

**WITH NEBRASKA "AGS"**

The Nebraska Dairymen's Association will conduct a butter contest in connection with its thirty-fifth annual meeting at Lincoln January 21, 22 and 23. Professor J. H. Frandsen, head of the University Dairy Department, has contributed a silver loving cup, which is to be competed for annually by buttermakers in Nebraska. Entry blanks may be obtained from J. E. Palm, Lindell hotel, Lincoln, or Prof. J. M. Frandsen, College of Agriculture.

**NATIONAL FARMERS' LEADER COMING**

J. R. Howard of Clemons, Ia., president of the National Farm Bureau Federation and of the Iowa State Farm Bureau, will address the annual meeting of the Nebraska Farm Bureau Association at Lincoln, Friday, January 23. The Nebraska Farm Bureau Association is composed of fifty county farm bureaus. Many important questions will be taken up at the annual meeting and all farm bureau members in the state who can possibly attend are urged to do so. The meeting will be during the week of Organized Agriculture, when twenty or more organizations of farmers and breeders will meet in Lincoln.

**LABOR AND TIME SAVING DEVICES FOR THE HOME**

Many of the things that go to save time and labor in the house can be owned by every housekeeper no matter how limited her funds may be, says a new house management circular of the Nebraska College of Agriculture, called "Labor and Time Saving Devices." It makes many good suggestions as to how the average farm woman may materially lessen her numerous labors. The circular is especially useful for women's clubs studying problems of home-makers, and an outline has been made of the circular for the use of such clubs. This circular should be in the hands of every home-maker. Ask for house management circular No. 15.

**FILIPINO SHIP IN NAVY**

Very few people know that a Filipino ship in the navy. It is a destroyer named after a famous patriot, of the islands, which is manned almost entirely by Filipinos. The ship is the U. S. S. Jose Rizal, built at a ship-building yard on the Pacific Coast, and now attached to the United States' Pacific Fleet.

There are Filipinos on almost every vessel in the navy; although their ignorance of our language prevents their entering any except the very lowest grades. They are most ambitious, and spend much of their spare time studying.

The destroyer Rizal has been manned by Filipinos who have spent time in the navy and who have made the best of their opportunities.

**RESPONSIBLE POSITION GIVEN TO NEBRASKA MAN**

Byron J. Arnold, a former university student whose home is at Ashland, Nebr., has just been given an important public assignment at Jersey City, N. J.

His work will be to help in a city plan which is being worked out in connection with important civic developments being initiated there at this time, according to information received by Secretary Whitten of the Lincoln Commercial Club.

**SON OF DEAN HAMMOND OF CORNELL GUILTY OF FORGING CHECKS**

New York, Jan. 5.—Charged with violating his parole by forging checks, committing thefts and getting drunk, Donald Hammond, 24-year-old son of William Hammond, dean of Cornell University, was sentenced today to a term of three and one-half to seven years in state prison.

Hammond was placed on probation under a suspended sentence last August after he had pleaded guilty to forging a check for \$2,000 in the name of Norman Bradford Jr., a wealthy Newport, R. I., clubman.

Life in Canada too tame  
Hammond's escapades since being placed on probation took him to Atlantic City, Maine and New Hampshire. Finally, his friends virtually deported him to Canada in an effort to make him "go straight."

The life in Manitoba proved too tame for him, however, and he went to Boston, where he stole \$15,000 worth of bonds, pleaded guilty in the name of an alleged murderer he met in the Tombs Prison, and succeeded in obtaining a suspended sentence under that name.

Hammond has a long war record. He enlisted in the Canadian army in 1914, and was wounded at Ypres. He came back to this country without being discharged and later returned to England, where he joined the Royal Air Force, and was again wounded.

His fraud victims are said to include a number of society people in New York, Newport, and Atlantic City.

Cultivators of the earth are the most valuable citizens. They are the most vigorous, the most independent, the most virtuous; and they are tied to their country and wedded to its liberty by interests by the most lasting bonds.—Thomas Jefferson.

If father has to be "shown" that the distance from the kitchen to the pantry and the pump and the cellar and the dining room is too far, steal a march on him by buying that little machine called a pedometer, and measure your steps for a day or a week.

**HUSKERS NOT BUYING BASKETBALL TICKETS**

(Continued from Page One)  
son must be a financial success. The team is the best Nebraska has ever had. Financial support is all that is needed to complete an excellent season. But this is always one of the most important parts of any sport and unless there is a decided change in the ticket sale the basketball season is doomed.

**TWO HUNDRED HEAR CONVENTION REPORT**

(Continued from Page One)  
the spirit of brotherhood which had prevailed at the convention and pleaded for more of it on the campus. She said that Nebraska had sent sixty missionaries to the foreign fields. Ne-

braska ought to do more to advance the fellowship spirit for other nations and races, the speaker concluded.

Mary Sheldon, speaking on the subject, "Adequacy of the Christian Religion," said "A Religion which creates a spirit that sends out men and women to devote their lives amid dangers and hardships to the service of their fellow beings, is surely adequate to the demands of society." She cited as proof of the adequacy of the Christian religion the fact that wherever the standards of Christ are carried non-Christian peoples are flocking to them.

"Non-Christian Women" was the topic of a talk by Ruth Hutton. She said that among non-Christian peoples the woman is considered inferior to the man. Christ teaches us the religious capabilities of woman; womanhood is being wasted. There are in the world today 600,000,000 women who are il-

literate and without medical knowledge. Stating that the situation was far from hopeless the speaker cited examples of the magnificent work done by educated women of Non-Christian nations. She closed with a plea for unselfish service, saying "Are we going to fall down on the job and leave it half done?"

Preceding the serious part of the meeting "Jimmie" Wilson led the crowd in "U-U-U-N-I." A little of the humorous part of the delegates' trip was given in the new yell or cry "Cookoo."
