## ANNUAL DUAL MEET AT AMES CANCELLED

### University to Run on Basis of Three Firsts in Each Event.

### Husker Track Men Will Train Hard for Grinnell Meet Next Week.

The dual match with Ames Saturday has been called off. Coach Stewart received a telegram yesterday morning from Ames announcing that Grinnell was willing to meet them on the basis of counting first three places in each event which Nebraska was not willing to do. The Cornhusker track squad will be given a thorough tryout Saturday afternoon on the athletic field at 2:30 and the coach will probably make the final selection of representatives for the dual battle with Grinnell next Saturday, May 10.

The cancelling of the Ames contest was perhaps advantageous for the Cornhuskers since they were expecting a drubbing. Ames will now lock horns with Grinnell and give the Nebraskans a line on the team which they will battle next week. It would have been suicide for Nebraska to have gone to Ames on the three place basis. Coach Stewart could have taken but one man for all but one or two events and the third places could have been nabbed for the asking by the Iowans.

It is absolutely necessary that every man who hopes to go to Grinnell be on the field tomorrow afternoon. The coach is hesitating in making his selection because he knows that several men have been coming strong and can beat some of the oval artists he would have chosen.

## STUDENT FILINGS FOR ATHLETIC BOARD MONDAY

Applications for student membership on the Athletic Board must be filed with Dr. Clapp, secretary of the board, before next Monday noon. Five members will be chosen from the list at the annual election on May 12. Every male student who has twelve hours to his credit will be eligible for voting.

The University Athletic Board was created by the Board of Regents in 1913 with the purpose of having complete control of all athletic matters in the university. According to Art. 1, Sec. 2, the membership of the board is composed as follows: (a) the head of the department of physical education (ex-officio); (b) the director of athletics of the university (ex-officio); (c) four faculty members of professional rank, appointed by the University Senate; (d) one alumnus elected at the annual meeting of the Alumni Association; (e) five student members elected by students after a manner to be determined by the University Senate, or Athletic Board.

The rules for this election are specified in Article XII, Section 1 and 2 as follows:

"The election shall take place on the second Monday of May. The polls shall be located in Grant Memorial Hall, and the hours of voting shall be from 9:30 a. m. to 12:30 p. m. and 1:30 p. m. to 4:30 p. m.

"All male students of at least one semester's residence at the university, who have made twelve or more hours credit during their last previous semester, are eligible to vote at the election of student members of the Athletic Board.

"Any student eligible as a voter may become a candidate for election to student membership on the board who files with the secretary of the board, before 12 o'clock noon on the Monday preceding the day of election, a written statement in which he declares his desire to become a candidate and his intention to remain in the university the following year."

Paul Dobson, Elmer Schellenberg.

The program for the university students' educational excursion to Omaha today is given below. It is the official program and the schedules as outlined here will be rigidly followed, declares Arthur Thomas, publicity manager of the Omaha Commercial Club. The students themselves can help very materially by keeping to this schedule and with their chosen group, during their stay in Omaha.

8:00 a. m. Special trains leave for Omaha.

9:45 a. m. Rear cars containing groups 1-5 will be switched off at South Omaha.

10:00 a. m. to 6 p. m. Trips about the city in groups under the leadership of alumni and student leaders. Lunch will be provided at various points.

### To See Entire City

The following points of interest in the Gate City will be visited today by the University of Nebraska's student body and faculty: Packing houses, Live Stock Exchange, stock yards, Fort Omaha, Public Library and Museum, Fontenelle Hotel, Municipal Auditorium, W. O. W. Building, power plant, Lininger art gallery, Dietz, Kountz and Joslyn art collections, newspaper offices, engraving plant, South Side High School, Grain Exchange, Smelters, Art glass factories,

Chemical Works, Florence water works, Ice machine factory, Fertilizer and glycerine plant, Beverage plant, U. P. Laboratory, Forest Lawn Cemetery, Krug Park, Riverview Park, U. P. shops, Nebraska Power house, Gas plant, Walnut Hill Reservoir, Central High School, High School of Commerce, Dodge Street School, Creameries, Alfalfa mill, Banks, Wholesale district, Ford Motor Factory, Hospitals and the University of Nebraska College of Medicine.

### Cost vs. Knowledge

Many students have expressed a desire to have a group which included all the "movie teaters," and playhouses, but it is safe to say that these will be incorporated in many of the groups by the students themselves. One very careful of his finances can make the trip on \$3.56. The cost is small and the returns are so great that in an educational way the trip will prove to be equal to many days of the most diligent study out of a musty textbook.

## A.T.O.'S CONQUER ALPHA THETA'S IN HEATED GAME

### Win by Score of 5 to 4—Eight Innings Required to Spell Victory.

A triple by Newman and a single by Schellenberg put a stop to the most exciting game of the interfraternity series yesterday and left the A. T. O.'s on the long end of a 5 to 4 score after the contest had gone an extra inning. The battle was clean and fast throughout with but one or two errors. Watson and Schellenberg who opposed each other on the mound both pitched tight ball and had good support.

Five teams are still in the running. The A.T.O.'s by dint of their victory yesterday will meet the winner of the Kappa Sig-Sig Alph match and the winner of this contest will put on the final struggle for the championship with the winner of the Phi Delt-Sig Ep battle.

Yesterday's score:

ATO'S—5.		Alpha Theta—4.	
Brown	1b	Henry	
Newman	2b	Wittie	
Schellenberg	p	Watson

## FIRST FRESHMAN MIXER WILL BE NOVEL AFFAIR

### Games, Dancing, Eats Form Part of Entertainment Saturday at Armory.

The big "get-together" party to be given by the Freshman class next Saturday will undoubtedly go on record as one of the most pretentious social functions of the school year. Elaborate plans have been completed for the novel entertainment of the evening's frolic.

All students anticipating going home for the week end should alter their plans in order that the party may be attended. No freshman can afford to miss this event. The best opportunity in the world is afforded to make many acquaintances with those in attendance. A party of this kind is one of the best places to cultivate true Cornhusker spirit.

The members of the Mystic Fish, freshman honorary society, have charge of the ticket sales. The final efforts for a successful sales campaign will be made by solicitors during the remainder of the week. The price of admission will be within the reach of all—thirty-five cents being the amount necessary to participate in the big "get-together" in the Armory, May 3.

## COMMERCIAL CLUB HAS CELEBRATION BANQUET

The members of the University Commercial Club held their first banquet of the school year Wednesday evening, April 30th at 6 o'clock in the Lincoln Hotel. The feast celebrated the birth of the new college of business administration after its passage by the state legislature and its formal sanction by the University Regents.

Dean J. E. LeRoussignol of the new college acted as toastmaster and called for toasts from the following prominent men: Chancellor Avery, President Weil of the National Bank of Commerce, Professor Martin and Regent Hall. Several commercial students made short talks at the conclusion of the dinner.

## The Student Should Know--

### THE INNOCENTS

The Innocents has come to be an organization of thirteen Senior men, chosen each year by the outgoing society. They are representative of the men who have shown the greatest interest in the welfare of the school, in the underclasses. The society was organized April 24, 1903, as the result of four or five years of deliberate consideration of the needs and place of such a body. Former Dean Roscoe Pound, present dean of Harvard Law College, said: "The very purpose of its existence was to furnish a compact corps of harmonious workers, where college spirit and enthusiasm might be generated; to give a body of men who would be pledged to put their shoulders to the wheel in all university undertakings; to be a guiding central body to lead in those things that fall in the University of Nebraska, because, being left to the student body in general, the old maxim applies, 'What is everybody's business is nobody's business'."

This standard the Innocents have since attempted to follow. They have aided in getting valuable athletic material; have been in charge of football rallies and torch light parades, and have chosen the cheer leaders to lead in these celebrations. It is the Innocents who conduct the Freshman Convocation at the beginning of each school year and present to the new men of the University their first ideas and conceptions of student life. They supervise the annual Olympics between the Sophomores and Freshmen, and manage Cornhusker banquets. They have aided and co-operated with both faculty and student body in a number of different enterprises such as War Work campaigns, War Camp Community Service parties for soldiers, Cornhusker mixers, Sneak Day, the annual shirt-tail parade, Fete Day,

## MAYOR SMITH TURNS OVER KEYS OF CITY

### All Aboard on Burlington Special Train to Visit Nebraska's Largest City.

### Omaha Will Spend Thousands of Dollars to Entertain Uni- versity Students.

Hundreds of university students chaperoned by members of the college faculty are on their way to Omaha, where they will enjoy the hospitality of the citizens of that city for the entire day. This is the first educational trip to Omaha since the memorable one taken during a driving rain in 1916, when 352 students braved the weather to accept the keys of the city.

The few who had the courage of their convictions and went in spite of the notable storm were amply repaid, however, as the reception accorded them was far beyond the expectations of the most optimistic. Not only did the city open its gates to them without reserve, but a great many of the business men and women devoted the day to their entertainment, at a great personal sacrifice. The alumni who assisted with the entertainment three years ago were Dean I. S. Cutter of the Medical College; Vincent Haskell, W. C. Ramsay, Samuel Reese, Jr., Amos Thomas, Frank Bullta, C. E. Foster, Sam Cotner, L. A. Higgins, L. W. Charlesworth, Dr. C. A. Meyer, Dr. R. A. Moser and C. A. Bennett.
