GRID SQUAD OFF ON GOPHER HUNT

Twenty-two Husker Warriors Will Be Escorted to 4:30 Train by Band

Varsity Badly Battered by Fighting Freshmen in Wednesday Scrimmage

The Cornhuskers leave for Minneapolis today at 4:30 p. m. The cadet band will escort the twenty-two grid warriors to the Burlington station and a large following of students will join on old Number One as the train pulls out. Several members of the squad, including Jobs, Schelly, Lyman, and Wade Munn, have not thoroughly recovered from the shock of the Hawkeye clash. Their condition Saturday will be a determining factor in the battle.

The muddy field slackened the speed of the football practice Wednesday. Nevertheless the varsity dashed through the Freshman lineup for two touchdowns in short order. Four stars were absent from the lineup: Hubka, Jobs, W. Munn and Lyman, but they are due to report for practice today and will make the Minnesota trip.

The varsity backfield had little trouble in pounding the Freshman line for consistent gains. Dale, Cyreanson and Wright found many sizable openings. Dobson made good gains around the ends and Howarth and Russell also added several yards. Smith was used at quarter and called the signals for a number of plays. The varsity lineup used by Coach Schulte was as follows:

- R. E. Kellogg, Anthes.
 - R. T. Bogue.
 - R. G. M. Munn.
 - C. Day, Triplett.
 - L. G. Jungmeyer, Pucelik.
 - L. T. Young.
 - L. E. Swanson, Dana.
 - Q. B. McGlason, Smith, Newmann.
 - R. H. B. Dobson, Russell, Beklins.
 - L. H. B. Henry, Howarth, Wright.
 - F. B. Dale, Cyreanson.
- The Freshman team is rapidly developing into a powerful machine. Martin, Perry and Hoy in the backfield pierce the varsity line for frequent gains yesterday. Strain at quarterback is an able general and brilliant open field runner. The line is exceptionally strong and on many occasions presents a stone wall to varsity attacks. These are the reasons why the first string men do not pile up heavy scores against the Freshmen. No games have as yet been scheduled but several prospects are in view and the yearlings will no doubt be matched with several colleges of the State Conference. Coach Riddell's freshman lineup includes:
- R. E. Kenworthy, Sherry.
 - R. T. Bassett.
 - R. G. Ball.
 - C. Nelson.
 - L. G. Weller.
 - L. T. Nixon.
 - L. E. Moore.
 - Q. B. Strain.
 - R. H. B. Hoy.
 - L. H. B. Martin.
 - F. B. Perry.

Ohio Marks Her Freshmen
Columbus, O., Oct. 8.—Freshmen without the official yearling skull caps will no doubt have a difficult time gaining entrance to Ohio field next Saturday, when Ohio State plays Ohio Wesleyan.

At a meeting Tuesday noon of the Boost Ohio committee, it was decided to reserve a section in the west bleachers for the first-year students, but no one will be admitted unless he wears will not be allowed to witness the game from any other seats.

The Boost Ohio committee went on record as favoring the appointment of members of Bucket and Dipper as a strong-arm squad to see that freshmen adhere to the rules and regulations adopted by Student Council and the committee.

"I would have written before, but I have been sick with a dog bite in the arm. The man that owns the saw-mill's dog bit me in the road."

This was a Greenwood county boy's excuse for not answering his sister's letter. Anybody would know it was a boy's letter, the girls write better English and the boys should. The composition sounds very much like that of a small boy who tried to explain to a fellow swimmer the best way to get rid of water in his ears. He saw how uncomfortable the man was and called to him in a friendly way. "Hey, mister, hop on the log that the car's got water in."—Capper's Weekly.

GEORGE DRIVER ISSUES REPORT OF EMPLOYMENT

During the period from September 8 to October 1, 160 men found part-time work through the employment bureau of the University Y. M. C. A. Of this number, fifty are working for board and room and room, forty-eight have permanent positions for cash remuneration and sixty-two have been given temporary employment. Allowing \$26 per man for board and \$34 for board and room the total amount earned by these men during the period mentioned was \$2752.80.

This employment service will continue throughout the year and all University men who wish to help pay their expenses are invited to make use of it.

INSTRUCTORS ARE IN GREAT DEMAND

Crowded Classes Are a Feature of Universities Throughout the Country

The unusually heavy registration at the university this fall, coupled with the extreme difficulty in obtaining a sufficiently large faculty has caused some complaint. In reference to this, Dean P. M. Buck of the College of Arts and Sciences has issued the following statement:

"There have been good grounds for complaint on the part of both students and faculty owing to the quite unexpected heavy registration particularly in the freshman classes this fall. Many classes have been uncomfortably crowded, instructors have found themselves overworked and students confused by the frequent shifts necessary in the schedules owing to new classes being formed. Particularly has this congestion been apparent in the departments of mathematics and the modern languages. As rapidly as possible the authorities of the university have been supplying the need of instructors, but at best it is going to be difficult to find persons qualified to do the work in a perfectly satisfactory manner. Even after every possible gap has been filled, students will find at least for this semester that the classes will be crowded and many will be the discomforts due to the working under adverse conditions.

"Undue criticism, however, should not be indulged in, even though circumstances here at the university are not perfectly ideal in all departments. Every university in this country is going through the same difficulties. A telegram was recently sent to the University of Nebraska asking for an instructor in English. The reply came the same day: 'We need six instructors ourselves. Sorry we cannot help you.' The university of Michigan reports five hundred freshmen in Spanish whom the instructors are unable to take care of. Some of the classes run to one hundred or over. Fortunately here in Nebraska conditions in neither of these departments are not so serious as at the larger universities named. Practically every department in every university which gives a course open to beginning students is feeling the pressure of numbers. Steps are being taken now to meet the demand. Qualified instructors are being called as rapidly as their services can be secured. It may take even a year to find conditions stabilized. In the meanwhile students, faculty, patrons and the public in general should be patient. Authorities of the university are not going to allow the needs of the students to be neglected. They are doing the best they can to meet the difficult situation."

STUDENTS GUILTY OF HAZING FRESHMAN GET JAIL SENTENCES

Christiansburg, Va., Oct. 7.—Four students at Virginia Polytechnical Institute were found guilty of assault by a Montgomery county jury last night because of participation in a hazing episode at the school last spring, and Bernard Sigel of Newport News, one of the number, was sentenced to a year in the penitentiary. John Fox, a freshman at the institute at the time testified during the trial that injuries he sustained at the hands of the four, who were sophomores, resulted in paralysis of his spine.

The three other students received respectively sentences of six months in jail, thirty days in jail, and sixty dollars fine.

Fox said that Sigel had pounded him in the small of the back with a bed slat, and that the other three did the same but had not used so much force.

TRACK MEN SHOULD START FALL TRAINING

Lack of Equipment Has Hindered Plans for Early Work

Several Old Stars Have Purchased Own Suits and are Digging the Cinders

Track men who cherish genuine desires to accomplish something on the cinder path are being urged to start the fall training at once. The man who will win honors in the 1920 season, according to Coach Schulte, Assistant Coach Schissler, and Captain McMahon, will be the one who has taken advantage of the fall period.

The opening proper of the autumn training season has been delayed at Nebraska by a lack of equipment. Only those who owned or bought their own suits have been on the track so far. Several of the old timers have procured their outfits and have been working for two weeks. Glen Graf may be seen most any afternoon stretching out and getting that stride in trim which will carry him over the mile and two mile courses next spring. Captain McMahon has also been sharpening his spikes out on the track.

Many men with track aspirations have inquired when they should get to work. Coach Schulte has been telling them that they couldn't hit the trail too quickly. Reports from nearly every other large university in the country tell of a large squad out for the fall work. At Nebraska so far this year only a few of the veterans who realize the value of fall and winter work have started training. One of the men remarked the other day: "Some of these birds think that just because they won a few races in high school they can step out some time next May and clean up the Valley."

Assistant Coach Schissler said last night that the men who make good next season will start training now. "The fall work adds another season to their experience," Schissler declared.

Coach Schulte is known all over the country as the man who produced Simpson and Sylvester and has turned out winning track teams at Missouri year after year. He said on arriving in Lincoln, "Nebraska should have 200 men out for track. We always had more than a hundred at Missouri." When told that there were seldom more than twenty-five or

CONVOCAION

At Convocation this morning in Memorial Hall, Gov. McKelvie will speak on the subject of "A Responsible Form of Government." This is the first time Governor McKelvie has spoken on this subject in Lincoln and it is of special interest just now when the re-organization of the state government under the new Code Bill is being considered.

R. O. T. C. ORGANIZED IN TEMPORARY UNIT

Departments of Infantry, Artillery and Motor Transport Formed in Military Department

The R. O. T. C. has undergone a temporary organization to officers, non-commissioned officers and companies. The selection of officers was made for instruction and is subject to change at any time by the heads of the department. It is probable that men now in the ranks may be chosen to replace instructors who are found incapable of holding the positions to which they are now assigned. A great number of ex-service men are in the ranks and may later become officers and non-commissioned officers. This will be a means of acquiring the best leadership available in the department.

The department announces that three batteries of artillery and twelve companies of motor transport and infantry combined have been formed up to the present time. Last year's officers are at present instructing these organizations in military fundamentals.

The artillery unit has a complete equipment for instructing in this branch of the R. O. T. C. Among the numerous pieces of artillery are a complete 3-in. battery, one American, one British and one French 75-mm., one 4.7 rifle, one 155 G. P. F. rifle, one 155 Howitzer, complete equipment as to caissons, repair and store wagons, tractors (5-ton type), and field radio sets.

With these facilities for instruction and with the instructors which have been assigned for duty at the University the R. O. T. C. here should be able to compete with any like organization in any of the schools in the country. The ranking officers represent both field artillery and infantry, coming from the best military schools in the world and possessing a thorough knowledge of their duties. Individual co-operation of the men with leaders of the organization will mean that the unit will no doubt credit itself in the eyes of military men throughout the country.

American Legion Meets Tonight 7:30 in Memorial Hall

A meeting of the university post of the American Legion has been announced for Thursday evening, October 9th, at 7:30 in Memorial hall. Delegates to the state convention will be elected. Only paid-up members will be allowed to vote as the number of delegates depends upon the number in the post. It is hoped that a large number of those who gave their names at the Tuesday meeting will pay their dues promptly. Professor Brackett, the treasurer, will be on hand at the beginning of the meeting to receive subscriptions.

Payment of membership dues will also be received on Thursday afternoon between 2:00 and 6:00 in Dean Buck's office, U-101. The fees are fifty cents a member.

SEND-OFF FOR FOOTBALL MEN AT B. & M. STATION

Instead of a rally tonight as was announced by mistake in yesterday's issue of the Nebraskan, there will be a peppy send-off of the team at the Burlington station at 4:30. The band will be there to instill a running-over amount of fight in the two dozen men who will represent Nebraska at Minneapolis. All loyal Huskers will be there to join in the cheering that will send the players off with confidence and the knowledge that the school is behind them.

SCHOLARSHIP OFFERED TO UNIVERSITY GIRL

Lincoln Branch of the Association of Collegiate Alumni to Give \$100

The Lincoln branch of the Association of Collegiate Alumnae offers the scholarship of one hundred dollars to a sophomore or junior girl in the university.

The following rules are laid down by the association:

1. When she holds the scholarship she must be either a sophomore or a junior.
2. An applicant must have been and be wholly or partly self supporting.
3. An applicant must have some interest in general school activities as well as a high scholarship average.
4. Every applicant must fill out a regular application blank which may be obtained from Dean Buck.
5. Every applicant must fill out a references. Three of these should be from persons on the campus and the other two from persons not connected with the university.
6. The same person may not hold the scholarship for more than one year.
7. Applications for the year 1919-20 must be in the hands of Dean Buck by October 17. These applications should be accompanied by a transcript of credits for the year preceding and by letters of recommendation.

CHERRINGTON GIVES CHALLENGE TO MEN

Says Nebraska Should Send Over Two Hundred Men to York

"It looks impossible but it can be done," declared Mr. Ben H. Cherrington at the mid-week meeting of the university Y. M. C. A. at the Temple, Wednesday night. "I challenge you men to get together and sweep two hundred men down to York for the State Conference. There is a great opportunity in the convention. It brings the best speakers to the college men of Nebraska. J. Stitt Wilson, a man better known in England than in America, will speak. No man can picture the meaning of the war better than Mr. Wilson. 'Dad' Elliott, the great leader of college men will also address the convention. Such men as O. E. Pence of New York, H. S. Elliott and 'Con' Huffman will be included in the program. Every college man should attend."

Mr. Cherrington was graduated from the Nebraska university in 1911. He has been general secretary of the Y. M. C. A. at the University of California and is now International Secretary of the Rocky Mountain district. All Nebraska alumni in California are making good, he declared. Their interest in Nebraska has not died and they get together for dinner when ever Nebraska wins an important football game.

Speaking on "Some Great Student Issues," Mr. Cherrington said that college life had been turned upside down by the war, the S. A. T. C. and the influenza and as a result was very unsettled. Any spirit can be established now. The spirit of democracy must hold forth, he declared. The condition of the world is also unsettled. Europe, worn out with war, is looking to the college men of America for aid. According to Edlison the world has moved forward two hundred and fifty years during the war. As a result we are all "Rip Van Winkles. We do not know what has happened and we must see what we can do.

"Democracy means Christian democracy," Mr. Cherrington declared. "College men must be saturated with the spirit of democracy. Fraternities must comply with this spirit. University men must be intelligently informed of world affairs."

AMERICAN LEGION TABOOS POLITICS

University Post to Keep Out of All Partisanship in Future

Dean O. V. P. Stout is Elected Commander of University Post for Two Months

The University American Legion in its opening organization meeting Tuesday evening came out flatly against politics or anything smacking of partisan issue. Nearly two hundred ex-service men were in attendance.

The meeting was held in the west hall of the Armory. Members of the faculty led by Dean Philo M. Buck urged the organization of a university representation in the national organization and formed a charter organization.

Chancellor Avery, who was a major in the United States army during the war, spoke. Dean Buck was chairman. War veterans among the faculty and student members were called on, these including Harold McGlason, football star who won a Croix de Guerre overseas, A. V. Ralston, an overseas flyer, the University's only ace, and "Bill" Day, former naval lieutenant.

The meeting was called to elect officers. To expedite matters it was decided by unanimous consent to appoint a nominating committee who would select the post commander, assistant post commander, post adjutant, treasurer and executive committee. The committee reported and the officers were named as follows: Post Commander...Dean O. V. P. Stout Deputy Post Commander...A. R. Ralston Post Adjutant...H. L. Hubbell Treasurer...Professor Brackett Executive Committee...

Dean P. M. Buck, Chairman C. J. Frankforter, William Day, Harold McGlason, and Oakley Cox Rising at this moment, a student present questioned whether it was in the keeping of the traditions of the Legion to permit its first officers to be appointed rather than elected by popular ballot. The speaker explained that he meant nothing against the officers already named. A wrangling argument ensued.

Finally on motion of John Riddell, freshman coach, who deplored with others who had spoken extemporaneously, any introduction of partisan attack in the meeting, demanded that the question be voted on pro or con. The Legion voted for retaining the officers already chosen.

On suggestion of the new assistant commander, A. R. Ralston, who presided in the absence of Dean Stout, a motion was made and passed limiting the term of office of the present officers to two months, at the end of which time the Legion members, knowing their comrades better, may re-elect them or elect others as desired.

"I'm satisfied with the way things turned out," Dean Buck said. "The boys have shown that they will keep the Legion clear of politics."

The Chancellor made a spirited speech in which he reviewed briefly the three great wars in which Americans have participated in the last fifty years and the soldier organizations, meaning for closer comradeship and better citizenship, that had grown out of the fields of battle.

The membership campaign is now on.

IT ISN'T NEBRASKA COLLEGE—IT'S YOU
If you want Nebraska college to be like the kind of a college you like, You needn't pack your clothes in a grip, and start on a long, long hike.

For you will only find what you left behind, it isn't your college. It's YOU!

Real colleges are not made by men afraid lest somebody else get ahead.

But if everybody works and nobody shirks, you can raise a college from the dead.

And if while you make your personal stake, your colleague makes one too, Your college will be what you want it to be,—it isn't your college, it's YOU!

"I'm sorry that I cannot finish my shortcake," said the guest at the dinner table.
"So am I," replied the host. "You've wasted just about 80 cents worth."—Detroit Free Press.
