

# THE DAILY NEBRASKAN

VOL. XIX. NO. 28.

LINCOLN, NEBRASKA, FRIDAY, OCTOBER 24, 1919.

FIVE CENTS PER COP.

## NO DEFINITE ACTION ON SUGGESTED RULES

### Pan-Hellenic Council Only Holds Discussion—No Ultimatum Given

The suggested rulings for women students of the university, and for sorority women in particular, which were published in the Daily Nebraskan on October 23, were first hotly debated at the meeting of the Pan-Hellenic council Wednesday afternoon but no definite action was taken.

A statement Thursday morning from Miss Marguerite McPhee, chairman of the Pan-Hellenic council, corrected the Daily Nebraskan in the announcement that the suggested regulations were ruling from Miss Amanda Heppner, dean of women. Miss Heppner was present at the meeting Wednesday but acted only in an advisory capacity in making suggestions.

In this respect it becomes evident that an injustice was done Miss Heppner in the use of the word "ruling" instead of "recommendation" and the use of the word "ultimatum" in as much as the final action rests entirely with the council.

Miss Heppner, it is stated, is charged with the duty of enforcing university regulations and is secretary of the student activities committee. Her duties are entirely separate from the Pan-Hellenic board or council. As secretary, she announces the ruling of the committee for the government of women students and is responsible for the enforcement of such rules.

#### Discussed Rules

The regulations on hour dances and mid-week engagements were discussed by the Pan-Hellenic council as published in the Daily Nebraskan but no final nor definite action was taken except in the matter of mid-week engagements for freshmen girls.

The suggestions contained in the article published yesterday, had brought considerable discussion in Pan-Hellenic circles and were a common topic of conversation on the campus Wednesday night. The statements as published, have been construed to mean that these rulings were issued by Dean Heppner and that she was responsible for their suggestion and their enforced adoption in the future. Such a construction was unfortunate and was not intended.

## MONKEY ROBES AND CAT HATS PARIS' LATEST

De Luxe Shining Parlors Charge \$20 to Clean Leather Garments

PARIS, Oct. 4.—Monkey skin robes and cat hats are the newest fad launched by leading dressmakers boosting the leather garment fashion for this winter.

Tremendous prices are asked for garments made of monkey skin and fashion creators are wondering where they will get monkeys if the style becomes popular. Leather trimmed tailor made dresses, hats and coats were in evidence yesterday at the horse racing owing to cool weather.

Women find difficulty keeping garments fresh and clear, as they get dull and rusty looking after auto-mobiling. Consequently Rue de la Paix shops for women decided to open a sort of de luxe shining parlor, where suits, and coats will be cleaned and shined at \$20 for cleaning skinned leather sets and \$50 for coats.

At Biarritz chic males who don't wear monocles at any other time put one in their eye during the bathing hour, just before noon.—Copyright 1919

Even if you are in good health, the length of your life is as uncertain as a consumptive's.

## FRESHMEN CLASS MEETING

The class of 1923 held its first meeting at 11:30, Thursday morning, in room 101 of the Law building. At the first meeting, Glen Hopkins '20 explained the Olympics to the freshmen, while the remainder of the meeting was spent in electing officers. The following were elected:

- Vice-president, Emma Cross.
  - Secretary, Francis Colton.
  - Treasurer, Joe Iverson.
  - Sergeant-at-Arms, Farrar.
- President Tefft announced the following as the Olympic committee:
- Dan Lynch, Chairman
  - Joe Ryans
  - C. N. Brown
  - Fred Haecker
  - Robert McAndias
  - Lowell Roberts
  - Paul Hackenburger

## BRILLIANT WORK WINS PROMOTION FOR FORMER NEBRASKAN

M. L. Poteat, a former student of Nebraska University, has jumped within the short period of five months from manager of the Omaha branch of the Firestone Tire and Rubber Company ship-by-truck department at \$150 a month to manager of the company's ship-by-truck department at Akron, Ohio, at \$10,000 a year. He will have direct charge of the entire thirty-nine ship-by-truck stations of the Firestone company west of Cleveland.

While in the university Mr. Poteat was business manager of the Daily Nebraskan and of the Cornhusker. He served two years in the army in France, and after his return home, became manager of the Omaha ship-by-truck bureau when it was first established, last June. He perfected a network of truck routes out of Omaha and extending through other towns in his territory.

Through co-operation with trucking companies it was possible to speed up transportation by truck considerably.

## EIGHT WISCONSIN COLLEGES JOIN IN \$5,000,000 DRIVE

The Wisconsin Colleges, Associated, announced last night that it intends to make a drive for \$5,000,000 between Oct. 24 and 31, for the benefit of Beloit, Campion, Carroll, Lawrence, Milton, Northland, and Ripon colleges, and Milton university, all in the Badger state.

The Chicago district committee, with headquarters in the Hotel La Salle, comprises J. Ogden Armour, Dr. Frank Billings, H. M. Byles, W. R. Dawes, Charles L. Dering, Dr. John M. Dobson, Bishop Samuel Kellogg, Charles W. Folds, George J. Haight, Kemper K. Knapp, Frank G. Logan, Judge J. P. McGoorty, John Montgomery, John V. Norcross, Prof. Rollin D. Salisbury, Frederick W. Upham, John E. Wilder, and Lynn A. Williams.

The money is to be used for larger salaries for teachers—some of whom get but \$700 a year—larger and more competent faculties, new buildings, and endowment funds. Money is to be raised by contributions; the first payment is due Dec. 1, the balance to be paid in four semi-annual payments.

The eight institutions are denominational and non denominational, Catholic and Protestant groups. They had nearly 9,000 students and alumni in the service during the war.

Robert B. Waring, '17, recently discharged from the service, was a guest of Silver Lynx Wednesday. This is Mr. Waring's first visit to the University since his graduation. He is now practicing law at Geneva.

## JAYHAWKS AND HUSKERS BREAK

### Homecoming Game November 15th Will Be Played as Scheduled

LAWRENCE, Kans., Oct. 23.—At a meeting of the athletic board of Kansas University this afternoon, it was decided to cancel all future athletic relations with the University of Nebraska on account of Nebraska's recent withdrawal from the Missouri Valley conference. The Homecoming game that has been booked with the Huskers will be played according to schedule, November 15, but after that date the Jayhawkers and Huskers will not mix in sports of any kind unless other arrangements are made.

Provost James T. Lees although not officially informed of the break between the two universities, believes the reason for the action to be Kansas' wish not to engage in sports with an institution that is not governed by Missouri Valley conference rules. This is the second time the Cornhuskers have broken with the Sunflower state institution. In 1904 a dispute over eligibility rules led to a severance of athletic relations.

## UNITED AG MIXER IS SCHEDULED FOR TONIGHT

The Ag Club party will be held this evening in the Armory. All students of the College of Agriculture are particularly urged to come.

During the earlier part of the evening the following program will be given:

- Palladian Quartet.
- Vocal solo—Margaret Perry.
- Clarinet solo—Edward Fisher.
- Reading—Clarence Frobel.
- Violin solo—Clarence Frobel.
- Dancing will follow the program.

## Large Corporation to Produce Educational Films for Schools

An expansion of the activities of the Educational Films Corporation of America, with the capital and prestige of the Hudson Bay company of London, England, as a dominant factor, and with more powerful foreign and domestic connections established by a merger with two other organizations, is to be the growth of the educational organization resulting from Vice President E. W. Hammons' trip to Europe this summer.

The amalgamation of interests centers in the formation of a new holding company to be called the Alliance Film Securities corporation, of which Mr. Hammons is president. The new company will operate the three organizations involved in the transaction under the name of the Educational Films-Corporation of America, as formerly. The capital of the new combination is \$2,500,000. The new organizations which are to be included in the merger are the Far East Film corporation and the Coronet Film corporation.

While Mr. Hammons would neither confirm nor deny some of the details regarding the expansion of the educational interests, reliable information indicates that the scope of the deal is even greater than appears on the surface. It is known that while in Europe this summer Mr. Hammons was in consultation with great financial interests and his return brought forth the statement that the details of an important transaction would soon be ready for announcement. The merger, with the backing of the Hudsons Bay company is the result.

The Hudson's Bay company was founded in 1670. The scope of its activities at the present time includes industrial connections in every part

## JUNIOR CLASS ELECTS OFFICERS

The Junior class takes the Prize for the shortest and snappiest meeting of the year at which the following officers were elected:

- Ruth Lindsay, vice-president.
- Ruth Henderson, secretary
- John Pickett, treasurer
- Edward Lamphere, sergeant-at-arms.

The meeting was called by the president, Clarence Swanson, promptly at 11 o'clock and was over in six minutes. After a brief discussion of possible inter-class football contests the meeting adjourned.

## STUDENT COUNCIL CALLS FOR REPRESENTATIVES OF ALL ORGANIZATIONS

To discuss the matter of mid-week town parties, the Student Council calls all organizations to send their president or another representative to meet with them Sunday afternoon, November 2. This action was taken at the regular meeting of the council Thursday night.

By all organizations is meant every fraternity, sorority, literary society, and clubs of all kinds. It is urged that each representative obtain the sentiment of his organization on this proposition before assembling.

## CIVIL ENGINEERS HOLD MEETING THURSDAY

The Civil Engineering Society met Thursday evening in Mechanic Arts Hall. Talks on state and county highway engineering work were given by Harold Doremus and Paul Olson. Professor R. E. Davis, who was Assistant Chief of the Western Division, Bureau of Military Information, during the war, gave an interesting talk on the work of that department in gathering useful military information in the western states.

## HUSKERS IN PRIME CONDITION FOR SOONER BATTLE SATURDAY

Oklahoma Will Bring a Confusing Assortment of Trick Plays and a Line Averaging 202 Pounds From Tackle to Tackle

Omaha is Making Extensive Preparations to Royally Entertain the Hundreds Cornhusker Rooters Who Will Make the Trip

THE LINEUP			
Nebraska		Oklahoma	
Players	Weight	Position	Players

Dobson (C)	175	R H B	McDermott
Wright	170	F B	Swatek

## Y. W. C. A. WILL END MEMBERSHIP CAMPAIGN IN HARD TIME PARTY

Calicos, patches and rags, that your brother outgrew, gems of glass and jewelry of brass, or anything to be found in the attic or junk pile will be in vogue at the Y. W. C. A. "hard time" party in the armory from three to five Saturday afternoon. This is the closing feature of the Y. W. C. A. membership campaign now in progress.

The "hard time" party is for all the blue triangle girls, old and new members. It will be an opportunity for them to get acquainted.

The Y. W. C. A. people are looking forward to this party as a jubilee winding up the campaign, which to their reports, is getting many new members.

## ROOSEVELT CONVOCATION WILL BE HELD TUESDAY

Professor Grumman is planning for a Roosevelt Convocation at 11 o'clock next Tuesday. Regent F. N. Johnson of Omaha will deliver an address on "The Life of Theodore Roosevelt." He will be introduced by Chancellor Avery.

## DR. HUNTER RETURNS FROM WESTERN TRIP

Dr. A. C. Hunter returned Monday from the Curtis School of Agriculture which serves as an experimental station for Frontier county. She went overland by automobile through Frontier and Lincoln counties to North Platte and there looked over the experimental farm and herds. She reports that they are doing splendid work in the loess region. She then went to Scotts Bluff where the university has a piece of land for a proposed school of irrigation. The university also cooperates for the United States experimental farm eight miles north of Scotts Bluffs. Nearly forty alumni reside in Scotts Bluffs county. Dr. Hunter visited at Valentine where the university has an experimental farm in the sand hill region. Superintendent E. M. Brouse who was formerly with the extension department at the farm is located there.

Phi Kappa Psi announces the pledging of Horace Taylor of Sheridan, Wyoming.

Our highest ambition is to see our Arrow Collar man match up with one of the Saturday Evening Post front-cover women.

With the squad in good physical condition, the backfield strong and speedy, and Oklahoma's trick plays mastered, Coach Schulte's warriors confidently await the blowing of the whistle at Rourke park Saturday afternoon. The Freshmen were unable to gain on the Varsity last night with any of the Sooners' flashy formations. The Oklahoma men will arrive in Omaha likewise overflowing with confidence and a snappy battle is bound to result.

The Husker backs will charge the beefiest line that they have yet encountered. Two hundred and two pounds will be the tackle to tackle average of the Sooner line and this weight should stop the most terrific battering ram. Whether or not the Cornhusker interference can break up this strong opposition will be demonstrated when the two teams meet tomorrow. Schulte's men will be on the lookout for all kinds of wily tactics and the most deceptive formation should not catch their napping. Oklahoma will no doubt be willing to take any chance on a play and if one bit of Sooner cunning is successful it may spell ruin for the Cornhusker hopes.

Over twentyfive hundred Lincoln fans are expected to make the trip to Omaha. The majority of these will be students of the university who believe that the appointed hour has arrived for the Cornhuskers to win a football game and who want to be present at the contest.

A trip to the Nebraska metropolis is always desirable and the added attraction of two big football contests will draw a large number of enthusiastic Cornhusker supporters. Omaha citizens are making extensive plans for the entertainment of the visiting Lincolinites. An all-university dance at the Ak-sar-ben Den in the evening will be a fitting climax to the day's events.

Ernest C. Quigley, well known football official, will referee the Husker-Sooner clash. Quigley has been refereeing important games for years and his selection assures a fast, snappy game. Anderson of the Kansas City Athletic Club will be umpire; Reid of Michigan will act as field judge and Wyatt of Chicago holds down the job of head linesman. These are all competent officials and their decisions will be correct and impartial.

The Husker outfit will embark for the scene of battle early Saturday morning. Final practice will be held on the local field this afternoon. This assures the men a good rest tonight and the morrow will find them fresh and ready for battle.

Fat Lady—I would like to see a waist that would fit me, please. Clerk—So would I, lady.—American Legion Weekly.
