3	0
Johnson, c.	5	2	1	0
Bell, rf.	5	2	3	0
Total	47	21	16	0

Phi Kappa Psi—0.				
	ab.	r.	h.	e.
Crawford, ss.	3	0	0	2
Kenner, lf.	3	0	0	0
Fike, 1b.	3	0	0	1
McCreary, c.	3	0	0	1

Branch, 2b.	2	0	0	0
Mead, 3b.	2	0	0	3
Hinkle, rf.	2	0	0	2
Total	21	0	0	11

Two games remain to be played in the second round. The A. T. O.'s were scheduled to play the Alpha Thetas, and the Delta Taus and the Phi Deltas were called off last Friday and Saturday and will be played today if the weather permits.

CANDIDATES FOR STUDENT COUNCIL CHOSEN TUESDAY

Nominations for the nineteen members of the student council will be held tomorrow at various mass meetings. Ten members are to be selected from the sophomore class and eight from the junior class.

The junior class will meet as a whole, Law 101 at 11 o'clock tomorrow to make nominations for their representatives to be chosen at large from the class. The whole school will vote on these nominees at the election, May 6.

The ten members from the sophomore class will be selected as follows: Two members from the arts and science college, two from the agriculture college, and one each from the colleges of law, engineering, commerce, pharmacy, teachers' and the fine arts school. The nominees for these offices will be selected at de-

J. T. LEES APPOINTED TEACHING AUDITOR

New Officer to Be Responsible for Raising the Efficiency of Teaching Staff.

Department Headships Are Abolished at Meeting of Board of Regents.

Prof. James T. Lees was appointed teaching auditor of the university with the title of provost at a meeting of the Board of Regents, Saturday at 11 o'clock in the Chancellor's office. Regent Miller was detained by illness. It will be Prof. Lees duty, under such rules and regulations as the Board may advise, to assist in bringing the teaching at the university to the highest state of efficiency. He will be a member of all the college faculties and report directly to the Regents and Chancellor.

The advertisement of bids for the plumbing and heating of the new laboratory at Omaha was authorized.

Headships Abolished.

It was directed that all department headships be abolished and that the present heads act as chairmen of departments pending further action by the Board. The departments of mechanical and agricultural engineering were combined with Prof. L. W. Chase as chairman. The departments of rhetoric and English were combined with Dean Sherman as chairman. All work in modern languages was combined under the chairmanship of Professor Conklin. Botany and plant pathology and physiology were combined under the chairmanship of Professor Pool. The several departments of history were combined under the chairmanship of Professor Guernsey Jones. As in the case of other departments, these chairmanships are to be regarded as continuing subject to further action by the Board. The title of Prof. Laurence Fossier and that of Prof. Alexis were changed to professor of modern languages and associate professor of modern languages respectively.

Dean Buck of Arts College.

A special committee consisting of Regent Brown, chairman, Regents Hall and Landis, and the Chancellor unanimously recommended that Professor P. M. Buck be made Dean of the Arts College. The report was unanimously adopted by the Board.

It was voted to establish a department of health in the university with Dean I. S. Cutter as chairman; the other members to consist of Prof. Winifred Hyde representing the university women, Dr. H. H. Waite as bacteriologist, and Dr. Lyman as phar-

NEW VIKINGS ELECTED FROM SOPHOMORE CLASS

Nineteen new members were initiated into Viking, honorary junior men's fraternity to make up the active chapter for the next school year. At a meeting Sunday, Clarence Swanson was elected president; Jack Landale, vice-president; and Willard Green, secretary-treasurer. The following were initiated: John Gibbs, Stanley Hall, Earl Coryell, Jesse Patty, Clarence Swanson, Carl Howard, W. R. Watson, Jack Landale, George McGuire, Russell Bailey, G. H. Harvey, Frank Patty, Lawrence Metzger, Glen Gardner, Chas. Gillilan, Richard Hadley, Willard Green, William Larned, and Ed. Moran.

SEMI-CENTENNIAL BOOK TO BE COMPLETED SOON

2,000 Copies of Publication Will be Ready for Distribution in Next Few Days.

The semi-centennial anniversary book is now in page-proof form and should be ready for distribution within a short time. Two thousand copies will be printed, in order that there may be enough for campus purposes and for those who return for the celebration in May and enough to keep on hand for awhile. Another book of the kind will not be due for fifty years. Several hundred of the two thousand copies will be bound in red cloth. The six illustrations will include pictures of Chancellor Avery (frontpiece), of Chancellors I. J. Manatt, J. H. Canfield, E. B. Andrews, and of Deans A. H. Edgren and C. E. Bessey. There will be no pictures of buildings since these are to be found in abundance in the Cornhusker and since it seemed desirable to keep the book inexpensive.

All the historical and personal matter which could well be crowded into 150 pages will appear in the book; and a book of that number of pages, containing illustrations, is surely all that could be expected for fifty cents. Some persons who have looked over the table of contents have expressed disappointment that no attempt has been made by the contributors to sketch the history of various departments. Subjects like history, agriculture, commerce, philosophy, engineering, linguistics, physical science, literature, have not been given separate treatment. But several volumes would have been required for a history of the university written from the standpoint of departments. When the book was planned it was aimed to restrict its articles to topics pertaining to general university life or to the interests of the university as a whole.

Nebraska Professors Co-operate in State Good Roads Movement

The co-operation which the University of Nebraska has displayed in the new good roads movement for this state, and the enormous amount of interest which is being displayed in putting Nebraska on a level with other states in regard to highway improvements, is graphically illustrated by the university's close association with the Pershing Highway, and with all other road activities of the state. The various departments of the school have given gladly of their time and knowledge to further all worthy projects for new highways.

In the first place, Prof. George R. Chatburn, of the engineering college, has been one of the most prominent active road workers in the West, and has just completed a most interesting text book on "Highway Engineering," in which he emphasizes the discussion of rural roads and pavements. Professor Chatburn has not only rendered his services to the people of Nebraska, but has often been called to other states to act as an authority on road building. In the second place, the en-

gineering college at the university is well equipped for the testing of road materials. A great amount of testing of Nebraska soils and soils of other localities has been done within the past few months. Professor Clark E. Mickey of this same department is an expert on paving materials, and has done much work throughout the state along construction lines. Only recently he was called to Aurora to act as paving authority for the city in a suit against a certain contractor, who did not live up to his guarantees. Professor L. W. Chase is another Nebraska road booster, and has always strongly advocated the dragging of roads as a means of proper maintenance.

Again, the state conservation and soil survey with offices in Nebraska Hall, within the department of geography and conservation at the university, has been a mighty factor in the proposition for a new road era for Nebraska. They have complete charge of all surveys of road materials in the

HUSKER TEAM TAKES SECOND IN RELAYS

Pennsylvania Takes Mile Event at Penn Meet; Nebraska Comes Close Second.

McMahon Stars in Big Run—Wires Call It "Heartbreaking Race."

The Cornhusker relay team composed of Byron McMahon, Ed. Smith, John Gibbs, and "Rudy" Fuchs, won second place in the one mile relay race for the championship of America, held on Franklin Field, Philadelphia, last Saturday. The University of Pennsylvania quartet captured first honors. The slow time of 3:35 for this race was caused by the freezing temperature and high wind. The one mile championship event was characterized as a "heartbreaking race" by one of the Sunday dispatches, and the Cornhusker fans anxiously await a more detailed account from Coach Stewart and the team.

Nebraska was a post-entry in the big Quaker meet and had to take the outside lane in a field of eight teams. This meant a fifteen yard handicap. The way the boys overcame this disadvantage will prove an interesting story which will have to wait for the return of the Scarlet and Cream athletes next Monday evening or Tuesday morning.

Relay Team a Surprise.

Two weeks ago the school was not aware that it possessed a prize winning team. One week before the Pennsylvania event it won the championship of the West by winning the mile relay at Drake. The Pennsylvania authorities immediately wired that although the entry list for the big meet had been closed, Nebraska would be allowed to enter. The coaches who say the team perform at Drake urged Coach Stewart to send it by all means.

The Nebraska mentor decided to do so and appealed to the student body to raise the necessary funds. This decision was reached last Tuesday morning and but twenty-four hours remained before the team must leave. There was no time to organize a campaign and Coach Stewart appealed to the fraternities to put the deal across. The next day the team caught the 4:30 Burlington for Chicago.

A few minutes before leaving the coach penned the following lines which need no comment:

"On behalf of Byron McMahon, Rudolph Fuchs, Edward Smith and John Gibbs, I wish to express the sincerest appreciation for the remarkable out-pouring of good will and dollars from the fraternities, sororities,

(Continued on Page Four)

Regarding Rifle Matches

The Military Department has received information regarding the National Rifle and Pistol Matches to be held on the Naval Range at Caldwell, New Jersey, during the month of August, 1919.

The matches are to include team and individual classics for the army, national guard, college units, high schools and civilian. Especial attention is being paid this year to teams and individuals representing colleges and R. O. T. C. units throughout the country. In addition to the various matches, instruction courses in rifle and pistol firing are offered.

Anyone interested in rifle or pistol fire and desiring more information on the subject should consult Colonel Morrison at the Department office.

NOTICE

The Daily Nebraskan wishes to announce that Magee Clothing Co. did not contribute space in the Victory Liberty Loan adv. as stated last Monday.

NOTICE

The official government inspection of cadets will be held Wednesday, April 30, by Colonel P. L. Miles, officer of the general staff.

The inspection is one of the most rigid type and every cadet in the regiment will be included in it.
